"KENTUCKY ATHLETIC DIRECTIONS"

The Kentucky High School Athletic Directors' Association held its 9th Annual Conference last April 25-27 at the Louisville Inn in Louisville.

The following topics were discussed:

"Certification of Para-professionals in Coaching"

*"Recruiting of the High School Athlete
and N.C.A.A. Rules"*

"Academic Advisors and the High School Athlete"

"Faculty and Student Trainers"

This was our biggest conference. Our exhibitors donated some outstanding door prizes. Each region throughout the state also donated door prizes.

The National Athletic Directors' Conference will be held in Anaheim, California December 15-18, 1985. We are hoping that a large number of athletic directors from Kentucky will be able to attend.

K.H.S.A.A. President

From the Commissioner's Office

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at Barkley Lodge, Cadiz, Kentucky, on Friday, July 19, 1985. The meeting was called to order at 9:00 a.m. by President Eldon Davidson. Present were all Board Members, Commissioner Tom Mills, Assistant Commissioners Brigid DeVries and Louis Stout. Also present was Julian Tackett, Sports Information Director and Lloyd Redman representing the State Department of Education. The Invocation was given by Bob Rogers.

Frank Welch made the motion, seconded by Chester Turner, that the minutes of the April 19th Board Meeting be approved. The motion passed unanimously.

Chester Turner moved, seconded by David Webb, that the minutes of the Called Meeting of June 14-15, 1985 be approved. The motion carried unanimously.

President Davidson gave a brief report on his attendance at the National Federation Meeting held in Lexington, Kentucky. He stated that visiting states had commented on the Hospitality Room hosted by the K.H.S.A.A. Board of Control and Staff. He also stated that he enjoyed the many good speakers and programs.

David Webb moved, seconded by Tony Olinger, that Patrick Crawford be elected President of the Board for the 1985-86 school year and that Chester Turner be elected Vice President. Mr. Crawford and Mr. Turner were elected by acclamation. Mr. Davidson then turned the meeting over to Mr. Crawford.

President Crawford called on Bowling Green to make their presentation to the Board regarding their bid on the

1987 Girls' State Basketball Tournament. Making presentations were Pam Hereford, representing Western Kentucky University; Horace Shrader, Bowling Green Tourist Commission; Jim Holton, Bowling Green-Warren County Chamber of Commerce; Gene Gibson, Western Kentucky University; and Gerald Borders, Greenwood, Executive Inn.

Following a brief question and answer period, Chester Turner made a motion, seconded by Ray Story, that the 1987 Girls State Basketball Tournament be held in Bowling Green. The motion carried unanimously.

President Crawford then called on representatives of Lexington and Louisville who had requested to appear before the Board to present proposals regarding the 1987 Boys' State Basketball Tournament sites. Following presentations by Lynn Ashton, Account Executive of the Louisville Convention & Visitors Bureau, and Jim Sauer of the Kentucky Fair & Exposition Center, Louisville; and Mayor Scotty Baesler, John Alexander, Tom Minter, Jim Smither, Doug Gibson and Ralph Hacker of Lexington, Chester Turner moved, seconded by Ray Story that the Board of Control go into Executive Session. The motion carried unanimously.

Following a lengthy Executive Session, Chester Turner made the motion, seconded by Tony Olinger, that the Board go back into Open Session.

Chester Turner made the motion the site of the 1987 Boys State Basketball Tournament be in Lexington. Ken Tippet seconded the motion, which carried by a vote of 9 in favor and 1 abstention (Webb). President Crawford thanked the Lexington and Louisville representatives for their interest and presentations.

President Crawford appointed the following committees:

The Board adjourned for lunch.

Following a lunch break, President Crawford called on Principal Bill Van Winkle of Owensboro High School who had requested to appear before the Board to appeal the decision of the Commissioner regarding Maurice White, a student who was in violation of By-Law 32, Post-Season and All-Star Games. Basketball Coach Randy Embry also appeared before the Board. Following their presentations and questions by Board members, David Webb made a motion that By-Law 32 be waived in this case and Maurice White's eligibility be restored, but that he be placed on probation for the 1985-86 school year. Ray Story seconded the motion, which carried by a vote of 9 in favor and 1 opposed.

Commissioner Mills distributed a new Foreign Exchange Student Transfer Form he had developed to be used beginning with the 1985-86 school year. He asked for comments by the Board members. Following a discussion of same, Ray Story made a motion that the Foreign Exchange Student Transfer Form be accepted for use as presented. Frank Welch seconded the motion, which carried unanimously.

Commissioner Mills recommended a new procedure for distribution of basketball tournament tickets to member schools. Ray Story moved, seconded by Frank Welch, that the new procedure be approved on a one-year trial basis. The motion carried unanimously. Commissioner Mills stated that the order forms would be mailed around September 1.

Mr. Mills presented a request received from Principal Prentice Stanford that Monroe County High School (formed through the consolidation of Gamaliel and Tompkinsville High Schools) be permitted to remain in Class A in football through the remainder of the present classification period. Following a discussion of the request, Ray Story moved, seconded by Tom Buchanan that Mr. Stanford's request be denied. The motion carried by a vote of 8-1 with David Webb abstaining.

Assistant Commissioner Stout presented the following

tournament sites to the Board for consideration:

Baseball - Elizabethtown High School
Cross Country - Kentucky Horse Park
Softball - Lyndon Park, Louisville
Soccer - Jeffersontown High School
Wrestling - Atherton High School

Ray Story made a motion, seconded by Grant Talbott, that the tournament sites be accepted as presented. The motion carried unanimously.

Asst. Commissioner DeVries distributed a Track realignment which would be presented to the All-Sports Committee for consideration and approval.

Commissioner Mills presented a letter from Mr. Ernie Denham, Executive Director of the Kentucky Golf Association, requesting that the Board change high school golf season from Spring to Fall. Following a lengthy discussion by the Board and due to the fact that the Board is very concerned about the loss of school time not only for golf but all other sports as well, and the fact that the 1985-86 calendar has been changed to prevent the loss of school time, Frank Welch moved that golf remain a Spring sport at this time. Chester Turner seconded the motion, which carried unanimously.

Sports Information Director Julian Tackett requested that schools submit suggestions to be included in K.H.S.A.A. publications for High School Activities Week which will be in October. He will be mailing packets regarding same to the high schools in the near future.

It was decided that the Official Board of Control Handbook be voted for acceptance at the next meeting which will be held on October 11, 1985 at the K.H.S.A.A. Office. Any appeals would be heard on Saturday morning, October 12.

There being no further business, Charlie Wilson moved for adjournment. Tony Olinger seconded the motion, which carried unanimously.

ANNUAL MEETING FOOTBALL ASSIGNING SECRETARIES May 13, 1985

The Annual Meeting of the Football Assigning Secretaries for the Kentucky High School Athletic Association was held at the Association Office, 560 East Cooper Drive, Lexington, Kentucky, on May 13, 1985. The meeting was called to order at 9:00 a.m. by Billy V. Wise, Executive Assistant. Those answering roll call were:

Western Kentucky	Joe Russell
Big Eight	Harold Mischel
Mid-Kentucky	Jack Goodman
Kentuckiana	Don Metzger
Northern Kentucky	Stan Steidel
Central Kentucky	Not Represented
13th Region	Ray Canady
14th Region	Don Stacy
15th Region	Layne Tackett
16th Region	Frank Firestine
KHSAA Sports Information	Julian Tackett, Director

Mr. Wise made an announcement that he attended a sectional committee meeting in Columbus, Ohio, for the purpose of discussing reciprocity for officials among the states of Ohio, Kentucky, Indiana, Michigan and West Virginia. This proposal hopefully will be finalized in January, 1986, and will begin with the 1986-87 school year.

There was a lengthy discussion concerning assigning officials to regular season and bowl games. Some of the problems that the assigning secretaries brought out were (1) not enough personnel in region; (2) lack of security for officials working in certain areas; (3) school officials not cooperating with officials; (4) schools not wanting officials from their home region; (5) some regions not using proper rating system; (6) complaints from officials concerning mileage (rate of .15/mile in areas where they must travel long distances); (7) officials cancelling games at the last minute for various reasons; (8) lack of communication from this office concerning action taken against school officials, such as disciplinary action against a coach for a violation; (9) non-uniformity in using four or five man crews. Ray Canady made a motion, seconded by Joe Russell, that all game assignments, excluding KHSAA play-off games, be made by the Assigning Secretary of the Region/Association in which the designated "home" team belongs. The motion passed 9-0.

Jack Goodman made a motion, seconded by Stan Steidel, that a copy of all communication from this office concerning violations by schools, coaches, etc., be sent to

the assigning secretary in that region or association. The motion passed 9-0.

Joe Russell made a motion, seconded by Harold Mischel, that the mileage rate be raised to .20/mile. This would be subject to the Board of Control's approval when they meet in July. Motion passed 9-0.

There was no action taken concerning the evaluation sheet that is now in use. The Secretaries decided that this form was adequate for their needs to evaluate each official properly. The Observer's Report that the Basketball Assigning Secretaries adopted for aiding in their evaluation of their officials was passed out and the Secretaries were asked to look it over, make the necessary changes they felt were necessary in order to adapt it to the evaluation of football officials and make the suggestions at the next meeting. It will also be decided at that time if they wish to use such a form.

There was a lengthy discussion concerning the officials' concern because state play-off officials were chosen mostly from the Lexington, Northern Kentucky and Louisville area. A motion was made by Harold Mischel, seconded by Don Stacy to leave the choice of state play-off officials as is presently done. A committee composed of Joe Russell, Chairman, Don Metzger and Frank Firestine was appointed to evaluate various methods of assigning officials to state play-off games and to bring their report back to the body at the meeting for the 1986-87 season. A decision will be made at that time whether or not there will be a change.

There were short discussions concerning scratch lists by coaches and the number of scratches they are allowed, official's handbook and how it can aid the assigning secretaries and schools, and also the need for 5 man crews to be used at all games. No action was taken on these topics at this time.

Mr. George Mercker, an attorney who is also an official, made a short talk. He reviewed some past and present litigation concerning negligence of officials in the performance of their duties; negligence of supervisors in the training and assigning of officials; and negligence of the officials' association in training of officials.

Additionally, there was discussion and review of the advantages and disadvantages of an unincorporated association versus an incorporated association, current tax laws were again reviewed and the assigning secretaries were reminded that there are criminal statutes concerning athletic contests in Kentucky.

There being no further business or discussion, Layne Tackett made a motion, seconded by Joe Russell that the meeting adjourn. The motion passed 9-0.

VOLLEYBALL COMMITTEE MINUTES

The Volleyball Committee met at the Kentucky High School Athletic Association Office in Lexington, Kentucky, on Wednesday, June 26, 1985. The meeting was called to order at 9:30 a.m. by Brigid L. DeVries, Assistant Commissioner. Committee members present included John Bancroft, Bunny Daugherty, Ann Karrick, Margi McKenna, Sally Meng, Joan Mitchell, John Smith and Donna Wolfe.

The first item on the agenda was a discussion of regional tournament and sites. Ms. DeVries advised the Committee of the changes in the teams in regions. Committee members will check in their area and report back so that sites can be determined in the near future.

Following a discussion of the items on the Regional Tournament Information Sheet, a change in the regional tournament format was suggested. John Smith recommended that the format be changed to a double elimination tournament, which carried unanimously. This format would eliminate the need for a tie-breaking procedure on the information sheet.

A discussion followed regarding the site for the 1985 State Volleyball Tournament to be held November 1-2, 1985. Written requests to host the tournament had been received from Fairdale High School and the University of Kentucky. Due to the fact that the University had two courts available for pool play, Ann Karrick recommended that the 1985 State Volleyball Tournament be held at the University of Kentucky. The recommendation carried.

There continues to be a severe shortage of volleyball officials in the state and especially in the Northern Kentucky Region. It was suggested that former volleyball players, physical education majors, etc., be recruited to get involved in officiating. The Committee felt an assigning secretary for volleyball would help in this endeavor.

The clinic dates for 1985 are as follows:

August 20-Louisville-Iroquois High School - 7:30 p.m.
August 22-Alexandria-Campbell County High School - 7:30 p.m.

August 27-Lexington-Sportsworld - 6:00 p.m.

Mike McDaniel requested that the Committee develop a policy on forfeits. The following procedure will be in effect for the 1985-86 season. A team that is 15 minutes late will forfeit one game. After one-half hour, the match is forfeited upon mutual consent of both coaches and officials, the match can be played as scheduled. If a match has to be scheduled at a later date, the offending school must pay the officials fee for the forfeited match.

Ms. DeVries briefly discussed the National Federation rule changes. Changes to be made in the Constitution and By-Laws under Volleyball Rules and Regulations would be changing the type of tournament from round robin play to double elimination for regional tournaments.

Following a discussion of various miscellaneous items, the meeting was adjourned.

Officers Elected for K.H.S.A.A. Board of Control

By Julian Tackett

Pat Crawford

Chester Turner

Pat Crawford, former Principal of Ballard High School in Louisville, and Chester Turner, Principal of Highlands High School in Fort Thomas, were elected President and Vice-President, respectively, of the Kentucky High School Athletic Association at the July meeting of the Board held at Lake Barkley State Park.

Crawford, who is currently serving as a Special Assistant to the Deputy Superintendent of the Jefferson County Schools, served as Ballard's Principal from 1968 until this past July. Prior to his tenure at Ballard, Crawford served as a middle school principal, assistant principal, teacher and coach at various locations in the Jefferson County system. He has been involved in athletics throughout his education career including a stint as head swimming coach and assistant football coach at Waggener High School.

When asked why he wanted to serve on the Board, and particularly why he wished to be an officer, Crawford said, "I feel as though the Board is in a growing time, experiencing more and more leadership and further developing our values and ideals." "I enjoy being a part of that and helping to contribute," he concluded. He probably would have retired this past July were it not for his new office on the Board, but he felt the need to finish this commitment and to offer himself to the Board and to the member schools. His hopes are for the Board and the Association to continue to improve their administrative growth and school communication while also further refining working procedures.

Crawford plans on retiring in July of 1986 to Sanibel Island, Florida with his wife Suzanne, a thirty year teacher in the Jefferson County system. The Crawfords have one child, a daughter, Jennifer.

Principal Chester Turner of Highlands is no stranger to athletics or administration. The new Vice-President of the Board is in his sixteenth year as Highlands' Principal following eleven years as an Assistant Principal at Covington Holmes. He has been actively involved in Ninth Region athletics and on a statewide level with various associations concerned with perpetuating and improving Kentucky's education.

Turner, currently in his third year as a Board member, ran for Board originally because of his feelings for athletics' involvement in the high school education. "Athletics is a very important part of the total educational program," he said, "and I felt as though I had something to offer the Board and the schools."

During his remaining tenure, Turner would like to see the Association and the Board be more responsive to schools and provide more leadership in such areas as scheduling and the total program. "I would like to see us

work closer with academics so that athletics complements academics, and not the reverse," he said, "and occasionally I am afraid we forget that academics is first."

Turner, and his wife Marjorie, a retired civil service employee, have one son, Kevin, a 23 year old working in the greater Cincinnati area.

MINUTES OF THE EAST ELIGIBILITY COMMITTEE MEETING

The East Eligibility Committee of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office, Lexington, on Wednesday, August 28, 1985. The meeting was called to order at 10:30 a.m. by Commissioner Tom Mills. Present were Tony Olinger, Chairman of the East Eligibility Committee, Ken Tippet, Chester Turner, Frank Welch and Charlie Wilson.

Commissioner Mills explained that the hearing would be informal and called upon Alice Keys, Attorney for Clayton Plageman, to proceed with her case. Also present on behalf of Clayton Plageman were Karen Plageman, his mother; Principal William Dosch, Bellevue High School; Bill Penick, Director of the Day Treatment Program; and Alice Martinson, Educational Coordinator, Treatment Programs.

Commissioner Mills had declared Clayton Plageman ineligible to participate in interscholastic athletics based on By-Law 5, Sec. 1 (c). Karen Plageman had requested a hearing before the Board to request that they waive By-Law 5, as it applied to Clayton and declare him eligible.

Following testimony by all parties on behalf of Clayton and questions by the Committee members, Charlie Wilson made a motion, seconded by Ken Tippet that the decision of the Commissioner be upheld in this case. The motion carried unanimously.

Commissioner Mills then called on Bob Tighe who had requested a hearing also to appeal the decision of the Commissioner as it related to By-Law 6, Transfer Rule. Robie and Alicia Tighe were declared ineligible to participate in interscholastic athletics when they transferred from Sayre High School to Lafayette High School.

Following comments to the Committee by Bob Tighe, Mrs. Tighe, Robie and Alicia and questions to the Tighes, and a lengthy discussion thereof, Ken Tippet made a motion, seconded by Chester Turner, that the decision of the Commissioner be upheld in this case. The motion carried unanimously.

There being no further appeals to come before the Eligibility Committee, the meeting was adjourned.

GOLF COMMITTEE MEETING MINUTES

The Golf Committee met on Monday, June 10, 1985, at the Kentucky High School Athletic Association office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 10:00 A.M. Committee members present were: Ernie Denham, Jackie Reed, Lou Brown, Danny Spillman, Bill Frost and Tish Carr.

The first item on the agenda was regional tournament information. The date for the tournaments are May 27 and 28, 1986. The committee made some major changes in the information which will be mailed to the schools. The reduction of regions and alignment of schools by region was discussed with the recommendation that each committee member receive a copy for review.

Ernie Denham gave a short report of the status of golf in Jefferson County. He will be conducting 5 clinics around the state in early spring and the K.H.S.A.A. will assist in promoting these clinics. The clinics will be geared toward the high school player and coach.

The second item on the agenda was a discussion of the state tournaments. The dates for the tournaments are June 3 and 4, 1986. The boys' tournament will be played at Doe Valley Country Club in Brandenburg and the girls' tournament will be at Elizabethtown Country Club, Elizabethtown.

The committee reviewed the state tournament information sheet and made some revisions. It was suggested that a statement be included referring to the fact that substitutions may be made for team members only, not individuals. Bill Frost suggested that regional results be phoned in to the Courier Journal, as well as being mailed to him. It was also suggested that the phone number of the faculty sponsor be included on the regional entry blank. It was suggested that Jackie Reed assist Bill Frost in securing marshals for the 1986 girls' tournament. It was recommended that rule sheets be available for participants at the meeting held the evening before the tournaments.

The next item included a discussion of golf as a fall sport. The committee was unanimous in its support for golf in the fall and will send a recommendation to the July Board of Control meeting at Lake Barkley where this topic will be an item on the agenda.

There being no further business, the meeting was adjourned.

Rule Book Page 55; Case Book Page 8; Meeting Folder Page 4:
Comments on 6-1-9 — Change "R" to "K" in 3rd paragraph, 4th line.

SITUATION #1: On a try for point, placekick holder K1 rises to catch the high snap. K2 is in position to kick. K1 muffs the snap, but he recovers with his knee(s): (a) on the ground; or (b) off the ground.

RULING: In (a), the ball becomes dead when K1 recovers with his knee(s) in contact with the ground. K1 may rise and catch an errant snap and the ball remains alive, if he immediately goes to his knee(s); however, after rising, the ball is dead if he recovers while his knee(s) is touching the ground. In (b), K1 may recover and advance, but the ball will become dead if he goes to his knee(s). (4-2-2a Exp.)

SITUATION #2: During the last timed down of the 2nd period, A1's pass is intercepted by B1 in B's end zone. B1 elects to run it out and B2 clips in the end zone during B1's run. After the down, A1 and A2 each commit unsportsmanlike fouls. Team A accepts the penalty for B2's clip resulting in a safety. The penalties for the two unsportsmanlike fouls are enforced from the 20-yard line putting the ball at the 50. K1 punts the ball through the end zone. Does this fulfill the requirement of an untimed down?

RULING: Yes. A free kick is a down. In this case, a free kick fulfills the requirement of having an untimed down after the penalty is accepted for a foul which occurred during the last timed down of a period. (2-6; 3-3-3a; 8-5-2c)

SITUATION #3: Team A scores a touchdown. The ball is placed on the 3-yard line and approximately in the center of the goalposts for the try. The referee declares the ball ready-for-play. Prior to the snap, Team A is assessed a 5-yard penalty for delay of game. Before the ball is again declared ready, the captain of A requests the referee to spot the ball on the left inbounds mark.

RULING: The referee will honor the request. (4-3-5; 8-3-1)

SITUATION #4: During an unsuccessful try for point, A2 holds during A1's run. What are the options for the offended team?

RULING: There are no options as such. No penalty acceptance or declination is discussed. The try has ended, and there is no replay. No penalty is enforced from the succeeding spot. (8-3-6)

SITUATION #5: A1 advances beyond the line to B's 45-yard line. B1 grabs A1's face mask in attempting the tackle. A1 subsequently fumbles at B's 40 and A2 recovers and advances to B's 20-yard line. What options does Team A have?

RULING: Team A can either accept or decline the penalty for B1's foul. If A accepts the penalty, it is enforced from the end of A1's run — where A1 fumbled. The 15-yard penalty would put the ball on B's 25-yard line. If the penalty is declined, it is A's ball on B's 20. When there is more than one running play during a down, if the penalty is accepted for a foul during a specific running play, the basic spot is the end of that run. (10-3-3)

SITUATION #6: B1 intercepts A1's pass while he is in his own end zone. B1 attempts to advance and fumbles when hit by A2. The ball bounces from the end zone to the 1-yard line and then back into the end zone. B1 falls on the loose ball in his end zone.

RULING: It is a touchback. Team possession has not been established in the field of play. In order for this to be a safety, the fumble would have to occur in the field of play rather than the end zone. (8-5-2b, 3c)

SITUATION #7: A12 and A13 enter the field of play immediately after the snap: (a) they stay near the sideline and do not influence the play; or (b) A12 blocks an opponent, but A13 does not influence the play; or (c) both A12 and A13 block opponents.

RULING: In (a), this is a nonplayer foul for illegal substitution. The 5-yard penalty is enforced from the succeeding spot. In (b), A12's foul is illegal participation and A13's is a nonplayer, illegal substitution foul. A12's foul penalized by administering the 15-yard under the all-but-one principle and A13's is enforced from the succeeding spot. In (c), it is a multiple foul and only one of the illegal participation fouls can be penalized under the all-but-one principle. (2-9-1; 10-2-3)

SITUATION #8: Team A is leading 21-20 after scoring in the 4th period with 17 seconds remaining. While the kickoff is in flight, R1 blocks the kicker before the kicker has gone 5 yards. R2 catches the kick and returns it to K's 5. K accepts the penalty for the foul which puts the ball on R's 45-yard line. The clock is started on the ready with 4 seconds remaining. K1 kicks off again and time expires with the ball going out-of-bounds untouched at R's 15-yard line.

RULING: If R accepts the penalty for the out-of-bounds kick, K will have to rekick during an untimed down extending the 4th period. Also, if K had allowed the 4 seconds to expire without kicking, K would have been forced to kickoff during an untimed down. (3-3-3a; 9-3-3a)

SITUATION #9: Must the umpire examine each preventive knee brace to make sure it meets the requirements?

RULING: No. The coach's verification that all his players are legally equipped includes braces, pads and all required equipment. While there are many different types and styles of knee braces, the umpire need not examine them for legality, unless the coach requests such an examination. (1-5-3c, 4)

SITUATION #10: What guidelines does the official use to judge whether a back's movement before the snap is a false start or a shift?

RULING: The decision is based entirely on whether the movement simulates the start of the play or is clearly intended to cause the defense to encroach. The responsibility is directly on the player who moves to do so in a manner that is clearly not the start of a play. If the movement is not a false start, it is a shift which requires all players of A to be stationary for at least 1 second before the ball is snapped. Officials must also be aware that defensive encroachment doesn't have to occur before a false start can be charged. (2-27; 7-1-2; 7-2-5)

SITUATION #11: Quarterback A1 moves to his position near the center. A1 looks over the defense and signals the team to take their set positions. A1 then: (a) takes a step forward and places his hand under center; or (b) bends down and moves his hands forward under center.

RULING: The movement in both (a) and (b) is a shift. The ball cannot be snapped nor can motion be started for at least 1 second after A1's shift. (2-27; 7-2-5)

SITUATION #12: R1 is near one sideline on his own 10-yard line waiting for K1's high kickoff to come down. In positioning himself, he has one foot inbounds and one foot inadvertently out-of-bounds: (a) the kick crosses the plane of the sideline and is then touched by R1; or (b) R1 muffs the kick out-of-bounds and he touched the ball before it broke the plane of the sideline.

RULING: In (a), K1 has caused the kick to be out-of-bounds. It is a 5-yard penalty enforced from the previous spot if R accepts the penalty. In (b) since R1 touched the kick before it crossed the plane, R has caused it to be out-of-bounds and will have the ball at the inbounds spot. (2-3-1; 6-1-8, 9)

SITUATION #13: Placekick holder K1 rises to catch a high snap. K1 muffs the snap, catches it and then drops to his knees.

RULING: The ball is alive since K1 did catch the snap, he may hold for a kick or again rise to run, pass, etc. (4-2-2a Exp.)

SITUATION #14: If the coach of Team A has a player request a time-out to discuss a rule interpretation can Team B also use the time-out while discussions are going on?

RULING: Yes. Also, Team A can use the time-out with one coach while the other coach is discussing the rule interpretation with the referee. If the referee is correct in his interpretation and Team A has not used up all their time-outs, he will charge them with a time-out and let them use the remaining time if there is any left. If no time is left, play is started. If Team A doesn't have a time-out remaining and the referee is correct, Team A is charged with a delay of game penalty. If the referee is wrong, he will explain to both teams and proceed as he would after any official's time-out. (3-5-3, 8; 3-6-2c)

SITUATION #15: It is 3rd and 6 from B's 40-yard line. A1 advances to B's 30 where B1 grabs his face protector in attempting the tackle. (a) A1 fumbles but A2 recovers and advances to B's 20; or (b) A1 hands off to A2 who is subsequently tackled on the 20; or (c) A1 pitches back to A2 who advances to B's 18-yard line. Where is the basic spot of enforcement if A accepts the penalty for B1's foul?

RULING: In (a) and (c) the basic spot is where A1 lost possession by his fumble or pass and this is the end of the run. In both cases the penalty would be administered from B's 30 and put the ball on the 15-yard line. In (b) the handoff to A2 did not end the run. The end of the run is where A2 was tackled. The penalty enforcement will result in the ball being placed on B's 10-yard line. A run does not end unless possession is lost by the runner either fumbling or passing. (10-3-3)

SITUATION #16: Following a down, there is a fight between A1 and B1, and: (a) one of the officials observe which player actually struck the first blow; or (b) A1 struck first and B1 retaliated; or (c) B1 struck first and A1 retaliated.

RULING: In all 3 cases, both A1 and B1 will be disqualified from further participation. In (a), no distance penalties are measured because the officials did not see the start of the fight. In (b) and (c), the penalties are enforced in the order in which the fouls occurred. (9-4-1; 10-2-4)

SITUATION #17: Replaced player A12 attempts to get off the field on Team A's side, but the ball is snapped before he gets out-of-bounds.

RULING: This is an illegal substitution foul which occurs simultaneously with the snap. If accepted, the 5-yard penalty is enforced from the previous spot. (10-4-2, 4a)

Rule Book Page 31 — Rule 12-4-4 PENALTY: Change to read "Direct free kick (Articles 1, 3, and Disqualification for 4a)." Page 32 — Rule 12-8-4. Add the word "not" before the word "including" in the parenthesis.
Page 52 — 12-8-4 Situations A & B. In both RULINGS change the restarts from "indirect" to "direct" free kicks.

SITUATION #1: On a cold day, Player A is discovered to be wearing (a) gloves for warmth (b) gloves which in the opinion of the referee are abrasive and dangerous.

RULING: Legal in (a), illegal in (b). (4-2-1)

SITUATION #2: The official observes a foul committed by the defending team, however, he calls out to "Play on" and indicates such with the underswing motion of both arms.

RULING: Legal, if penalizing the offending team would have given the offending team and advantage. (5-3-1d)

SITUATION #3: As the officials enter the field of play, the head referee observes two opposing players swearing at each other and the referee disqualifies both from further participation in the game.

RULING: Legal. The official's jurisdiction begins when they enter the field of play.

NOTE: Both teams may play with eleven players because the ejections took place prior to the commencement of the game. (5-1-2)

SITUATION #4: During the taking of a goal kick, Number 12 of Team A continuously encroaches the penalty area prior to the ball leaving the penalty area. The referee stops play and cautions Number 12.

RULING: The official shall caution a player or coach for misconduct or unsportsmanlike conduct and notify the coach, scorer, and other official(s). (5-3-1e)

SITUATION #5: The head referee fails to signal time-out during a stoppage in play following the scoring of a goal; however, the timekeeper stops the clock in spite of protests from the visiting team coach whose team was ahead in the game 2-1.

RULING: Legal. The official timekeeper is authorized to stop the clock when signaled to do so by an official and following the scoring of goals. (6-2-3a)

SITUATION #6: A substitute for Team A is at the scorers table prior to the ball leaving the field of play, and the referee awards a throw-in to Team B. The scorer does not signal to the referee for a substitution.

RULING: The scorer shall wait until the next substituting opportunity for Team A. (6-3-2b)

SITUATION #7: When there is no stadium clock or other visible timing device available, the head referee keeps the official time on the field.

RULING: Legal. The head referee may keep the official time by mutual agreement of the opposing coaches or the state high school association. (6-2-1)

SITUATION #8: Team A shoots on goal and the expiration of time occurs (a) prior to the ball crossing the goal line, or (b) after a handball is intentionally committed by Team B inside their own penalty area.

RULING: In (a) the ball is declared dead at its location when time of the period expires and no goal is awarded. In (b) a penalty kick is awarded to Team A. (7-1-4)

SITUATION #9: After the completion of a tie game and prior to the two 10-minute overtime periods, the opposing coaches agree to conduct a penalty kick tie-breaker to determine the winner if the game remains tied after the two overtime periods.

RULING: Illegal. A tied game may only be resolved by not exceeding two overtime periods of 10 minutes each. (7-3-1)

SITUATION #10: During the taking of a penalty kick, the timekeeper fails to stop the clock, the visiting coach protests to the head referee who instructed the timekeeper to reset the clock to the time prior to the administration of the penalty kick.

RULING: Legal. The clock shall be stopped for a penalty kick. The head referee shall make decisions on any points not covered in the rules. (7-4-1, 5-3-2g)

SITUATION #11: During the kick-off the ball is kicked backwards to a teammate of the kicker who kicks it to a winger breaking down the field. The referee blows the whistle and orders a new kick-off.

RULING: Legal. On the kick-off the ball shall be played into the field of play occupied by the team opposing the kicker. (8-1-3)

SITUATION #12: On the kick-off, Player A kicks the ball which hits an opposing player and rebounds to Player A. He then passes the ball to Player B who scores a goal.

RULING: Legal. The kicker may play the ball after it has been played by another player of either team. (8-1-4)

SITUATION #13: After the kick-off by Team A, Player A plays the ball a second time before it was played by another player on either team. The referee awards Team B a direct free kick.

RULING: Illegal. An indirect free kick is awarded to the opponent at the spot of the foul. (8-1-4 Penalty)

SITUATION #14: While in the penalty area, a player from Team A uses his foot to play a ball that is just above waist high at the same time a player from Team B plays the ball by lowering his head. The head referee stopped the game for the fouls and the ball is put into play by a drop ball inside the penalty area.

RULING: Illegal. Although Rule 9-2-1d calls for a drop ball restart when simultaneous fouls of the same degree occur, the spot of the drop ball is where the ball becomes dead unless it is in the penalty area, at which time the ball shall be dropped at the nearest point outside the penalty area in the field of play. (9-2-2)

SITUATION #15: The head referee stops play and awards a direct free kick to Player B who quickly places the ball on the ground and takes the free kick scoring a goal. The head referee disallows the goal because he had not sounded his whistle to put the ball back into play.

RULING: Illegal. The goal is counted. As soon as the ball is in position to be played, without a second whistle. (9-1-3)

SITUATION #16: A serious injury occurs with Team A in possession within the penalty area of Team B. The referee suspends play for the injury and awards Team A an indirect free kick at the point where the ball was at the time play was suspended.

RULING: Legal. (9-3-1)

SITUATION #17: On a drop ball, Player A kicks the ball before it touches the ground. On the re-drop, Player A again plays the ball before it touches the ground. The official cautions Player A and restarts the game with a direct free kick.

RULING: Illegal. Play shall be restarted by a drop ball. (9-2-4 Penalty)

SITUATION #18: After awarding a direct free kick to Team A, the official fails to signal to indicate the free kick was to be a direct free kick. Player A places the ball on the ground and kicks it directly into the goal of Team B. The coach of Team B protests because the official failed to give the proper signal.

RULING: Legal. The goal counts. A goal may be scored directly from a direct free kick even if the head referee fails to give the proper signal. (10-1-3a, 5-3-1b)

SITUATION #19: During a drop ball, Player A kicks the ball directly into the goal of Team B. The referee awards a goal to Team A.

RULING: Legal. A goal may be scored directly from a drop ball. (10-1-3d)

SITUATION #20: With A1 in an offside position, A2 dribbles the ball towards the goal, takes a shot and scores.

RULING: Legal. A player shall only be penalized for an offside position if, at the moment the ball is played by a teammate, that player is, in the opinion of the official, interfering with play of an opponent or is seeking to gain an advantage by being in that position. (11-1-2)

SITUATION #21: The goalkeeper takes two steps while holding the ball, and then rolls the ball to a teammate. The ball is played back to the goalkeeper who then takes four more steps.

RULING: Legal. Once the ball has been played by another player, four additional steps may be taken. (12-7-1)

SITUATION #22: During the half-time interval Player A protests a decision made by the head referee during the first half and he uses foul language. The player was ejected and Team A was allowed to field eleven players to start the second half because the ended the first half with eleven players.

RULING: Legal. A team does not have to play a player short because the ejection came during the half-time interval. (12-8-2b, 3-1-2, 3-3-3f)

SITUATION #23: Time is extended in the first half for a penalty kick to be taken. Before the penalty kick is completed, a player is ejected and the official does not allow a replacement.

RULING: Legal. The period has been extended, therefore, the first half has not ended. (12-8-2, 7-1-4)

SITUATION #24: A player from Team A gets injured in front of his bench as a player from Team B is about to enter Team A's penalty area with the ball. The trainer from Team A runs onto the field to help his injured player as play is going on. The official sees the infraction, stops play and awards an indirect free kick to Team B to be taken from where the player was injured.

RULING: Illegal. The indirect free kick must be taken from where the ball was when the official stopped the play. (13-2-2-1)

SITUATION #25: During play, Goalkeeper A and Player B fall over the end line from the penalty area extended and are both out-of-bounds. Goalkeeper A then fouls Player B by grasping his legs to prevent his return to the field where the ball is still in play. The referee awards a penalty kick to Team A.

RULING: Legal. The penalty area is extended to cover normal play which occurs over the end line. (14-1-1)

National High School Activities Week

The National Federation of State High School Associations, the Governor of Kentucky and the K.H.S.A.A. have declared the week of October 20-27 to be High School Activities Week.

The special commemorative dates begin with Monday, October 21, on National Officials Day jointly proclaimed by the National Federation and the National Federation Interscholastic Officials Association. National Speech and Music Day follows on Tuesday, a recognition day designed to promote those non-athletic activities for the Federation provides national services.

Wednesday, October 23, is National Chemical Awareness Day, used to emphasize state and local chemical health awareness programs pertaining to the use and abuse of chemical substances and alcohol.

National Coaches Day is celebrated on Friday, October 25, a joint effort of the National Federation Interscholastic Coaches Association and the Federation. The week concludes with the celebration of National Fund Raising Day, on Saturday October 26. This day is designed to take advantage of the emphasis and public awareness of Activities Week to help support fund raising efforts on the local level.

Again in 1985, the Kentucky High School Athletic Association has designated distinguished graduates and athletes from Kentucky high schools to publicly represent the Association in its celebration of National High School Activities Week.

Dicky Beal, a 1980 graduate of Covington Holmes High School and a standout performer for the University of Kentucky basketball Wildcats until his 1984 graduation, is one of two graduates chosen for this year. Beal led the Holmes Bulldogs to the semi-finals of the state basketball

JEFF HALL—University of Louisville

tournament during his senior year, participated in football for two years and track for one season as well as maintaining a B+ grade average in a college prep curriculum.

Upon entering the University of Kentucky, Beal majored in Public Relations receiving his degree in 1984 while helping lead the Wildcats to the NCAA Final Four in Seattle. At U.K., Beal was named the recipient of the Freshman and Senior Leadership Awards for the team, was M.V.P. of the MidEast Regional Tournament during his senior season, and maintained a high B average in his classwork.

Jeff Hall, a senior guard from the University of Louisville, is the other spokesman for Activities Week in Kentucky. Hall, a 1982 graduate of Fairview High School, is generally regarded as one of the finest outside shooters in the country, was an honorable mention All-Metro Conference Selection last season, and is 107 points away from becoming the 33rd member of the 1000 point club at Louisville.

Hall, a business major, has maintained outstanding grades throughout his high school and college playing days, and was featured last season on CBS' Academic Spotlight representing Louisville during one of their televised games. The 6'4" guard is a three year letterman for the Cardinals, and has recently become engaged to Miss Terri Hatfield.

Both Hall and Beal assisted the Association by taping Public Service Announcements to be aired statewide, and through consent for public promotion.

Swimming Committee Meeting Minutes

The Swimming Committee met on Wednesday, September 18, 1985, at the K.H.S.A.A. office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Tim Cahill, David Webb, Steve Busch, Dale Baggett, Tom Ross, Karen Vanover, Mike Daniel and Jack Thompson.

The first item on the agenda was the selection of the regional sites. The managers and sites are as follows: Central Kentucky Region - Tim Cahill, Model High School, Richmond; Jefferson County Region - Jack Thompson, Crescent Hill, Louisville; Western Kentucky Region - Dale Baggett, Hopkinsville; Northern Kentucky Region - David Webb, Scott High School, Covington. The following are future sites for the Western Kentucky Region - Bowling Green, 1986-87 and Elizabethtown, 1987-88. The discussion concerning the Regional meets included adding Holy Family to the list of participating schools. The Regional Entry date is January 31, 1986. It was suggested that the admission price to all Regional meets be \$2.00 and \$1.00.

The next item for discussion was the 1985-86 State Swim Meet site. The 1985-86 meet will be held at Crescent Hill in Louisville, Kentucky, February 21-22, 1986. The time schedule has been revised for the 1986 meet. All diving will be scheduled on Friday, February 21 with the swimming preliminaries and finals on Saturday, February 22.

It was suggested there be a change in the seating arrangements with a separate area for the swimmers and one for the spectators. Admission price was discussed and may be raised in order to try to meet the cost of the meet. It was announced that there would be concession stands

open during all sessions. Open warm-ups will be 4:00 - 5:30 p.m. and 7:30 - 9:00 p.m. during the warm-up for boys' and girls' diving on Friday evening. It was also discussed that a scratch box be available at the time and place that the team packets are picked up. It was decided that there be one diving judge selected from each region and three judges selected at large.

The committee then discussed the new rule changes for the 1985-86 school year. There was a short discussion on the Swimming Section of the K.H.S.A.A. Constitution and By-Laws. No changes were made.

Brigid DeVries announced that bids are open for the 1986-87 Regional and State Meets.

There being no further business, the meeting was adjourned.

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky on Saturday, October 12, 1985. The meeting was called to order by President Patrick Crawford at 9:30 a.m. with all Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout and Sports Information Director Julian Tackett present. Lloyd Redman was present representing the State Department of Education. The invocation was given by Mr. Redman.

Frank Welch moved, seconded by Chester Turner, that the minutes of the July 19, 1985 and August 28, 1985 meetings of the Board be approved. The motion carried unanimously.

Tom Buchanan made a motion, seconded by Chester Turner, that all bills of the Association for the period beginning July 1, 1985, and ending September 30, 1985, be approved. The motion carried unanimously.

President Crawford called on Dr. Jon Draud who had requested to appear before the Board on behalf of his son, Scott, Dr. Draud explained that Scott had been invited to participate in the 1986 Derby Day Classic. However, if he participates in the event, he will violate By-Law 32, Post Season and All-Star Games, and will not be eligible to play spring sports. After Dr. Draud's presentation, and a discussion of this particular situation, David Webb made a motion that effective immediately, senior athletes shall be governed by N.C.A.A. rules as they pertain to post-season or all-star games. Tom Buchanan seconded the motion, which carried unanimously. Therefore, Scott is eligible to participate in the 1986 Derby Day Classic without loss of eligibility for K.H.S.A.A. sponsored spring sports.

President Crawford then called on Dr. Quin Bailey of the Kentucky Medical Association and Chairman of the Subcommittee on Athletes' Health, who had asked that he speak to the Board regarding Certification of Coaches. Following his presentation and a discussion of the 1986 Medical Symposium sites and dates, Commissioner Mills recommended that the All-Sports Committee meet and consider these recommendations. Tony Olinger made a motion that the Board approved the Commissioner's recommendation. Grant Talbott seconded the motion which carried unanimously.

Following Commissioner Mills' recommendation to reemploy Sports Information Director Julian Tackett through June 1986, David Webb moved, seconded by Ray Story, that the Commissioner's recommendation be approved. The motion carried unanimously.

Executive Committee Vice Chairman Chester Turner led a discussion on the proposed Board of Control Handbook.

Following the discussion, Tom Buchanan moved, seconded by Frank Welch that the Handbook be adopted as presented. The motion passed unanimously.

President Crawford called on Football Committee Chairman Chester Turner to present the committee's proposal for re-alignment.

Following a lengthy discussion, Chester Turner moved, seconded by Frank Welch that the Football Committee's report be accepted and that public input from the schools be taken by Class prior to the January meeting of the Board of Control. The proposed re-alignment will be mailed to all football playing schools prior to the hearing date. The motion carried by a vote of 8 in favor, 1 opposed and 1 abstention.

President Crawford called on Principal Bill VanWinkle, Owensboro High School, who had requested a hearing before the Board to request that his school be changed from AAAA to AAA for the 1986 football season due to a large drop in enrollment. Following a discussion thereof, Grant Talbott made a motion that Owensboro High School be moved from Class AAAA to Class AAA for the 1986 season and be placed in Region I, District 2. David Webb seconded the motion which passed by a vote of 8 in favor and 2 abstentions.

Commissioner Mills requested that the Board consider his recommendation to purchase a new computer. Following a discussion, Charlie Wilson made a motion to accept the Commissioner's recommendation. The motion was seconded by Frank Welch and carried by a vote of 8 in favor and 1 abstention.

Commissioner Mills presented to the Board a proposal from WKYT-TV to carry the final game of the 1986 Boys State High School Basketball Tournament in March. Following a discussion of the proposal, Ray Story moved, seconded by Charlie Wilson, that the Board grant the Commissioner the authority to enter into a contractual agreement with WKYT-TV to telecast the game. The motion carried unanimously.

A discussion ensued with regard to whether or not ineligible and/or suspended players are covered by the

K.H.S.A.A. catastrophic insurance plan. Ken Tippet made a motion that the Commissioner ask Doug Ruedlinger for a clarification of this matter and inform the member schools of his response. Grant Talbott seconded the motion which carried unanimously.

Executive Assistant Billy Wise submitted a proposal to the Board regarding a reciprocity agreement with four bordering states and Michigan that the Kentucky High School Athletic Association accept the test scores and ratings of officials. Following a brief discussion of this proposal, Ray Story made a motion that the Board accept Mr. Wise's recommendation. Frank Welch seconded the motion which carried unanimously.

Mr. Wise announced that the next meeting of the Board would be on November 29 for the purpose of hearing appeals and November 30 for the regular meeting. It was also announced that the Football Championship Playoffs would be as follows:

Class A - 1:00 p.m. Friday, November 29
Class AA - 3:00 p.m. Friday, November 29
Class AAA - 8:00 p.m. Friday, November 29
Class AAA - 1:00 p.m. Saturday, November 30

Commissioner Stout discussed the Semi-State Baseball Tournament site with Board members. A recommendation was made that Morehead Recreation Dept., Pikeville and Somerset rotate the semi-state tournament. Frank Welch made a motion that Mr. Stout's recommendation be accepted and that Pikeville host the semi-state tournament for 1986. Grant Talbott seconded the motion, which carried unanimously.

Following a discussion of the Baseball re-alignment which had been sent to all Board members prior to the Board meeting, Ray Story made a motion that the re-alignment be accepted. Tony Olinger seconded the motion, which carried unanimously. The re-alignment will appear elsewhere in the October issue of the "Athlete".

There being no further business, Charlie Wilson moved that the meeting adjourn. Tony Olinger seconded the motion which carried unanimously.

APPEALS HEARINGS

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building, Lexington, Kentucky, on Friday afternoon, October 11, 1985, for the purpose of hearing appeals.

The meeting was called to order by President Patrick Crawford at 4:00 p.m. Present were all Board members; Lloyd Redman, representing the State Department of Education; Commissioner Tom Mills; Executive Assistant Billy Wise; Assistant Commissioners Brigid DeVries and Louis Stout. The invocation was given by Lloyd Redman.

President Crawford called on Mr. and Mrs. Thomasson who had requested a hearing before the Board of Control on behalf of her nephew, Terry E. Nannie, Jr., a student at Heath High School, who had been ruled ineligible by the Commissioner under By-Law 6, Transfer Rule. Following Mrs. Thomasson's presentation and questions by the Board members, David Webb moved that the Board waive By-Law 6 in this case and declare Terry eligible to participate immediately in interscholastic athletics. Tom Buchanan seconded the motion, which carried unanimously.

Then came Attorney Chris Seaman, representing Scott Adwell, a student at Barren County High School who had been declared ineligible to participate in athletics due to By-law 5, Section 1c., Enrollment. Following Mr. Seaman's presentation and questions to him by the Board members, Frank Welch made a motion, seconded by Charlie Wilson, that the ruling of the Commissioner be upheld in this case. The motion carried unanimously.

The next appeal on the Agenda was on behalf of Catherine Kluthe, a student who had transferred from Villa Madonna Academy to Scott High School and who had participated in athletics at the former school. Mr. and Mrs. William Kluthe, parents of Catherine, presented their appeal to the Board members to waive By-Law 6, Transfer Rule. Following questions to the Kluthes by the Board members, David Webb moved that the Commissioner's ruling be upheld in this case. Grant Talbott seconded the motion. The motion carried by a vote of 7 in favor, 2 opposed and 1 abstention.

The final appeal was presented by Mr. and Mrs. Tim Thornburg on behalf of their daughter Heather. Heather had been ruled ineligible to participate in interscholastic athletics due to the fact she had transferred from Assumption High School where she was a basketball player to Shelby County High School. Following the Thornburg's presentation and there being no questions, Charlie Wilson moved that the Board uphold the decision of the Commissioner and that Heather remain ineligible to participate in athletics at Shelby County High School. Grant Talbott seconded the motion which carried unanimously.

There being no further appeals, Charlie Wilson made a motion to adjourn. Tony Olinger seconded the motion, which carried unanimously.

NEWS RELEASE

Is More Always Better?

EDITOR'S NOTE: The following article was written by Liz Ackerwold, a Lake City, MN High School teacher and coach since 1980. An Austin High School and Concordia (Md.) College graduate, Liz teaches Health (grades 7 and 10) and physical education (grade 9) and has been active in coaching basketball and volleyball at Lake City High School. While in high school at Austin, she was a four-year letter winner in basketball and track and three-year letter winner in volleyball.

As a new school year begins and our high school league activities get underway, I find myself reflecting on the schedule ahead. This thought often causes me to question the goals and responsibilities that I have as a teacher and coach.

With the encouragement of some and the caution of many, I feel the need to express myself and challenge others to think about how successfully we are meeting the goal of being educators first and coaches second. Over the past several years the feedback I have been getting from players, coaches, parents, and teachers has not convinced me that our priorities regarding athletics and education are in the proper order. Idealistically, I believe that we were hired first because of our ability to be effective-classroom teachers and secondly because we can coach. Realistically, I'm not sure that always happens. The message that this sends is confusing and thus I find a growing concern developing about the educational soundness of our priorities. Kids learn from our priorities and the importance that we place on them.

An encouraging statement and one that supports much of my philosophy on this issue is the Brown vs. Minnesota State High School League case in 1970: "... high schools are not obligated to prepare or train students for a career in professional athletics. We gather that they conceive their obligation to be the development of the whole person and to avoid an overemphasis in extracurricular athletic activity which may detract from the student's interest in and contribution to the total educational process. They have determined that such overemphasis on athletic activities interferes with academic goals as well as the goals and responsibilities of life for which the education system seeks to prepare our citizens." Are we as teachers/coaches making this happen?

Before going on, let me preface by saying that first of all, I am a strong supporter of the Minnesota High School League and I applaud them for their dedication toward high school athletics. Second, I am fortunate to be a volleyball coach, and third, as a former three-sport athlete, I appreciate the opportunities that I had to participate in competitive athletics. These experiences positively enriched me as a person.

There have been many changes, however, since the mid 1970's and certainly I am not against change. (Let us never regress back to the NAAF anti-competitive philosophy of 1923!) But, often I do feel an increasing pull in the direction that more is always better. More games in a season, more weekend tournaments, more practices (weekends, holidays), more out-of-season conditioning, etc. Is more always better?

Is more than one game a week necessary? It's difficult to condition and practice well with so little time in between games. More importantly, for many with long traveling distances an early-week game makes it difficult to be effective as a teacher or student the next day when the bus leaves immediately after school and returns home around midnight. Is more always better? I think not. If our goal is to help develop student-athletes and our top priority is to provide a well-rounded education, then we must allow for

this to happen. Our decisions as a teacher-coach should be based on the best interests of our student-athletes. We must pay more than lip service to this.

As a coach, I naturally would like to have the best team possible and help to develop the skill potential of the team members. Carefully planned practice sessions will develop these skills and we all know that the more we practice the better we'll become. But where do we draw the line?

Is more always better?

Those who have been involved in winning programs are well aware of the increasing pressure that is put on athletes and coaches. Because we did very well one year it is often expected that each succeeding year should bring equal or better results, and if we work even harder we should be even better. Unfortunately, that doesn't happen very often and sometimes we can get caught in that pressure web. Winning is hard to let go of and its feeling is addicting.

I think we must also be aware of the need for many of us, teacher-coach, student-athlete alike, to have time for other interests and activities during the seasons. Feeling that we can book our athletes time so tightly may suffocate their chance to grow in other areas. We must also keep in mind the importance of allowing kids to be with their families: the main base of support for many young people. Would we really have less of a team if we didn't practice on a Saturday? Would we really be behind if once or twice during a season we took a day off from practice or quit early? Would the players really suffer if we gave them five succeeding days off during Christmas vacation? I am not suggesting that we turn competitive athletics into intramurals but I am convinced that sometimes we put so much emphasis on the physical preparation of our athletes that we forget the emotional and mental needs of adolescents. We work so hard on the body that we forget about the mind.

Choosing to be involved in high school athletics does require dedication of time, energy, and talents, as well as sacrifice. In addition, many of our students are involved in more than one activity during the year. We can teach many things about life through athletics and the rewards can be invaluable. Very few of our players will go on to be professionals but all will go on with life, careers, changes, and memories. Athletics can help in this lifetime preparation but certainly cannot do it all. Few of us got where we are today strictly because of how we played on a high school team and we must remember this same fact with our student-athletes. Hopefully, we are in this business for the best interest of the kids and not for our own glory.

In conclusion, there are no easy answers to all of this. This is not a reprimand to coaches, we do a good job but these are some concerns that need to be considered. The risk I take in doing this is to place myself on an island with possibly little support. I do feel some personal contradictions as I write this yet I feel strongly that it is time for us to reassess our goals in competitive high school athletics and to take an honest look at where we are headed. Our influence as educators goes far beyond the gym or playing field and we must remember the needs of all of our students, athletes or not. A strong, well-rounded education for all is the most important game we can win.

1985-86 Certified and Approved Football Officials

A large number of K.H.S.A.A. registered officials have qualified for the advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only K.H.S.A.A. approved or certified officials shall be used in games between sub-district and district winners. Only certified officials shall be used in all other playoff games.

SPECIAL NOTICES

K.H.S.A.A. Directory

The Kentucky High School Athletic Association has printed a directory for 1985-86. Included in the directory is a calendar of events, a section on general information about the K.H.S.A.A. and a listing of member schools and their personnel.

The Directory is available to coaches, officials and other interested persons at a fee of \$2.00 plus postage of 70¢ for one Directory. Please send check or money order to Directory, K.H.S.A.A., P.O. Box 22280, Lexington, Kentucky 40522.

FORMAT CHANGED FOR THE ATHLETE MAGAZINE. . .

The Athlete, the official publication of the Kentucky High School Athletic Association has undergone a facelift recently, with changes designed to help not only its appearance, but to keep better in touch with our member schools. In the spring of 1985, a newsletter, "Notes and Quotes" was distributed to the schools. The response was very good, but the Board of Control felt that by highlighting the news some other way, we could insure that all schools were informed.

Therefore, this is the first of the Commissioner's Corner. Each month, we hope to print important deadlines and news, open dates for scheduling, etc. If you have a suggestion, open date, staff or student congratulations, or just a funny story, please send it to me at the office.

The Association is beginning to assemble a handbook on dealing with the media. Please send any suggestions to the office. Lastly, it is very important that you take a good black and white picture of each of your teams. These pictures are very important should your team qualify for the K.H.S.A.A. Playoffs or tournaments. --Julian Tackett, Sports Information

IMPORTANT NOTICE CONCERNING CATASTROPHIC INSURANCE. . .

As we brought out at the Board of Control meeting in October, the catastrophic insurance plan for K.H.S.A.A. athletes is **not in effect** for ineligible participants practicing with the team. That includes academic ineligibility, transfer waiting period, etc. Further interpretation is being sought from the Doug Reudlinger Insurance Company and the Federation Insurance Committee, but until such an interpretation is received and distributed, keep this important liability fact in mind and inform all of your coaches of the pitfalls of an injury to an uninsured player.

PICTURES SOUGHT FOR COVER OF ATHLETE. . .

Pictures are being sought for the cover of the Athlete magazine. It is hoped to highlight a different sport each month, and not necessarily an All-State participant or state champion. If you have any good black and white pictures, please forward them to this office immediately. If the Association uses the picture in the magazine, full credit will be given to the photographer (if known) and the providing school.

REMINDER TO CALL IN SCORES. . .

Schools playing all sports sanctioned by the K.H.S.A.A., but particularly those playing football are reminded to contact either the Associated Press, the Lexington Herald or the Courier Journal with your results immediately following each game. Those phone numbers are:

Lexington Herald Leader (606) 231-3225 (call collect); Louisville Courier Journal (800) 292-3570, (502) 582-4361 (call collect if 800 number is busy); Associated Press (800) 292-3560.

It is very important that you contact these outlets as this Association relies heavily on these mediums to keep us up to date on standings and scores. Please do not depend on your local paper to contact the wire service. The call costs you nothing and generally takes less than 60 seconds.

WHAT ABOUT POST SEASON ALL STAR GAMES?

One of the most common questions asked for me to interpret is the By-Law 32 provision for post-season All-Star games. The by-law states that from the end of a sports season to the end of the school year, eligible participants from different schools may participate on a team together only with Board of Control approval. The penalty for underclassman violation is a one year suspension, while the penalty for a senior is stated to be ineligibility for participation in spring sports during the senior season.

At the October meeting of the Board of Control, the Board voted unanimously to waive the rule for all senior participants to allow them to participate in up to two post-season All-Star games without spring sports penalty. The Board felt that N.C.A.A. regulations allowing two games for these participants was enough restraint and that these few athletes should not be penalized for multi-sport talent.

Please feel free to call or write this office anytime with your questions. I must tell you that no rulings can be made by phone, that in accordance with the Constitution and By-Laws, all rulings must be made in writing. --Tom Mills, Commissioner

ADDITION TO YOUR SCHOOL DIRECTORY. . .

CORRECTION. . .

For those of you who have not mailed in your state tournament ticket order for basketball, the postage and handling should be \$2.00 per order. This was inadvertently left off of the application. Also, as many have pointed out, Diddle Arena in Bowling Green is the site of the Girls' Basketball Tournament, not Lexington as was erroneously placed on Purchase Order Form E.

SPECIAL NOTICE TO SCHOOLS AND OFFICIALS

Based on a request from the National Federation of State High School Associations and the Kentucky High School Athletic Association Board of Control, I am writing this with regard to the enforcement of Basketball Rule 10-4 and 10-5.

Rule 10-4 states that Bench Personnel shall not:

1. Commit an unsportsmanlike foul. This includes, but is not limited to, acts or conduct such as:
 - a. Disrespectfully addressing an official;
 - b. Attempting to influence an official's decisions;
 - c. Using profanity;
 - d. Disrespectfully addressing or baiting an opponent;
 - e. Objecting to an official's decision by rising from the bench or using gestures;
 - f. Inciting undesirable crowd reactions;
 - g. Squad number(s) not remaining seated on the bench while the clock is running unless spontaneously reacting to an outstanding play by a member of their team and immediately returning to their seats, or reporting to the scorer's table.
2. Enter the court unless by permission of an official to attend an injured player.

PENALTY: (Articles 1, 2) 2 free throws. The foul is charged to the offender and to the head coach. If flagrant, the offender is disqualified. Squad numbers or student bench personnel so disqualified are banished from the vicinity of the bench. Adult bench personnel so disqualified shall go to their team's locker room or leave the building.

Note: The 3rd technical on any bench personnel is considered flagrant.

Rule 10-5 states that Coach(es) must remain seated on the bench at all times while the clock is running or is stopped except to:

- Art 1.** Confer with bench personnel and players within the confines of the bench area during a charged time-out or the intermission between quarters and extra periods;
- Art. 2.** Rise and stand in front of their seat to signal players to request a charged time-out;
- Art. 3.** Confer with personnel at the scorer's table to request a time-out for a correctable error, as in 2-10;
- Art. 4.** Attend an injured player when beckoned onto the court by an official;
- Art. 5.** Replace or remove a disqualified or injured player within the confines of his or her bench;
Coaches may rise from their seats to spontaneously react to an outstanding play by a member of their team, but must immediately return to their seat.

Art. 6. The coach shall replace a disqualified or injured player in 30 seconds when a substitute is available.
All assigning secretaries and basketball officials have been notified to enforce Rule 10-4 and Rule 10-5, during the 1985-86 basketball season. Officials that refuse to enforce this rule as written by the National Federation of State High Schools shall be suspended for an indefinite period to be decided by the Commissioner. It is the responsibility of the assigning secretary to report to the K.H.S.A.A. immediately the name of any official under his supervision who fails to enforce the above stated rule.

This study will be conducted through the use of a simple questionnaire which is to be mailed out at the conclusion of the season. In order to obtain accurate data we ask that a coach or trainer be in charge of injury records. We offer the following as a sample form for the injury form:

NEW EQUIPMENT CAN HELP WITH YOUR ALTERNATING POSSESSION. . .

With the recent ruling concerning the alternating possession on all jump ball situations, many schools will be needing some form of indicator to show which team is due to get possession. The Association has received a catalog from Daktronics, Inc., which has several of the devices available. If you would like further information, please write to the office.

1985 NATIONAL FEDERATION FOOTBALL RULE INTERPRETATIONS PART II

These interpretations of the National Federation Rules do not set aside nor modify any rule.

PUBLICATION CORRECTIONS

Meeting Folder

Question 15 — Answer is "backward" pass.

Case Book

Play 10-3-1, 7th line—Change "10-yard line" to "30-yard line."

SITUATION #18: A1's forward pass is intercepted in B's end zone by B1. B1 attempts to run with the ball out, but he is hit and fumbles. The ball bounces to the 3-yard line. (a) The ball bounces back into the end zone, or (b) A2 muffs the ball and it then bounces into the end zone, or (c) B2 muffs the ball and it then rolls into the end zone. In all three cases the ball is recovered by B1 and becomes dead in the end zone.

RULING: In (a) it is a touchback since the ball was fumbled in the end zone and no new force was applied. In (b) and (c) if the official judges that a new force was applied by the muff, it is a touchback in (b) and a safety in (c). If no new force is applied, it is also a touchback in both (b) and (c).

COMMENT: In play 6, Interpretations Part I, a similar situation as in (a) was identified. The ruling indicated it was a touchback as "team possession" had not been established in the field of play. More accurately, it is a touchback as no new force was applied and the fumble occurred in the end zone and not in the field of play. (2-8, 8-5-2b, 3c)

SITUATION #19: Quarterback A1 comes to the line and stops one step behind the center. A1 checks the defensive alignment and begins to call out signals. A1 then steps forward and places his hands under center. A2 starts in motion at the same time A1 moves under center. The ball is snapped after A1 has been set for one second and with A2 moving parallel with the line.

RULING: Illegal shift. Since A1's move to a new position was a shift, A2 would have to be stationary, along with the other Team A players, for at least one second before starting in motion. (7-2-5)

SITUATION #20: K1 punts the ball very high and only a short distance beyond the line. R1 signals for a fair catch. A strong wind blows the ball behind K's line where R1 catches it.

RULING: It is not a fair catch since the catch was made behind the line. The ball becomes dead when the catch is made because R1 gave a valid fair catch signal. (4-2-2g, 6-5-1)

SITUATION #21: Team A is in its field-goal formation with 4 seconds to play in the 4th period and trailing 20-18. The snap is caught and placed by holder K1. K2 kicks the ball, but is blocked by R1. The ball is rolling loose near R's 30-yard line when the R coach, thinking the game is over, runs onto the field and picks up the ball. The covering official then declares the ball dead. How is the situation administered?

RULING: If the referee judges that the action of the coach did not influence the play, it is a nonplayer foul which cannot be penalized as the game is over. Nonplayer fouls are enforced from the succeeding spot and do not extend a period. If the coach's action is judged to have influenced the play, it would be penalized as an unfair act and the period extended with an untimed down. The referee would enforce any penalty he considers equitable. (9-9-1 Pen., 10-4-1)

SITUATION #22: An incoming substitute is detected not wearing hip pads. How does the referee handle this situation?

RULING: The substitute is not allowed to participate. The substitute is ordered to go to his team box and not return until he is legally equipped. There is no foul or penalty. If he were to become a player, a 15-yard penalty would be assessed against the coach. (1-5-4, 2-31-5, 9, 9-8-1)

SITUATION #3: A1 throws a forward pass downfield toward A2. The pass is thrown in an area between 2 officials. A2 dives for the ball and neither official is able to clearly see if the ball was caught or trapped.

RULING: Incomplete pass. An official must see the catch in order for it to be ruled a completed pass.

SITUATION #24: A1 and B1 both jump high in the air to catch a forward pass. Both players grab the ball while they are still in the air. A1 lands inbounds and B1 touches out-of-bounds. A1 and B1 are in joint possession.

RULING: This is an incomplete pass. On a simultaneous catch, both players must be inbounds. If it had been a completed pass, the ball would belong to A. (2-3-1, 6, 7-5-3)

SITUATION #25: The Team A coach asks the umpire to examine the removable cleats on his teams' shoes. The cleats are all mounted on raised platforms extending out from the sole of the shoe. The platforms are just a little wider than the base of the cleats. The umpire finds that (a) each platform is less than 5/32 inch in height, or (b) each platform is more than 5/32 inch high.

RULING: The shoes in (a) are legal, but those in (b) are not. The shoes in (b) cannot be worn. If legal shoes cannot be secured, the game could not be played. (1-5-3h2, 4, 5)

SITUATION #26: At the snap, K1 is on one knee in position to hold and K2 is in position to kick a field goal. K1 muffs the snap and the ball rolls out of reach. K1 rises and recovers the loose ball. K1 then (a) drops to one knee and holds for the kick, or (b) bends over and places the ball for a kick without touching the ground with anything but his feet.

RULING: Since K1 has had his knees off the ground when he recovers in (a), the ball is dead immediately when he returns a knee to the ground while in possession. In (b), the ball remains alive as nothing has happened to cause it to be dead. (4-2-2a Exp. and Note)

SITUATION #27: K1 is in placekick holder position at the snap and K2 is in kicking position. The snap is high and K2 catches it. K2 (a) takes several steps and then drops to his knees, or (b) immediately drops to his knees to hold for a kick.

RULING: The ball is dead immediately in both (a) and (b) when K2 goes to his knees while in possession of the ball. The dead ball exception is allowed only for the placekick holder. (4-2-2a Exp. 2)

SITUATION #28: Placekick holder K1 rises to catch a high snap. He muffs the snap, but drops to his knees and then catches it. Is the ball alive and what options does K1 have?

RULING: The ball is alive since K1 did catch the snap. He may hold for a kick or again rise to run, pass, etc. (4-2-2a Note)

SITUATION #29: R1 is in position to catch K1's kickoff on his own 15-yard line. K2 is downfield to cover the kick and interferes with R1's opportunity to make the catch. The kick hits the ground and bounces out-of-bounds untouched.

RULING: This is a multiple foul on K. It is fair catch interference on K2 and also a foul for free kicking out-of-bounds. R has several options. R may decline both penalties and take the ball at the inbounds spot. R may also choose to have either penalty enforced. If R accepts the penalty for the out-of-bounds kick, the free kick down will be repeated following the administration of the 5-yard penalty. If R accepts the penalty for fair catch interference, the 15-yard penalty may be enforced from the previous spot followed by a rekick or the penalty may be enforced from the spot of the foul. In this case, it would be R's ball. (6-1-9, 6-5-5 Pen.; 10-2-3)

SITUATION #30: A1 is the eleven player on the field but thinking he is the twelfth, he runs off the wrong side of the field and just stands there during the entire play.

RULING: No penalty since he is not a substitute or replaced player and he didn't come back in and participate. (3-7-3)

SITUATION #31: K1 punts the ball toward R's end zone. R1 touched the kick on his 5-yard line before the ball is recovered by K2 in R's end zone. The officials erroneously award a touchdown to K and they kick the extra point. The coach of R questions the touchdown interpretation before the kickoff.

RULING: It is too late to correct the official's error. The touchdown must stand because the error was not questioned before the try for point. (3-5-3)

SITUATION #32: Team A has seven players with tape on their hands. The coach of Team A gives the umpire a letter from their team doctor indicating that all seven players can be taped because of existing injuries.

RULING: The doctor's letter is not acceptable. The umpire must sanction that the tape is nonabrasive and necessary to protect an existing injury. The umpire must examine before the players are taped so he can determine if there is an injury. (1-5-3e)

SITUATION #33: Substitute K12 comes onto the field following a touchdown. K12 is wearing only one shoe. (a) The officials immediately recognize that K12 has only one shoe, or (b) K12 becomes a player and kicks the extra point.

RULING: In (a) the officials direct K12 to go to his team box and not return until he is legally equipped. In (b), the point is counted. The unsportsmanlike conduct foul against the coach is enforced from the succeeding spot on the kickoff. (1-5-1h, 5, 9-8-1; 10-4-1)

SITUATION #34: Team A is trailing 14 to 12 late in the 4th period and has no time-outs remaining. A1 informs the referee his coach wants a time-out to discuss misapplication of a rule. The coach informs the referee he wants to discuss a foul that occurred early in the period.

RULING: The coach is charged with an unsportsmanlike foul as he was not questioning possible misapplication of a rule that occurred during the previous down. The referee will start the clock with the ready-for-play signal after administration of the penalty. (3-5-8, 3-6-3, 9-8-1c)

Page 20—6-3-2B—Next to last sentence of first paragraph should read, "as the right back (receiving team only) nor as near."

Page 21—6-4-1a(1) now reads: "clearly above the head, he/she is standing upright and the ball passes directly over the player, or" 6-4-1a(2) add: "in an attempt to block the opponents view of the serve, or" 6-4-1b add: "with arms clearly above the head."

Page 56—Picture #3, delete "or serve."

Page 57—Delete the number beside "Illegal Serve" and renumber the remaining descriptions of officials' signals.

Case Book

Page 67—9-3-1B RULING (a) illegal, (b) legal.

SITUATION #1: A suspended game has been rescheduled and is ready to resume when it is discovered that the RB on Team B is ill and unable to resume her original position in the lineup.

RULING: The player may be replaced through regular substitution procedure (1-5-3).

SITUATION #2: Team A's second volley is hit into an adjacent court which is more than 6 feet away and on which another match is in progress.

RULING: Point or side-out.

COMMENT: Adjacent courts where play is in progress or are scheduled for play, are nonplayable surfaces. (2-2-10)

SITUATION #3: Team A's second volley hits an obstruction directly over the net and deflects back to Team A's side. Team A then plays the ball back into Team B's court.

RULING: Legal. (2-3-1)

SITUATION #4: A player from Team B plays a ball off the side of a scoreboard that extends only 6 inches from the wall over the gym floor.

RULING: Legal.

COMMENT: The obstruction is over a playable surface. (2-3-1)

SITUATION #5: The referee arrives at the match and discovers the net measured at the ends exceeds the net height of 7'4-1/8" by 1 inch.

RULING: Illegal. The host school should adjust the net to meet the net height specifications before the match begins. (3-1-1)

SITUATION #6: The home team fails to provide an official scoresheet. There is no room for the visiting scorer at the official's table. The visiting scorer insists that she/he be the official scorer.

RULING: No penalties. The referee has the authority to designate the official scorer, traditionally the home team scorer. However, the official may replace an incompetent scorer.

COMMENT: The host school should make every effort to provide enough space at the officials table for 2 scorers. The visiting team scorer traditionally serves as the assistant scorer. (3-3-1, 5-3-1)

SITUATION #7: A player enters the game wearing: a) a soft cast on the forearm, b) a hard cast on the ankle, c) a hard cast on the ankle padded with at least 1/2" foam rubber, d) a soft nonabrasive cast on the lower leg, e) a brace on the ankle padded with at least 1/2" foam rubber.

RULING: a), b) are illegal, c), d) and e) are legal. (4-1-1, 4-1-2)

SITUATION #8: A player enters the game with her hand taped for a thumb and finger injury. a) the thumb is taped separately then attached to the index and middle fingers by several strips of tape, b) two, three or four fingers are taped together.

RULING: a) and b) legal, no advantage gained. (4-1-1)

SITUATION #9: One player on Team A is wearing: a) long green pants; b) green culottes. Her teammates are wearing green shorts.

RULING: Legal. (4-2-1)

SITUATION #10: The referee detects overlapping on the receiving team but it is not called by the umpire.

RULING: Referee can make the call. (5-3-3a)

SITUATION #11: Prior to game, the umpire checks the lineup. The umpire finds a discrepancy: a) the players are not in the same order as the written lineup; b) the numbers of the players are not the same as those on the written lineup.

RULING: Inaccurate lineup submitted.

COMMENT: Ask coach which lineup she/he wants. Corrections and changes are then made. If any written changes are made, penalize with one point or side-out if no written changes are made, there is no penalty unless the changes cause an unnecessary delay. This procedure is used prior to the game only and is appropriate regardless of who discovers the discrepancy. (5-4-3c)

SITUATION #12: Number 14 on Team A, an illegal server, has scored 2 points. Team A's coach realizes the error, calls time-out and when the teams return to the court, number 15, the correct server, prepares to serve. Number 15 serves and scores another point for Team A. The scorekeeper sounds the horn and informs the umpire that number 14 was out of serving order.

RULING: Side-out awarded. All 3 points shall be canceled.

COMMENT: Although the coach called a time-out to replace the incorrect server, this does not interrupt the term of service. (5-5-3a (4), 6-3-PEN #3)

SITUATION #13: Player positioning at the time of service is such that the LF has 1 foot touching the floor closer to the left sideline than the CF and the other foot closer to the right sideline than CF.

RULING: Legal.

COMMENT: The only line considered in side to side overlap is the one corresponding to the outside player. In this case, it is the left sideline. (6-3-2b)

SITUATION #14: The CF is positioned at the moment of service so that her hand is touching the floor closer to the right sideline than the RF.

RULING: Illegal. (6-3-2b)

SITUATION #15: The CF on serving Team A stands upright with her arms clearly over her head. The served ball passes a) directly over her head b) over the empty space beside her.

RULING: a) Screening, side-out; b) Legal; play continues. (6-4-1a)

SITUATION #16: The RF on the serving team is jumping and waving her arms after the referee signals for the serve, and the umpire notes that the receiving team is overlapping.

RULING: Double foul.

COMMENT: This type of screening is called immediately, therefore the two fouls occurred simultaneously. (6-4-1a(2), 9-9-2)

SITUATION #17: CF, LF on the serving team are grouped close to the net in order to switch positions after the serve. a) all players are standing upright, b) all are standing uprights and the RF and LF have their arms clearly above their heads. The served ball passes directly over the CF.

RULING: a) Screening, side-out; b) Legal, play continues. (6-4-1b)

SITUATION #18: The RF on the serving team is standing upright with her arms clearly above her head after the referee signals for the serve. The umpire notes the receiving team is overlapping. The flight of the serve passes directly over the RF on the serving team.

RULING: The overlapping occurred before the screen, therefore the call is against the receiving team, point is awarded. (6-4-a(1), 6-3-2b)

SITUATION #19: The server hits the ball before the referee signals for service, a) there was a whistle blow for substitution or time-out, b) the crowd noise has made it difficult to hear the whistle during the game, c) the server was confused or excited.

RULING: In a), b), and c) a replay will be called. (8-2-6)

SITUATION #20: After the ball is dead, the referee notices that a back row player on Team B, the receiving team, participates in a block.

RULING: Point for Team A. (9-3-3a)

SITUATION #21: A front row player from Team A approaches the net in an attempt to spike a wide set: a) she completes the play, but grabs the referee's stand to keep from falling, b) brushes the support cable of the standard, c) crashes into the referee's stand.

RULING: a) and c) are illegal, point or side-out, b) is legal. (9-6-3, 9-8-1b)

SITUATION #22: There are simultaneous whistles when the referee signals for the serve and the umpire signals for a substitute.

RULING: Replay. (9-10-1)

SITUATION #23: The coach signals for substitution: a) 2 players immediately report to the sideline and the coach sits down, b) one player immediately reports, but the coach has difficulty deciding on a second substitute, c) the coach walks to the end of the bench are to choose a substitute.

RULING: a) Legal; b) and c) Unnecessary delay. (9-11-1)

SITUATION #24: The coach of Team A requests a substitution giving no indication of how many substitutes: a) one player reports to the sideline, b) two players report to the sideline.

RULING: a) and b) Legal.

COMMENT: The coach no longer indicates the number of substitutions desired. (10-1-1)

SITUATION #25: During a time-out a player on Team A, the receiving team, reports to the umpire that she will substitute for player number 12. The umpire allows the substitution. After Team B has served 1 point, it is discovered that the previous substitute reported her number incorrectly to the umpire.

RULING: The correct number is recorded in the scoreboard and play continues. (10-5-1)

1985-86 NATIONAL FEDERATION VOLLEYBALL RULE INTERPRETATIONS PART II

CORRECTIONS

First installment of Rule Interpretations

#17 ruling should read, "both (a) and (b) are legal."

SITUATION #26: Team A has won the first game 15-13. During the second game, with Team B leading 6-3, a power failure is caused by an electrical storm. Play cannot be resumed.

RULING: The match may be continued by mutual consent of 2 schools involved from the point of suspension at a later time unless the State Association determines otherwise. If resumed, the same lineup shall be used and the game will continue from the point of interruption. The official should verify accuracy of scorebook from the point of suspension. (1-5-3)

SITUATION #27: The referee arrives at the school and finds the standards (including crank) and referee's stand are not padded with a minimum of 1" soft, flexible material.

RULING: The home school should pad the equipment. The match shall be played.

COMMENT: Such padding will be required beginning with the 1986-87 season and it is strongly recommended that the rule be complied with immediately. (3-1-3)

SITUATION #28: A player is wearing a prescribed knee brace having metal hinges and hard plastic supports.

RULING: Legal, provided it is padded with 1/2" foam rubber. (4-1-2)

SITUATION #29: A player enters the game wearing solid one color shorts and shirt while the rest of the team is wearing a uniform of the same color but with contrasting strip down the side.

RULING: Legal, the uniforms are of like color. (4-2-1)

SITUATION #30: A coach from Team A comes to the referee 25 minutes before the match begins. There has been disagreement concerning warm-up procedure, (the amount of time, where, whether music may be used, etc.) The coach wants the referee to make rulings on these matters.

RULING: Warm-up procedure is not part of the rules and therefore is left to state association and school administration. The referee has no authority regarding warm-up procedures unless unsportsmanlike conduct has occurred.

SITUATION #31: During play, the umpire, who is crouched under the net, interferes with an outside attacker's attempt to spike the ball. The referee directs a replay.

RULING: Correct procedure

COMMENT: There are 2 correct positions for the umpire's coverage of the net. The umpire may need to take the position standing on either side of the net. (5-4-2, Volleyball Case Book and Officials Manual)

SITUATION #32: Team A begins a match with 6 players on the roster. During the second game a player is injured.

RULING: Legal, play continues. (6-1-2)

SITUATION #33: Team A substitutes for the team captain. The coach fails to designate a captain on the court.

RULING: No penalty. However, no request for serving order, time-out, etc., may come from the players on the court.

COMMENT: If the umpire realizes the captain is being substituted, she/he may ask the coach for the new captain's number. (6-2-2)

SITUATION #34: Player positioning at the time of service is such that the CF has 1 foot touching the floor closer to the center line than the CB, and has the other foot touching the floor closer to the back line than the CB

RULING: Legal.

COMMENT: The only line considered for front to back overlap is the center line. (6-3-2b)

SITUATION #35: The RF on the serving team runs to the center of the net after the serve is contacted with her arms clearly above her head. The served ball passes directly over her head.

RULING: Legal.

COMMENT: Movement after the contact for serve is not limited by the screening rule. (6-3-2b)

SITUATION #36: Team A's server contacts the ball for a serve while her foot touches the mark indicating the service area.

RULING: Sideout (6-3-PEN #2; 8-2-5)

SITUATION #37: Three players on the serving team are positioned close to each other and all are standing upright. Each player has one arm raised overhead and close to the other players' arms.

RULING: Screening, side-out awarded (6-4-1)

SITUATION #38: A player on the serving team is making distracting movements after the signal to serve. The player stops making these movements just before the serve.

RULING: Screening, sideout awarded (6-4-1a(2))

SITUATION #39: Immediately following the first game, the coach verbally notifies the scorekeeper that the lineup is the same. Then 1 minute before the game, the coach tells the scorekeeper that the lineup will be different.

RULING: Incorrect procedure; point or sideout is awarded to the opponent. (7-2-2a)

SITUATION #40: At the end of the 3 minutes between games, the coach is trying to finish taping one of his starters. The referee directs the teams to go to the floor for play to begin. Then the coach requests one of his time-outs.

RULING: The coach is granted a time-out. (7-3-11; 11-2-2)

SITUATION #41: After the referee's signal, the server runs up to the line, jumps into the air, contacts the ball while over the court and lands 10 feet inside the court.

RULING: Legal. (8-2-5)

SITUATION #42: The coach for Team A is squatting in front of the bench during play.

RULING: Illegal; point or side-out awarded Team B. (9-1-1; 12-2-3)

SITUATION #43: A back row player on Team A, in front of the spiking line, in trying to set the ball contacts the ball when it is higher than the top of the net and accidentally sends it across the net to Team B.

RULING: Illegal. (9-3-3b)

SITUATION #44: A player, in an attempt to make a legal play on the ball; a) steps completely across the center line, b) places a hand on the floor across the center line; c) dives to the floor keeping all of her body on her side of the center line except her hair touches the floor across the center line.

RULING: a) and b) are illegal, point or side-out, c) is legal. (9-7-3)

SITUATION #45: A player is injured during a play in which her teammate sends the ball out-of-bounds.

RULING: Side-out or point is awarded

COMMENT: Replay for injury during play is called only when the referee determines the play was affected or play must be stopped for the injury before the ball is dead. (9-1-1)

SITUATION #46: Player number 4 from Team A has been in and out of the game 3 times. The score is Team A-13, Team B-14 and Team B is serving. The coach of Team A requests a time-out for substitution and number 4 reports to the umpire to enter the game.

RULING: Illegal. Point awarded Team B. The game is over 15-13. (10-4-1)

Rule Book

Page 14—4-6-2—Now reads, "championship meets and other meets using dual confirmation"

Page 24—8-2-1b—Change "hips" to "shoulders" (Also in 8-2-1A on p. 53).

Page 42—2-3-4A—Now reads, "water after all swimmers have completed the race"

SITUATION #1: Starting platforms, numbered from right to left as the pool is viewed from the starting end are correct; however, permanently tilted numbers are also visible and numbered in an incorrect manner

RULING: Incorrect numbers should be covered. (1-4-3)

SITUATION #2: A swimmer places a foot brace on the top of the starting platform

RULING: Illegal, must be removed. (1-7-1)

SITUATION #3: The event is called and the referee turns the swimmers over to the starter without realizing that the swimmers assigned to lanes 2 and 4 are in the wrong lanes. (a) The race is started, there is a false start, and before the restart, the mistake is discovered. (b) The race is complete, but the mistake is noticed before the start of the next event. (c) The mistake is not discovered until after the next event has started

RULING: (a) and (b) Swimmers assigned to lanes 2 and 4 are disqualified from the event and the remainder of the meet except for events in subsequent rounds for which they have previously qualified. (c) Swimmer is not disqualified. (2-3-5, 4-2-2f, 10-2-1 (i))

SITUATION #4: An entry card is submitted which is incomplete. The swimmer completes the race but the incomplete entry card is discovered prior to the start of the next race

RULING: The swimmer is disqualified from that race. (2-3-5, 10-1-1)

SITUATION #5: In a backstroke race, at the starting command, the swimmer pulls up completely out of the water. The starter starts the race and neither the referee nor the referee sound the recall signal. The swimmers complete the race and there is a protest

RULING: The protest must be resolved prior to the start of the next event. (2-3-5, 4-2-2f)

SITUATION #6: After the announcement of the results of the 200 I.M., the referee calls for 50-yard freestyle entries. Team A's coach, located on the opposite side of the pool, is hurrying to deliver his entry card immediately. The referee refuses to allow Team A's entrants in the 50-yard freestyle to compete.

RULING: Incorrect procedure

COMMENT: The coach should be given enough time to get across the pool, but must be told to get future entries in more quickly. (3-2-3)

SITUATION #7: A coach complains about the jewelry worn by a swimmer from the opposing team.

RULING: Jewelry is not specifically prohibited. The referee may require a swimmer or diver to remove objectionable or unsafe jewelry. (Comments on 3-3-3)

SITUATION #8: The lap counter in lane 4 is maintaining the correct count but is not showing it to the swimmer

RULING: Legal, but the count must be visible. (3-4-1)

SITUATION #9: The visiting team is over 1 hour late for a dual meet. The referee rules that the visiting team forfeits the meet.

RULING: Correct procedure.

SITUATION #10: Swimmers in lane 1, 3 and 5 get off to an unfair advantage during the 50-yard freestyle race. The recall device is activated but not in time to stop the race. The referee has the race reswum.

RULING: Correct procedure. (4-2-2)

SITUATION #11: When a coach returns home after a meet and reviews the scoresheet, he discovers that it is incorrect and his team actually won the meet

RULING: The score cannot be changed. The scoresheet becomes official when signed by the referee or 1 hour after the meet. (4-2-3)

SITUATION #12: A breaststroker pushes off the wall after a turn and appears to execute a dolphin kick. The turn judge at the end of the pool signals a disqualification, the assigned stroke inspector insists that there is no violation

RULING: The turn judge's disqualification stands. (4-5-2a, 4-4-2b)

SITUATION #13: In a meet requiring dual confirmation conducted in a 6-lane pool, the coaches request that the starter and referee serve as the only race take-off judges. The officials turn down the request

RULING: Correct procedure. Dual confirmation requires 8 officials for a 6-lane pool. (4-6-2)

SITUATION #14: A team has a meet with junior varsity and varsity competition going on at the same time. The junior varsity teams swim shorter races than the varsity

RULING: Legal. State associations may allow modifications for junior varsity and invitational meets. (5-1-1)

SITUATION #15: Diving is conducted as the first event with the 200 medley relay starting as the pool is ready after the completion of the diving event. After the 50 freestyle, there is a 15-minute break before the 100 butterfly.

RULING: Correct procedure

COMMENT: There could also be a warm-up break after the diving event. (5-1-2)

SITUATION #16: Qualifying for finals, swimmers A and B have identical times but swimmer A is judged to have finished ahead of swimmer B in that heat. Swimmer A is positioned ahead of swimmer B in the finals.

RULING: Incorrect procedure. The swimmers shall be positioned successively in finals by draw. (5-4-1, 5-4-3)

SITUATION #17: In the final heat of the 50-yard freestyle, the automatic timing system malfunctions for lane 5. The back-up system of timing shall be used for lane 5 only. The back-up time shall be integrated into the finish order.

RULING: Correct procedure.

COMMENT: Because the relative order of finish cannot be changed during the integration of times, it is imperative that officials pick the finish order for all races. (6-3-3)

SITUATION #18: Under modified ballot computation, finish judges disagree on the order of finish for just 2 or 6 lanes involved in a race.

RULING: The order of finish for all lanes shall be determined by adding the numerical value of the place given by each judge and the numerical value of the official time. (6-4-5)

SITUATION #19: A starter, in giving the starting command, does so without a distinct pause between the word "swimmers" and "take your mark"

RULING: Incorrect procedure.

COMMENT: There should be a noticeable pause after the word "swimmers," and, in fact, the starter should not allow the swimmers to get to their starting position until the command "take your mark." (8-1-1, Points of Emphasis)

SITUATION #20: During the turn in a backstroke race the official observes the hips breaking the vertical plane before the hand touch. The swimmer is disqualified.

RULING: Incorrect procedure, the shoulders are now the reference point. (8-2-1e)

SITUATION #21: A swimmer in the individual medley begins the last quarter of the race swimming the sidestroke.

RULING: Illegal, the final quarter must be swum with the crawl stroke. (8-2-5)

SITUATION #22: The second swimmer in the freestyle relay becomes confused at the end of his portion of the relay, executes a turn and pushes off the wall to continue swimming. As he surfaces, he realizes his mistake, stops and promptly leaves the pool.

RULING: No disqualification if there was no interference with other swimmers or the electronic equipment. (8-3-4)

SITUATION #23: The visiting coach refuses to compete in the diving event because the home team's pool is only 8 feet deep at the end of the one-meter board

RULING: Legal. (9-1-1f, 1-1-1)

SITUATION #24: When the diver hands his diving scoresheet into the official for review, it is discovered that he is doing dive number 54-12 inward dive, 1 twist, tuck position, degree of difficulty = 1.9

RULING: Legal. (1-meter diving table)

SITUATION #25: Following the diving competition, the diving scoresheets are distributed to all teams

RULING: Improper procedure.

COMMENT: The diving scoresheet is not final and is subject to change until the overall meet scoresheet is signed by the meet referee. (9-6-1)

SITUATION #26: A stroke inspector fails to raise his hand overhead when he observes an infraction.

RULING: If the referee agrees with the inspector's evaluation, the swimmer is disqualified. (10-2-1b)

SITUATION #27: After a fair start which is confirmed by referee and starter in the 50-yard freestyle, one swimmer stops after 2 strokes and returns to the starting end of the pool. He states that he heard a recall whistle.

RULING: Swimmer is disqualified in that event for an illegal finish. (10-2-1f)

SITUATION #28: A backstroker following his third turn comes up in an opponent's lane, takes 1 stroke and then returns to his assigned lane.

RULING: Swimmer is disqualified for swimming in the wrong lane. (10-2-1k)

SITUATION #29: A diver attempts a dive 2 times but balks on both attempts. The referee disqualifies the diver.

RULING: Correct procedure. (10-2-3)

Meeting Folder

Page 3 — (Sixth line) Change 5 to 6.

SITUATION #1: The following sequence of events takes place: the buzzer sounds to conclude the second period, and at that time, the two wrestlers are on their feet with Wrestler A behind Wrestler B with his hands locked around Wrestler B's waist. Wrestler A then picks Wrestler B up, brings him back over his head and slams him to the mat with unnecessary force. What is the correct procedure for the referee to follow?

RULING: In this situation where the action was clearly initiated after time had expired would either be ruled as unnecessary roughness or flagrant misconduct. If, in the referee's opinion, it was unnecessary roughness, Wrestler B would be awarded one point, and if he, were injured to the extent he was unable to continue following a maximum of two minutes recovery time, he would be awarded the match by default. If the referee ruled the action as flagrant misconduct, then Wrestler A would be disqualified and his team would receive a one point deduction.

COMMENTS: If this same situation were to occur at the end of the third period, it would be ruled as either unsportsmanlike conduct or flagrant misconduct. When the match has been stopped at the end of the first or second period or during an out-of-bounds situation, and one contestant commits a physical act against another contestant, it can only be ruled in two ways: either unnecessary roughness or flagrant misconduct. If it is ruled as unnecessary roughness then you award one match point, and if there is an injury, you would allow for two minutes recovery time. If it is ruled as flagrant misconduct, you would have a one team point deduction and the disqualification of a contestant.

SITUATION #2: Wrestler A lifts Wrestler B off the mat and, while he is in the air, the buzzer sounds to conclude any period. Wrestler A continues to lift his opponent and returns him to the mat with unnecessary force.

RULING: In this situation Wrestler A would be guilty of a slam as the action was clearly started prior to the conclusion of the period. Anytime you lift your opponent off the mat you are responsible for his safe return even though time expired prior to returning your opponent to the mat. The penalty in this situation would be: Wrestler B would receive one point for the illegal slam and if he were injured to the extent that he was unable to continue following a maximum of two minutes recovery time, he would be awarded the match by default.

SITUATION #3: A contestant shows up for weigh-in and has a mustache that is confined to the upper lip and his sideburns extend approximately one inch below the bottom of the earlobe. Would this individual be able to compete in wrestling competition following the weigh-in?

RULING: It is permissible for an individual to have a neatly trimmed mustache as long as it is confined to the upper lip. The rule does state, however, that sideburns shall not extend below earlobe level. The sideburns for this individual would have to be trimmed.

SITUATION #4: During a dual meet weigh-in, the heavyweight contestants are only checked to make certain they weigh at least 184 pounds. Is this the correct procedure for weighing-in the heavyweight contestants?

RULING: Starting with the current wrestling season, the maximum weight for any contestant shall be 275 pounds. Therefore, when contestants are weighed-in for the heavyweight classification, we must check to make certain their weight exceeds 184 pounds and is also not greater than 275 pounds.

COMMENTS: It is also necessary to check the minimum and maximum weight for any contestant who wishes to wrestle in the 98-pound weight class. His weight must exceed 83 pounds and cannot exceed 98 pounds. The same circumstances are true for a 98-pound contestant who wishes to wrestle in the 105-pound weight class.

SITUATION #5: During the weigh-in period an individual scheduled to wrestle in the 138-pound weight class steps on the scales and his weight is 142 pounds. He is advised that he has the remainder of the weigh-in period to make the 138-pound weight class. He immediately puts on a rubberized suit, followed by heavy sweat clothes and begins running. What is the correct procedure for the referee to follow?

RULING: Rule 4-4-6 states that the use of sweat boxes, hot showers, whirlpools, rubber, vinyl and plastic type suits used for the purpose of weight reduction is prohibited and will disqualify an individual from competition. The individual so observed in this situation would not be allowed to compete in the competition that he was weighing-in for.

SITUATION #6: A school hosting a regular season tournament sends out an information packet and it states in the packet that the weigh-in period for the tournament will be from 9:00 a.m. until 10:00 a.m. with wrestling starting at 10:30 a.m. Is this the correct procedure to follow for weighing-in contestants for a regular season tournament?

RULING: Rule 4-5-3 states that for regular season tournaments contestants shall weigh-in at the tournament site a maximum of 1½ hours and a minimum of ½ hour before the first session each day. The guidelines mentioned in the cover letter concerning the tournament do follow the procedure outlined in the rule book.

SITUATION #7: Wrestler B assumes the defensive starting position and Wrestler A decides to use the optional offensive starting position. In doing so he positions himself on the left side of his opponent, standing on both feet with one hand placed on the shoulders and the other hand on the lower back. Is this a proper optional starting position?

RULING: The new starting position requires that the hands placed on the back be touching at the thumbs. There are also several other criteria that the offensive wrestler must follow in order for the optional starting position to be legal.

SITUATION #8: Wrestler A is ahead of his opponent by a score of 14 to 0 when he is able to turn his opponent into a near fall position. When the referee begins the five second count would the match be terminated because, by starting the count, we are saying that a two point near fall has been earned, which would make the score 16 to 0.

RULING: No, the match would not be terminated at this point in time. Wrestling shall continue until the referee actually signals the points to the team bench. In a near fall situation you would not signal any points until the situation had concluded. This would mean that Wrestler B was either pinned or the near fall situation had concluded.

SITUATION #9: Wrestler A is ahead of his opponent by a score of 14 to 4 and both wrestlers are on their feet. Wrestler A is able to initiate a takedown with an upper body move that places Wrestler B on his back when he makes contact with the mat. The referee completes his five second count and shortly thereafter, Wrestler A is too high on his opponent and is reversed by Wrestler B. The reversal immediately puts Wrestler A on his back and he is pinned. Would Wrestler B be declared the winner of the match?

RULING: The match would be won by Wrestler A on a technical fall. As soon as Wrestler A takes Wrestler B to the mat he is awarded two points, which would make the score 16 to 4 and as soon as the five second count has been completed and Wrestler B reverses Wrestler A, you would award a three point near fall to Wrestler A, making the score 19 to 4. At this time Wrestler A is ahead by 15 points and would be awarded the match on a technical fall.

SITUATION #10: In a dual meet Team A was awarded 4 points for a forfeit instead of five points. Is this a clerical error that can be corrected?

RULING: This is a clerical error involving the recording of team scoring and may be corrected whenever detected. This would be true for both a dual meet or a tournament.

SITUATION #11: Wrestler A wins a dual meet by a score of 7 to 6. After the following match has been completed, the coach of School B realizes that his wrestler received only 2 points for a near fall when the referee had actually signaled a 3-point near fall. Is this a correctable error?

RULING: The above situation would be a correctable error but it can only be corrected prior to the start of a subsequent match in dual meet competition. It is not a clerical error because it involves more than just the addition of match score. This correction would involve changing a match score and this does not fall under the clerical error category.

SITUATION #12: During a tournament where two mats are being used the following occurs: on mat number 1, the assistant coach of Team A questions an official concerning the misapplication of a rule and the referee rules that no misapplication took place. Later on in that same tournament session the head coach questions the misapplication of a rule and again the referee's ruling is that there was no misapplication. Shortly thereafter on mat number 2 the assistant coach again questions the misapplication of a rule and he is wrong. What is the penalty procedure?

RULING: The first time the assistant coach questions the misapplication it is a warning. The second time when the head coach questions a misapplication it is the deduction of one team point. The third occurrence when the assistant coach questions judgment, the penalty is the removal of the head coach from the premises for the duration of that tournament session.

Page 17 — Play 2.10B Note, 4th line change "jump ball" and 6th line change "tap" to "throw-in."

Page 38 — Play 5.2.3, 1st line change "tap" and "jump" to "throw-in."

Page 45 — Play 6.3.3B, 1st line change the 2nd "A1" to "A3."

SITUATION #1: During the jump ball to start the game after the ball is tossed (a) B1 violates, or (b) B1 fouls A1, or (c) A1 intentionally fouls B1. When is the possession arrow set?

RULING: In (a) and (b) when the ball is handed to the thrower-in of Team A, Team A has gained "control" for purposes of establishing the procedure, and the arrow is pointed in the direction of B's basket. In (c) the arrow is pointed in the direction of A's basket when B1 is handed the ball for the first of two free throws. (6-3-1)

SITUATION #2: A squad member of Team B dunks the ball in pre-game practice. The penalty is administered to start the game. After A1's successful free throw, Team A is awarded the ball for a throw-in at the division line. Either: (a) after; or (b) before the ball is handed to A1 for the throw-in, A2 is charged with a technical foul. Is the possession arrow pointed toward A or B's basket?

RULING: In (a) the arrow is pointed in the direction of B's basket since Team A has "control" for purposes of establishing the procedure when A1 was handed the ball. In (b) "control" has not been gained for establishing the alternating procedure until a player of Team B is handed the ball for the throw-in. The arrow is then pointed in the direction of Team A's basket. When the game or an extra period is started with a technical foul(s) or flagrant personal foul, the possession arrow is set after the thrower-in is handed the ball. (6-3-1)

SITUATION #3: (a) The home management has placed the players benches on opposite ends of the court along the end lines. The court has ample space for the benches on either side of the scorers and timers table located outside the division line; or (b) the benches are located on either side of the table but are on the 4th row of the bleachers; or (c) the benches for the home team utilize some seats in each of the first three rows.

RULING: It is recommended that the benches be at the side of the court on which the table is located. Any time the benches are placed as in (a), (b) or (c) the state association should be notified. The benches should be located on the seats which are at floor level rather than in those above floor level. The seats should all be in one row unless it is not possible. Also, the benches for both teams should be located in similar relationship to the table and approximately the same distance from it. The benches must remain as placed by home management unless the officials feel that there is concern for player safety. (1-13)

SITUATION #4: A1 has fouled out of the game and returns to the bench. (a) Some squad members of Team A rise to congratulate A1, or (b) some squad members of Team B rise and shake hands with A1 as A1 leaves the court. In both cases the individuals are immediately seated.

RULING: There has been no violation of the intent of the bench conduct rule. Displays of sportsmanship and fair play are to be encouraged and are clearly identifiable as such. If rising from the bench is for purposes of displaying poor sportsmanship, it should be penalized accordingly. (10-4, 10-5)

SITUATION #5: The coach of Team A leaves the bench area and goes to the table to seek information other than a correctable error (a) during a time-out, or (b) during the intermission between the first and second quarters.

RULING: A technical foul carrying a 2-shot penalty is charged in both (a) and (b). This information is required, it must be secured by a manager or statistician, etc., when the clock is stopped and the ball is dead. A coach is not permitted at the table for this purpose. To allow exceptions would open the door for exploitation and would result in situations which could not be enforced consistently. (10-5)

SITUATION #6: A1 commits his or her fifth personal foul and the coach and A1 are properly notified regarding the disqualification. The coach rises from the bench to shake hands with A1 and then surveys the bench for a replacement. Is the coach allowed to talk to the other players who have congregated on the court near the bench area?

RULING: Yes. The coach may talk to these players, however, the coach must be seated as soon as the substitute reports and is beckoned onto the court. The coach is allowed 30 seconds to make a replacement and is allowed to stand within the confines of the bench until the substitution is completed. (10-5-5)

SITUATION #7: While closely guarded by B1 in A's frontcourt, A1 dribbles close to and beyond A2. A1 uses A2 as a screen to legally obstruct B1. B2, who has been guarding A2, immediately switches to guard A1. The officials counted was at 2 seconds while B1 was guarding A1 and another 3 seconds are counted after B2 switches. Should a 5-second violation be called?

RULING: Yes. In a situation such as described, there has been no actual break in the closely guarded provision. The count should continue in a situation where a defensive switch is made, while the player with the ball is continually guarded and the continuity of the count is not broken. (9-11-2)

SITUATION #8: During a charged time-out, both teams go to the sideline to confer with their coaches. Is it permissible for the players to sit on the bench during this break in the action?

RULING: Yes. It is common practice for players to sit on their team bench during a charged time-out period. In some cases, when there is a delay in game action, the officials may allow players to go to the sideline area, but they must remain on the court. (10-3-5)

SITUATION #9: A1 jumps for a try for goal and is fouled in the act of shooting by B1. A1 loses control of the ball, and it pops from his or her hands(s). While still in the air, A1 regains control of the ball and scores. Does this constitute a foul? Is A1 entitled to 1 or 2 free throws.

RULING: The basket does not count. The continuous motion provision allows the ball to remain alive following the foul by B1. However, the try ended and the ball became dead when the ball was touched by A1. A1 is awarded 2 free throws for being fouled in the act of shooting during an unsuccessful try. (4-1-2; 6-7 Exp. c)

SITUATION #10: A1 receives a pass in A's forecourt. A1 is closely guarded. Does he immediately dribbles into the midcourt. The closely guarded count is at 4 when A1 ends the dribble and holds the ball for 4 more seconds before passing it to A2.

PULING: Legal. When A1, while closely guarded, started a dribble in A's forecourt the midcourt lines had no significance and A1 is entitled to a holding count anywhere in the frontcourt. (9-11)

SITUATION #11: A1 receives a pass in A's forecourt and begins a dribble there while not closely guarded. A1, while not closely guarded, dribbles into the midcourt. B1 now begins to closely guard A1. A1, while closely guarded in the midcourt, (a) dribbles for 4 seconds and then holds for 1 or more seconds, or (b) dribbles for 3 seconds, then crosses into the forecourt where he or she while still closely guarded dribbles for 4 seconds and then holds for 4 seconds.

RULING: In (a) it is a violation as soon as the official's count reaches 5, whether A1 is dribbling and/or holding. In (b) all of the action is legal since A1 receives a new dribbling count when he or she advances into the forecourt and is also entitled to a holding count. (9-11)

COMMENT: For purposes of the closely-guarded rule the dribble started when A1 first became closely guarded. Since this occurred in the midcourt, the combination count is in effect and a new dribble count is given the first time A1 advances from midcourt to forecourt.

SITUATION #12: The Team A coach is off the bench and moves within the team's bench area while talking with substitutes. The game is in progress and the clock is: (a) running; or (b) not running.

RULING: A technical foul in both (a) and (b). Whether the clock is running or whether the ball is alive or dead is immaterial. The coach may not be off the bench in this situation whether the clock is running or stopped. (10-5)

SITUATION #13: A1 is fouled in the act of shooting and is entitled to two free throws. A1's first attempt is successful. Erroneously the ball is taken out-of-bounds by Team B for a throw-in. B1 is dribbling toward B's basket and is fouled by A1. It is A1's 5th foul. The error of failure to award A1 the 2nd free throw is then discovered. What is the proper procedure?

RULING: The error will be corrected and then play continues from the point of interruption. Since A1 has been disqualified, the substitute who replaces him or her must shoot the free throw which A1 did not attempt. (2-10-1; 4-11)

SITUATION #14: B1, while in the air, secures a rebound from a missed field-goal attempt. B1 is off balance and falls to the floor but still has control of the ball.

RULING: A traveling violation results. B1 is considered to have fallen to the floor while holding the ball. (4-29 Ques. 1)

SITUATION #15: Team A trails 60-59 with just a few seconds remaining in the 4th quarter of play. A1 is fouled in the act of shooting by B1, but time expires before the ball is in flight. A1 is awarded 2 free throws. The coach of Team B is charged with a technical foul before A1's attempts. A1 makes (a) neither throw; or (b) one throw; or (c) both throws. When does Team A shoot the free throws resulting from the technical foul?

RULING: In (a), (b) and (c) the 2 free throws for the technical foul are attempted as part of the 4th quarter. In (a) the 2 free throws for the technical foul will determine if an extra period is necessary. In (b) the one successful free throw ties the game and if either free throw for the technical is successful, no extra period is required. In (c) the two free throws insure there will be no extra period. The penalty for the technical foul is administered immediately after A1's attempts and the results will reflect the final score. A quarter or extra period does not end until all free throws and related activity has been completed. (4-1-1; 6-7-7)

DELEGATE ASSEMBLY MEMBERS

Members of the Delegate Assembly at the forthcoming 1985 annual meeting of the Association were elected by the Board appointed state representatives of the K.H.S.A.A. There were several ties in the voting for delegate and alternate. These ties were broken recently, with the delegates and alternates determined by lot. Article IV, Section 2-c, of the Constitution states in the last sentence, "If the duly elected delegate or alternate does not answer the roll call at the annual meeting of the Delegate Assembly, the district shall remain not represented". The names of the district representatives are as follows:

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn East, Louisville, Kentucky on Saturday, November 30, 1985. The meeting was called to order by President Pat Crawford at 9:00 a.m. with all Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Asst. Commissioners Brigid L. DeVries and Louis Stout, and Sports Information Director Julian Tackett present. Mr. Lloyd Redman was present representing the State Department of Education. The invocation was given by Mr. Redman.

Tom Buchanan moved, seconded by Charlie Wilson, that the minutes of the meeting held on October 12, 1985, be approved as submitted. The motion carried unanimously.

Frank Welch made a motion that all bills of the Association for the period of October 1, 1985, through November 30, 1985, be approved. Tom Buchanan seconded the motion which carried unanimously.

President Crawford called on Billy Wise for the Football Committee Report. Mr. Wise advised the Board of the following results of the recent football survey. Ninety schools had voted in favor of the proposal which had been mailed to the schools, and forty-four were opposed to the proposal. Mr. Wise presented an optional proposal for the Board's discussion, and stated that consideration had been given to those schools who had presented various objections to their placement. Following a lengthy discussion, Chester Turner made a motion that another proposal be drafted and mailed to all football schools. The principal would have an opportunity to indicate a choice of Proposal I or Proposal II and would also have an opportunity to appear at a hearing at the Kentucky High School Athletic Association Office on December 12, 1985, to present his/her concerns regarding the football realignment for 1987-90. Frank Welch seconded the motion which carried unanimously.

A discussion ensued with regard to the new basketball rule which states that all coaches must remain seated during the basketball game. Commissioner Mills stated that this was a new National Federation rule and informed the Board members that the K.H.S.A.A. is a member of that Association and has agreed to abide by their rules. As stated in By-Law 19, Rules Governing Contests, in the K.H.S.A.A. Constitution & By-Laws, "All contests involving member schools shall be governed by National Federation of State High School Associations rules if an official set of rules is issued for that sport". He also quoted Article VIII, Section 4, Waiving of Rules which states, "School officials of member schools may not by mutual agreement waive or modify any of the rules of the Association for any contest". Mr. Wise stated that he had attended the National Federation Basketball Committee Meeting in Kansas City where this new rule was discussed in length. Mr. Buchanan stated that officials should use common sense when carrying out this new rule, and all other rules of the Association.

President Crawford issued a big thanks to the Friends of High School Athletics for the hospitality during the Football Playoffs.

Following a discussion of the eligibility status of 7th and 8th grade girls to participate in a fall basketball program at a high school, Ray Story made a motion, seconded by David Webb, that the Board waive the Limitation of Season regulation for the 1985-86 school year as it applies to those Students at the elementary level (grades 1-8) who participated in a fall basketball session. This waiver is for the 1985-86 season only. A letter of clarification of the Limitation of Season regulation will be sent to each member school prior to the 1986-87 school year. The motion carried unanimously.

Tony Olinger suggested the possibility of presenting academic awards to schools recognizing the highest grade point average among their athletes. Commissioner Mills agreed this would be a favorable item for committee study.

The next regular meeting of the Board will be at the Executive Inn on January 18 during the Louisville Invitational Tournament. Appeals hearings will be at 9:00 a.m. on Saturday morning, January 18. The regular meeting will immediately follow any appeals hearings.

Mr. Wise reported that \$254,914.50 in ticket sales had been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament had netted \$6,116.00, both figures being ahead of last year's receipts at this same time.

Commissioner Mills reminded the Board members that proposals to be presented to the Delegate Assembly in April should be submitted by the January meeting.

There being no further business, Ray Story moved for adjournment. Chester Turner seconded the motion, which passed unanimously.

Appeals Hearings

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn East in Louisville, Kentucky on Friday morning, November 29, 1985, for the purpose of hearing appeals. The meeting was called to order by President Pat Crawford at 9:00 a.m. Present were all Board Members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Asst. Commissioners Brigid DeVries and Louis Stout, Sports Information Director Julian Tackett and Lloyd Redman, representing the State Department of Education. The invocation was given by Mr. Redman.

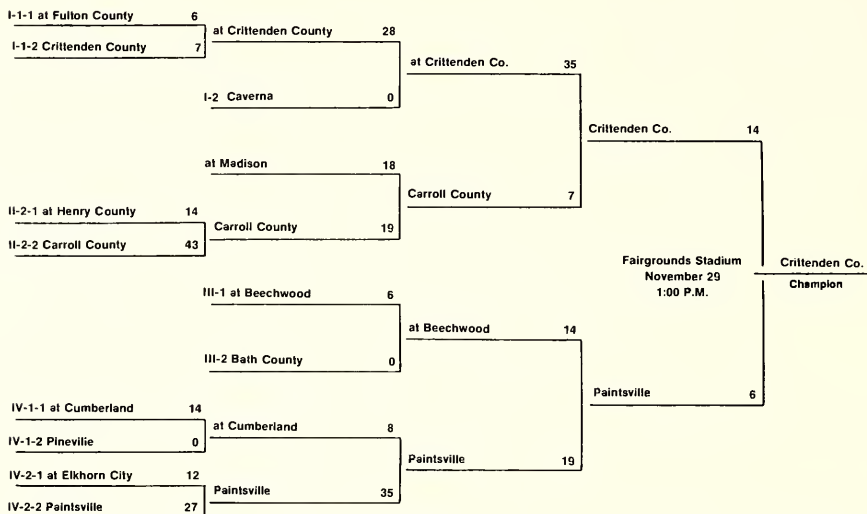

President Crawford requested that Mr. James C. Meek make this presentation to the Board on behalf of his daughter, Shannon. Shannon Meek had transferred from Glasgow High School to Danville High School and had been declared ineligible to participate in interscholastic athletics under the provisions of By-Law 6. Mr. Meek had asked that the Board waive By-Law 6 and allow Shannon to participate. Following his presentation and questions to him by Board members, Grant Talbott made a motion that By-Law 6, Transfer Rule, not be waived in this case. Tom Buchanan seconded the motion which carried unanimously.

Lady Liberty Receiving Much- Needed Facelift

Restoration of the Statue of Liberty on Ellis Island in New York is under way and is expected to be completed by July 4, 1986 — the 100th anniversary of Lady Liberty.

A French legal scholar, Edouard de Laboulaye, is credited with originating the concept of constructing the Statue in 1865, but the project made little headway until the eventual sculptor, Frederic Auguste Bartholdi, got involved in 1871.

When the Statue was completed in 1886, Bartholdi pulled the string that unveiled the Statue and triggered a chorus of foghorns, fireworks and a 21-gun salute. The Statue was built in commemoration of the freedom that Americans enjoy in the United States.

The Statue has been a fixture in the hearts of Americans for the past century, but time has taken its toll on Lady Liberty. Restoration was begun last year to enable the Statue to be viewed by Americans for centuries to come.

Many activities are planned in 1986 leading up to the July 4 festivities. Included in those activities is the Kodak Liberty Ride Festival, a 100-city event that will combine a bike ride, entertainment, food and fun. Part of the proceeds from the event will benefit the National Federation and Individual State Association's drug and alcohol education program. Every member school will have an opportunity to support this important event.

The February issue of the "Athlete" will contain more details of the Liberty Ride Festival.

1985-86 Certified and Approved Basketball Officials

A large number of K.H.S.A.A. registered officials have qualified for the advance ratings of Certified and Approved as a result of the National Federation Part II Examination. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the state tournament.

Athletics Have Educational Values

By A.E. Blecke
(from the "Illinois Interscholastic")

In my opinion it is long past time for the "Educational Establishment" to re-evaluate its position in regard to the entire spectrum of interscholastic athletics.

What educational purposes does athletics have in the secondary school? What are the educational values of interscholastic competition? What are the educational goals in having spectators at interscholastic contests? What are the responsibilities of the athletes? Furthermore, what are the responsibilities of the spectators, the coaches, and the administrators of the participating schools? I would like to deal with each of these areas.

What educational values does athletics have in the secondary school, and what are the purposes of competition? In my opinion there are many values, and the purpose is important.

Properly handled, athletics should teach the following values: teamwork, the uniting of effort to achieve a common goal; sacrificing oneself for the common good; optimum physical fitness; pride and graciousness in achievement; sportsmanship; acceptance of defeat without recrimination or loss of motivation; fellowship with others of similar goals; friendship and admiration for opponents; and others too numerous to mention.

Some may challenge schools by saying, "What's the sense of spending all that money for such frills?" or "What does playing games have to do with the 3 R's?" These short-sighted views are what causes Boards of Education to cut extracurricular activities first in a tight money situation.

Athletics and other extracurricular activities are a real-life competency test. Students learn to react in artificial stress situations to better handle real-life stress situations as adults. There are no other activities that prepare students, as well as these. The cost? Our entire extracurricular budget for a school of 1,800 students with over 50 percent of the student body participating at any one period (for a minimum expenditure of one-third the time they spend in class) comprises 4 percent of the total school budget. I'm sure there is not other comparable bargains found in or out of education, even at twice the cost. In addition, I am sure that many students have remained in school to profit from their regular class work largely because of their participation in extracurricular activities.

What are the educational goals in having spectators at interscholastic contests? Properly motivated, spectators enhance, for the participants, the values which are inherent in the activity. When others are watching, the effects on the individuals performing in the activity are heightened. Spectators also cause the individual to strive for greater results than when no spectators are present. Spectators can lend vocal and emotional support to the participants. The spectators themselves receive vicarious benefits from the activity: "The thrill of victory and the agony of defeat." Spectators can learn an appreciation for the skills involved in an activity and relate them to their own experience: past, present, or future.

What are the responsibilities of the athletes? Properly motivated, the participants; athletes, coaches, cheerleaders, and other support groups, have several responsibilities. Usually they have been chosen in a competitive situation as representatives of their school, which increases these responsibilities.

First, they have a responsibility to represent their school in relations with other schools.

Second, they have the responsibility to represent the school in relation to itself and to the community.

Third, they have a responsibility to represent themselves as individuals. They must act in a way that will not bring discredit upon themselves, their school, or their community. This includes personal activities as well as group activities.

Certain assumptions of exemplary behavior are quite universally accepted as proper for a teenager. Breaking the law in any manner, using narcotics or alcohol or being under its influence, smoking, using foul language, or acting in any disrespectful manner are all examples of unacceptable behavior by any teenager and especially by a teenage athlete.

As avoidance of these activities may or may not have been inculcated into their behavior pattern prior to their being selected as a representative of a school, it becomes the school's responsibility to make them aware of society's expectations.

What are the responsibilities of the spectators? Properly motivated, spectators, too, have certain responsibilities inherent in their status. First, in an educational setting, spectators are present at the invitation of the schools. Whether an admission fee is charged or not, spectators, whether students or not, do not have a right to act any way they choose. Second, as with athletes, expectations of proper spectator behavior are quite universally accepted. Spectators are not to be disrespectful to their opponents or to the game officials. They should treat visitors to their school as they would treat a visitor to their home. They should act at another school as they would act when they are visitors at someone else's home.

What are the responsibilities of coaches? The role of the coach is unique and all-important. To the members of his team, he must be able to offer inspiration and sound judgment as well as teach skills and techniques. Unfortunately, the coach must be all things to all people, and frequently he falls short of these expectations. To the parents of the team members he is an incompetent if he or she doesn't play their child, or is a genius if their child is a regular palyer. To the community he is a god if his team is consistently a winner and gets better each year, or a candidate for tar and feathers if he produces anything less.

In reality, the coach must be, for athletes, parents, and other spectators, an exemplary model in stressful situations. The coach's behavior, during a contest can cause a riot or calm a storm. The coach must be knowledgeable in the specialty at hand, must demand and receive respect from all concerned, must teach skills and techniques and inspire excellence in performance. The coach must make decisions involving team member's behavior in a fair and impartial manner regardless of the probably effects on the winning or losing of contests. If he falls short of any of these standards, it could have a negative effect on the values of these standards, it could have a negative effect on the values inherent in athletic programs.

What are the responsibilities of the administrators of the participating schools? The administration, in reality, has the ultimate responsibility for all aspects of the athletic program. We as administrators can try to blame the coaches, the parents, and the changing values of society for the many problems that crop up in relation to high school athletics. In reality, however, it all comes back to our not having the courage to control the operation of the program in a sound educational manner.

I don't agree that society's values are changing. It is our commitment to these values that is changing. I agree that some parts are not teaching values, some churches are losing their effectiveness, and many schools are saying it is not their job. Somebody had better step into the breach. Somebody had better begin standing for something. I think it should be we, the administrators. If athletics is a training ground for life situations, as I think it is, we had better start doing some training. We

CONGRATULATIONS TO K.H.S.A.A. SCHOLARSHIP RECIPIENTS

The 1985 Sweet Sixteen State Basketball Tournaments marked the inception of the K.H.S.A.A. Academic Scholarship Awards based on a combination of athletic ability and achievement, and academic standing and success. The first winner, announced at the Girls State Tournament was Whitley County's Tammy Golden.

Golden was a key player in the Lady Colonels' drive to the championship as well as a proven performer in the classroom and in other outside activities. Tammy is now studying at Cumberland College in hometown Williamsburg. Her award was presented by K.H.S.A.A. Commissioner Tom Mills and for 1985 was provided by the Kentucky Education Foundation and Superintendent of Public Instruction Alice McDonald.

Mills also presented the Boys' winner, senior Chip Nixon of the Metcalfe County Hornets, at the Sweet Sixteen Tournament in Lexington the next week. Nixon was instrumental in his team's winning of a berth in the 1985 Sweet Sixteen as well as a thorough involvement in his highschool in many activities, and the respect of his peers as evidenced by his selection as Mr. Metcalfe County High. Nixon is currently a freshman at Centre College in Danville.

Nixon and Golden will be featured in the 1986 tournament program. The program and awards for 1986 are to be expanded even further as the K.H.S.A.A. continues to recognize the academic achievements of its athletic participants. Lexington Mayor Scotty Baesler has secured \$6,000 in scholarships to be awarded to three participants in the boys tournament based on academic and athletic achievement in addition to the \$44,000 to be awarded as scholarships to participants in the first annual Sweet Sixteen Academic Showcase, an academic competition which is already underway statewide and will culminate with the finals in many of the academic areas at the same time as the boys tournament.

OPEN DATES FOR FOOTBALL TEAMS

CONGRATULATIONS TO COACH JOAN MAZZARO, NOTRE DAME

Congratulations are in order for Coach Joan Mazzaro, of Notre Dame Academy, on her selection as the Region 3 Volleyball Coach of the Year as selected by the National High School Athletic Coaches Association. Coach Mazzaro was honored at a banquet this past summer in Denver.

CONGRATULATIONS TO MICHELLE O'BRYAN, SACRED HEART

The K.H.S.A.A. salutes Michelle O'Bryan from Sacred Heart Academy who was selected to the 1985 Prince Academic All American Tennis Team for girls. Michelle completed the 1984-85 school year with a grade point average of 3.9 while also excelling on the tennis court reaching the quarterfinals of the 1985 State Tennis Tournament. Michelle was one of ten players selected for this honor from among seniors throughout the country. The award is based on academic excellence as well as athletic achievement.

BLUE STATEMENT UPDATES - PLEASE RESPOND

In the next few days you will be receiving the first semi-annual Blue Statement update. This statement will show all pertinent information related to your school as it is on file with this office. Please take the time to correct and update this form so as to help with communications concerning all K.H.S.A.A. Rules and Activities.

CONGRATULATIONS TO JIM WATKINS, SOUTHERN HIGH SCHOOL

Congratulations to Jim Watkins, Athletic Director at Louisville Southern High School who was chosen as a recipient of the National Federation Citation for excellence in interscholastic athletics. Watkins has served as Southern's Athletic Director since 1974, is past President of the Kentucky High School Athletic Directors Association, and currently serves as that organization's Executive Secretary. He has assisted the K.H.S.A.A. as a manager in both the state football and basketball championships.

K.H.S.A.A. and U.K. CONDUCTING FOOTBALL INJURY STUDY

The Kentucky High School Athletic Association in conjunction with the University of Kentucky Athletic Training Department is currently conducting a football injury study. The objective is to determine the types, frequency, and the number of football related injuries and illnesses. Data will pertain to fractures, dental injuries, and injuries causing the athlete to miss a game or more than three days of practice, and heat related illness where practice or game time is lost. A comparison will be made between game and practice injuries.

IMPORTANT NOTICE TO ALL KHSAA OFFICIALS

Effective with this year, 1986, officials in baseball, basketball, football, soccer, softball, track, volleyball, and wrestling will be required to re-register between May 1, 1986 and June 30, 1986. New officials will still be permitted to register until the current deadlines. Registration forms will be mailed during April to all currently registered officials. If your address is not correct or you have had trouble receiving mailings, magazines, etc. from this office, you should contact Ms. Pruitt immediately to have her double check your address. Officials not re-registering during the May-June period will be assessed a \$25.00 late charge in addition to the normal fees required. There will be no waivers from this policy or fee.

If you do not receive your re-registration form prior to June 1, you should contact this office immediately. Non-receipt of information will not be an acceptable reason for waiver of the late fee.

The new registration schedule is due in part to a new reciprocal agreement between the states adjacent to Kentucky in an effort to allow the ratings, years service, and other items, to transfer from one state to another.

The procedure to register in another state will be detailed next month in the Athlete. A special card will be provided by the Federation to indicate you multiple state registration and this should cut down on the fees that are now required by several individual states. If you have any questions, contact Executive Assistant Billy Wise at the office.

BELFRY FOOTBALL TEAMS EXCELS OFF THE FIELD

According to coach Philip Haywood, academic achievement is an integral part of the Belfry football program. This year, 40 members of the Belfry team made the honor roll. All told, 72 students involved with the program, including managers, stats, Pirettes, and cheerleaders), made the honor roll, which adds up to 18% of the entire school honor roll. Haywood feels this is proof positive that academics and athletics can and must work together.

RULES INTERPRETATION - BASKETBALL COACH EJECT FROM GAME

Does an ejected coach have to be reinstated before coaching again? "The answer is yes", according to Billy Wise, Executive Assistant Commissioner of the K.H.S.A.A. and the rules interpreter for basketball and football. According to Wise, coaches ejected from games are considered suspended due to a violation of By-Law 17, the Practice of Sportsmanship, and must therefore be reinstated by a member of the Commission. This rule applies to all sports sanctioned by the KHSAA. This means that if the varsity coach is ejected from the JV game, he may not coach the varsity team that night unless he has been reinstated by a member of the Commission. According to Wise, ejected coaches and players are to request reinstatement in writing in addition to any phone calls for reinstatement, and the ejecting officials should submit the ejection card to this office promptly.

BY-LAWS INTERPRETATION - LIMITATION OF SEASONS

One of the topics which has created considerable calls to this office for interpretation this year is the limitation of seasons as it pertains to basketball, and squad members participating in outside leagues, tournaments, etc. in addition to the high school program. No member of a high school team may have played prior to the season, or may play after the season, in a league, tournament or other event in that sport during the school year. This is considered as a practice and is a violation of By-Law 27, Limitation of Seasons, as it pertains to basketball. This rule has been waived for this year only, by the Board of Control, to allow 7th and 8th graders who played in a fall program to play also with the high school program. The waiver was granted only for this season.

NEW TRACK PUBLICATION TO BE PUBLISHED FOR COACHES, ETC.

This office has been notified that *Inside Track* will be published beginning this month and is available for high school coaches and other interested parties. This magazine, in newsletter form, is to be published 20 times per year. Questions and comments should be addressed to INSIDE TRACK, 2316 Chester Road, Birmingham, AL, 35223. Send inquiries to the attention of Mr. John Parks. Their phone number is (205)879-1889.

advise the Boards of Education who set the policies. We employ the athletic directors, coaches, and sponsors. We have the overall responsibility for the programs.

We had better begin looking at our expectations of students, athletics, supervisors and coaches. We had better start paying attention to the little things we all tend to overlook. We had better begin standing up and being counted. If we do not, we don't deserve our jobs. If we do not, we deserve all the headaches and problems that will certainly follow. If we do not, we ought to resign from the Principalship because we certainly do not deserve the title of leaders or educators.

We administrators must reassess our programs. We dare not emulate those whose credo is: "Winning is the name of the game." "Our opponent is the enemy." "Good guys finish last." High school interscholastic athletic competition does have a great many values, for participants and spectators alike, as long as education is the goal. We must guarantee that education is the goal. There is another quotation, often attributed to the coach of the losing team, which says, "This year we are building character." We administrators had better be sure that our coaches are building character every year or replace them with someone who will. Building character is a role all educators must assume. If we do not, who will?

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Executive Inn, Louisville, Kentucky, on Saturday morning, January 18, 1986. The meeting was called to order by President Pat Crawford at 9:00 a.m. Present were all Board members, Commissioner Tom Mills, Executive Assistant Billy Wise, Assistant Commissioners Brigid DeVries and Louis Stout and Sports Information Director Julian Tackett. Mr. Lloyd Redman, representing the State Department of Education was also present. The invocation was given by Mr. Redman.

President Crawford advised the Board members that the Appeals Hearings and the Regular Meeting would be combined into one meeting. He then called on Mr. David Curtis, Attorney for Gabrielle Mitchell, to present the first appeal. Following Mr. Curtis' presentation and questions to him, Gabrielle and her father, they were excused and advised that Commissioner Mills would notify them of the Board's decision in the very near future. Tom Buchanan made a motion, seconded by Frank Welch, that By-Law 6, Transfer Rule, be waived in this case and that Gabrielle be allowed to participate in interscholastic athletics at Carlisle County High School. The motion carried unanimously.

The second appeal was presented by Owensboro High School Athletic Director Jack Hicks on behalf of Jeremy Coomes, a transfer from Daviess County High School. Jeremy had been ruled ineligible to participate in sports under By-Law 6, Transfer Rule. Executive Assistant Wise had investigated the case and presented his findings to the Board. Following a discussion by the Board with Mr. Hicks, Frank Welch moved that the Board uphold the decision of the Commissioner in this case and rule Jeremy ineligible to participate in interscholastic athletics at Owensboro High School for thirty-six school weeks. Chester Turner seconded the motion, which passed by a vote of nine in favor of the motion and one abstention (Grant Talbott).

Then came Ron Hunter on behalf of his son, Mike Hunter, a student at Holy Cross High School who had been ruled ineligible under By-Law 6, Transfer Rule, due to the fact that Mike had participated in athletics at Covington Catholic High School. Following Mr. Hunter's presentation and questions to him by the Board members, Grant Talbott made a motion, seconded by Ken Tippet, that the Board uphold the decision of the Commissioner in this case. The motion carried by a vote of nine in favor and one opposed.

The fourth appeal was presented by Principal Don Hines of Frankfort High School. The Commissioner had informed the school that due to the fact two ineligible players were permitted to participate in basketball, those games in which they were permitted to play must be forfeited to the opposing team under By-Law 24, Forfeits. Mr. Hines had requested to appear before the Board to appeal the decision of the Commissioner. Following Mr. Hines presentation and questions to him by the Board members, David Webb made a motion that the decision of the Commissioner be upheld in this case. Tony Olinger seconded the motion, which carried unanimously.

There being no further appeals, President Crawford advised the Board that the Regular Meeting was now called to order.

Frank Welch made a motion that the minutes of the November 29, 1985, meeting be approved. Chester Turner seconded the motion, which carried unanimously.

Frank Welch moved, seconded by Charlie Wilson, that the bills of the Association for the period December 1 through December 31 be approved. The motion carried unanimously.

Following a discussion of the date and site for the next meeting of the Board of Control, Ray Story made a motion that the site of the next meeting be in Bowling Green on Thursday, March 27, 1986, at 9:00 a.m. at the Greenwood Executive Inn.

Executive Assistant Wise reported that \$292,108.00 in ticket sales had been received through this date for the Boys State Basketball Tournament. Advanced ticket sales for the Girls State Basketball Tournament had netted \$6,116.00 both figures being ahead of last year's receipts at this time.

Football Committee Chairman Chester Turner presented the following proposal for the Board's approval.

- A. Schools shall be required to play all other teams in their district to qualify for championship play.
- B. The winner in District I shall play the runner-up in District II and vice versa.
- C. Tournament play shall begin three (3) weekends prior to Thanksgiving Weekend. The finals in each class shall be played on Friday or Saturday following Thanksgiving.
- D. 1. In all district play-off competition, the winning team in each district shall be designated as the home team. Should teams from the same district meet in the second round of the play-offs, the district winner will be designated as the home team. In all other cases, and in all subsequent play-off games except for the final round, the odd numbered district or region shall be designated as the home team in odd numbered years, and in even numbered years, the process will be reversed. No play-off game shall be scheduled or played on a date or time that requires loss of school time.
2. In all regional competition, the even numbered districts and regions shall set the site, date and starting time in even numbered years. In uneven numbered years the process will be reversed. The site, date and starting time of the final game in each class shall be determined by the Board of Control.
- E. Finance distribution for tournament play shall be governed by Section IV, Finances under K.H.S.A. Rules and Regulations governing Football Championships.
- F. A school, upon written application of the principal and approval of the Board of Control, may be permitted to move from a lower into a higher classification. Any school placed in a higher classification must remain in this classification until all districts are re-classified. Schools will not be permitted to change classification if the change requires a district to fall below five (5) or to exceed eight (8) in number. A school may not be permitted to move into a higher classification if the change requires the school to travel a greater distance than if it remained in its assigned district.
- G. If at any time during the classification period (1987-1990) a school withdraws from play-off competition, it may not re-enter until the end of the classification period.
- H. Should three or more teams tie for the championship or runner-up based upon the won/loss record, the championship and runner-up shall be determined by the following plan: If one of the three teams tied for the championship or runner-up has defeated the other two teams in a game contested between them, that team shall be declared the Champion or Runner-up. If the tie remains, each team tied for the championship/runner-up shall receive one point for each game won by any four of their defeated opponents (including district and non-district games) except

the game played between the teams tied for the champion and each of their defeated opponents shall be omitted when calculating points to break the tie. If the tie remains after a team's highest points have been counted, an additional game will be counted until the tie is broken. All games played shall be counted in breaking a tie, including out-of-state games. If a tie results after the above plan has been applied, it shall be broken by the Board of Control.

Chester Turner made a motion that the above Football Proposal be accepted as presented. Frank Welch seconded the motion. The motion carried by a vote of seven in favor and three opposed. President Crawford commended the Football Committee for their untiring efforts in proposing the new football alignment.

(The new football alignment can be found on the inside front cover of this issue of the "Athlete").

President Crawford called on Commissioner Mills to present the proposals which he had received for presentation to the Delegate Assembly. Commissioner Mills briefly discussed the proposals he had received from the following schools or groups: Eastern Kentucky Valley Cooperation - changing girls basketball to a fall sport; Tates Creek High School - By-Law 27 as it relates to football; Monticello High School - in regard to the President of the Board of Control presiding at the Annual Meeting; Montgomery County High School - By-Law 27 as it relates to soccer; Oneida Baptist Institute - By-Law 21 as it relates to non-football playing schools.

A discussion ensued regarding the possibility of the transfer form being changed to allow more input from the principal when requesting a waiver of the transfer rule. Commissioner Mills informed the Board that he was considering asking other state associations to advise him of their procedure for handling transfer students.

Commissioner Mills presented a letter he had received from Jackson High School requesting to be moved from Basketball District 55 to District 56. Charlie Wilson moved that this request be tabled until the March 27 meeting. Tom Buchanan seconded the motion which carried unanimously.

Commissioner Mills discussed the possibility of Kentucky and Indiana Boys and Girls Basketball Championship Games to be sponsored jointly between the Kentucky High School Athletic Association and the Indiana High School Athletic Association and to be held in Kentucky at Rupp Arena on April 15, 1986. The games are tentatively scheduled for 1987 at Market Square Arena in Indianapolis. Proceeds from the games will go to the catastrophic and other insurance funds in each state, policies which cover participants in all activities sponsored by the two Associations.

Following a discussion of this joint proposal, Charlie Wilson made a motion, seconded by Chester Turner, that the Board sanction this event. The motion carried unanimously. Commissioner Mills advised the Board that ticket information would be forthcoming.

Commissioner Mills then advised the Board of the Academic Competition being sponsored by Mayor Scotty Baesler and the City of Lexington and held in conjunction with the Sweet 16 in March. He stated that 2300 students from 153 high schools would be competing. There will be three \$2,000.00 scholarships awarded to individuals competing in the basketball tournament in addition to some \$44,000.00 in scholarships to those competing in academic competition.

Commissioner Mills also announced plans for the Kodak Liberty Ride being sponsored jointly by Kodak, the National Federation, Walt Disney, and all State Associations. The bicycle rides will take place on May 18, 1986, all across America for the purpose of earning money

for the restoration of the Statue of Liberty. One dollar of the entry fee will go to the National Federation to be used for the Chemical Awareness Program with each state association receiving \$.75 of that dollar to be used for the same purpose. Further information will be available in the near future.

Executive Asst. Wise recommended to the Board that officials for the district and regional basketball tournaments be assigned in the same manner as for 1985--that being that officials will officiate within their region for the district basketball tournaments but will go outside their region for the regional tournament, except in instances where the Local Policy Board had requested otherwise. Ray Story moved, seconded by Frank Welch, that this recommendation be adopted. The motion carried unanimously.

Following a discussion of two automobiles to be purchased by the Association, David Webb moved, seconded by Tony Olinger, that the Board accept the bid presented by Bunt Gross Chevrolet-Oldsmobile Co. of Irvine. The motion carried unanimously.

Asst. Commissioner Stout announced to the Board that the Wrestling Tournaments would be as follows: District - February 1; Regional - February 8; Semi-State - February 15; State - February 22 at Atherton High School in Louisville.

Chester Turner made a motion, seconded by Charlie Wilson, that the Commissioner be empowered to grant each team that participated in the football playoffs \$1,200.00 to help defray expenses. The motion carried unanimously.

Following a discussion of the possibility of basketball district tournament balloting resulting in a tie, Ken Tippet made a motion, seconded by Chester Turner, that in the event of a tie, the district site will be decided by the flip of a coin. The motion carried unanimously.

There being no further business, Frank Welch moved that the meeting be adjourned. Tom Buchanan seconded the motion, which carried unanimously.

APPEALS HEARINGS

(Continued from December Athlete)

The next presentation was made by Brother Paul Seadler of St. Xavier High School on behalf of Darrell Beavers. Darrell's mother and stepfather were present at the hearing. Darrell had transferred from Marmion Academy in Illinois to St. Xavier High School and was declared ineligible by the Commissioner to participate in interscholastic athletics under the provisions of By-Law 6, Transfer Rule. Following Bro. Seadler's and Mr. and Mrs. Sallie comments, and questions to them by the Board members, Charlie Wilson made a motion that the Commissioner's decision be upheld in this case. Tom Buchanan seconded the motion which carried unanimously.

President Crawford then called on Mr. Bill Ritchie to present his appeal on behalf of his son, Brian. Mr. Ritchie had requested a waiver of By-Law 6, Transfer Rule. Following his presentation and questions by the Board members, Grant Talbott moved, seconded by Charlie Wilson, that the Commissioner's decision be upheld. The motion carried unanimously.

Then came Mr. and Mrs. Bob Ballinger, parents of Pamela who attends Waggener High School. Pamela had been declared ineligible to participate in interscholastic athletics due to the fact that she had represented Central High School in first team games in basketball and tennis prior to transferring to Waggener High School. Following a lengthy discussion regarding the circumstances surrounding this case, David Webb made a motion that Pamela be reinstated and be allowed to participate in interscholastic athletics at Waggener High School. Frank Welch seconded the motion which carried unanimously.

There being no further appeals, the meeting was adjourned.

1985-86 NATIONAL FEDERATION BASKETBALL RULE INTERPRETATIONS PART II

SITUATION #16: Can loss of control occur during a dribble?

RULING: No. Loss of control ends a dribble. Therefore, if the player regains control a subsequent dribble is a violation and not part of the original dribble. (4-12)

SITUATION #17: How should the 2nd quarter be started if a contact foul occurs, (a) simultaneously with; or (b) clearly after, the end of the 1st quarter?

RULING: In (a) a contact foul is seldom, if ever, instantaneous with the ending of a period. The official is expected to decide whether it occurred before or after the expiration time. In case of doubt, it is administered as part of the 1st quarter. In (b) the contact is ignored unless it is ruled intentional or flagrant or is a player control foul by an airborne shooter. If ignored the 2nd quarter starts with an alternating possession throw-in. If the contact is not ignored, it is a technical foul which is penalized to start the 2nd quarter of play. (4-15-7 Note: 5-6)

SITUATION #18: A1 is fouled in the act of shooting. The signal to end the 3rd quarter sounds while the unsuccessful shot is in the air. The coach of Team B is charged with a technical foul: (a) prior to F1's first free throw; or (b) following A1's first free throw; or (c) after the ball is dead following A1's second attempt. Team B has the alternating possession arrow for the 4th quarter throw-in.

RULING: In both (a) and (b) the two free throws for the technical foul will be attempted as part of the 3rd quarter and will be administered following A1's second attempt. In both cases Team B will be given the ball for a throw-in to start the 4th quarter. In (c), since the 3rd quarter ended when the ball became dead after A1's second free throw, the technical foul will be penalized to begin the 4th quarter. Following the two free throws, Team A is given the ball for a throw-in at the division line. The possession arrow remains pointed in the direction of B's basket. (5-6-3)

SITUATION #19: Team A is entitled to the next throw-in under the alternating procedure. A1 has the ball out-of-bounds following a score by the opponents. A1 is unable to complete the throw-in within 5 seconds.

RULING: Team B's ball as a result of the violation. However, the alternating possession arrow does not change since A1's violation did not occur during an alternating possession throw-in. The only way the throw-in team can lose the arrow is if it commits a throw-in violation during and alternating possession throw-in. (9-3-3)

SITUATION #20: While the ball is alive and the clock is running: (a) the coach of Team A stands up to attract the attention of A1 in order to give instructions; or (b) following an unusually fine scoring effort by A1, the Team A coach and substitutes spontaneously rise from the bench to cheer and then immediately return to their seats.

RULING: In (a) it is a technical foul on the coach. In (b) the spontaneous reaction to an outstanding play by a member of their team is legal and is the intent of the rule. (10-4-1g; 10-5)

SITUATION #21: While the game is in progress, the coach of Team B rises and accompanies B6 to the table to make sure the substitute reports properly.

RULING: This is a technical foul. The coach is not allowed to be off the bench for this purpose. (10-5)

SITUATION #22: A1 steps on the free throw line during a free throw attempt and B1 then disconcerts.

RULING: The ball becomes dead when A1 violated. The disconcertion by B1 is ignored. Unless another attempt is to follow, the ball is awarded to Team B out-of-bounds at the free throw line extended. (6-7-8; 9-1-7 and Pen. 1)

SITUATION #23: During a throw-in A1 and B1 simultaneously foul each other and before the clock starts against the Team A coach is charged with a technical foul.

RULING: A1 and B1 have committed a double foul. The foul on the coach causes the entire situation to be a false double foul. Following the free throws for the technical foul, the ball is put into play with a throw-in by B from the division line. (4-15-3; 8-7)

SITUATION #24: A1 catches the ball while both feet are off the floor. A1 lands on both feet simultaneously, then jumps and again aligns on both feet at the same time.

RULING: A violation when A1 touched the floor a second time with either foot. In this situation A1 is required to either pass or try for goal before retouching with either foot. (4-29-2a; 3b)

SITUATION #25: The ball is out-of-bounds: (a) after being simultaneously tapped by jumpers A1 and B1; or (b) and was simultaneously touched by A2 and B2 before it went out; or (c) and was tapped from a group of inbounds players and one official

thinks A2 touched it last while the other official thinks it was B2.

RULING: In (a) A1 and B1 must jump again at the center circle. In (b) and (c) if the alternating procedure had been established, a throw-in follows by the entitled team at the out-of-bounds spot. If the alternating procedure had not been established, A2 and B2 will jump at the center circle. (6-1; 6-3-3)

SITUATION #26: A1 is dribbling in the direction of A's basket. B1 is running to catch A1 and is approaching from the side. B1 is not in the same path as A1. A1 makes a quick lateral move and stops abruptly in B1's path. B1 is unable to stop and contact results.

RULING: A player control foul on A1. Even though A1 has the ball, he or she is not permitted to move into B1's path so quickly that B1 is unable to stop or change direction. (4-15-8; 10-6)

SITUATION #27: The throw-in by A1 strikes B1 who is inbounds. The ball ricochets from B1 and: (a) goes directly out-of-bounds; or (b) goes directly across the line and strikes A1's leg.

RULING: In (a), B1 has caused the ball to be out-of-bounds. In (b), A1 has caused the ball to be out-of-bounds. (7-2)

SITUATION #28: Defensive pressure by B1 forces A1 to end the dribble. A1 then passes the ball against the leg of: (a) B2; or (b) an official. In each case, A1 recovers the ball as it rebounds.

RULING: In (a), the action is legal and A1 may dribble again. In (b), it is a violation when A1 touches the ball. When the ball touches an official, it is the same as if the ball had touched the floor at the official's location. A1 actually dribbled a 2nd time when the ball was touched after rebounding off the official. (4-10-5b; 9-5)

SITUATION #29: Substitute A6 reports to the scorer and is waiting for the ball to become dead and the clock to be stopped. Play continues for about two minutes without a substitution opportunity. The coach directs A6 to return to the bench. A6 informs the scorer to cancel the substitution. A violation occurs, should the scorer signal for the substitution?

RULING: No. A1 is not required to enter since the substitution request was canceled. (3-3)

SITUATION #30: A1 is injured as a result of a foul. A1 is removed from the court and A6 reports and enters as the replacement. A6 is successful on both attempts. A7 reports to replace A6 after the ball is at A6's disposal for the 2nd attempt.

RULING: A7 should be beckoned immediately after the 2nd successful attempt. (3-3-1; 8-2)

SITUATION #31: What is the difference between a double foul and a false double foul?

RULING: A double foul involved two opponents committing personal fouls against each other at approximately the same time. A false double foul involves two or more opponents and the 2nd foul may be committed up to the time the clock starts again after the 1st foul(s). At least one of the double foul ingredients must be absent in order for a situation to be a false double foul. The normal missing ingredient is either the "opponents fouling each other" or "at approximately the same time." Also in many situations one or both of the fouls are technical. Remember, after a double foul no free throws result, whereas each foul carries its own penalty after a false double foul. (4-15-3; 10-6 Pen. 5b)

SITUATION #32: On a jump ball, why does the ball become alive before the ball is tapped?

RULING: Most jump ball violations occur after the ball leaves the officials' hand(s). If the ball did not become alive until tapped, the violations would occur during a dead ball and would have to be treated differently than other violations. (6-1-1)

SITUATION #33: A1 is holding the ball after ending the dribble in A's backcourt. Team B is using a pressing defense. A1 throws the ball: (a) against an official; or (b) against B's backboard; or (c) against B1. A1 then recovers the ball.

RULING: In (a) and (b) it is a violation. Throwing the ball against the official or the opponent's backboard is the start of a dribble when A1 is first to touch the ball. In (c) the action is legal and A1 may dribble again. (4-12; 4-10-5b; 9-5; Fund #19)

SITUATION #34: Do guarding principles apply only to the defensive player and the player with the ball?

RULING: No. The principles which apply to guarding a player with the ball apply equally to guarding a player without the ball, except when establishing initial guarding position on a moving opponent who does not have the ball. Once legal guarding position is established, the guard may shift and move to maintain that position. (10-6 and Comment on the Rules)

1985-86 NATIONAL FEDERATION WRESTLING RULE INTERPRETATIONS PART II

SITUATION #13: Two wrestlers in tournament competition are tied at the conclusion of the regular match and also tied at the conclusion of the overtime match. In applying the overtime criteria 1 through 9 to the overtime and then applying it to the regular match there is still no winner. How do we determine the winner of this overtime match?

RULING: The referee and/or mat judges or assistant referee, if they are being used, shall determine the winner on the basis of over-all wrestling ability. This includes action in both the regular and overtime match.

SITUATION #14: Wrestler A is attempting an escape when Wrestler B locks his hands around the waist of Wrestler A and pulls him back. Wrestler B immediately releases the locked hands and Wrestler A again attempts to escape. In order to prevent the escape Wrestler B again locks his hands and pulls Wrestler A back. It is soon obvious that the escape cannot be made and the referee stops the match. What is the correct penalty to assess?

RULING: In this situation we clearly have two different circumstances where the hands of the offensive wrestler were locked during an escape attempt, therefore, Wrestler A would receive one point for each locked hands, for a total of 2 points.

SITUATION #15: Wrestler A is attempting to turn Wrestler B with a half-nelson and in doing so, Wrestler B injures his shoulder and the match is stopped. The shoulder is injured to the point that Wrestler B is unable to continue the match. Who would be declared the winner of this contest?

RULING: Wrestler B's injury is the result of a legal hold and therefore Wrestler A would not be penalized. Wrestler A would be declared the winner of the match by default.

SITUATION #16: In a dual meet during the 138-pound match, Wrestler A is warned then penalized for stalling in the first period. Wrestler A loses his hands twice in the second period. In the third period Wrestler A is called for stalling and the referee awards two points to his opponent. The match ends with Wrestler A losing by a score of 10 to 4. At the end of the dual meet, when signing the scorebook, it is brought to the attention of the referee that Wrestler A should have been disqualified as it was his fourth penalty. The referee agrees and changes the score of 10 to 4 to a disqualification, which awards Wrestler B's team 6 points instead of 3. Is this procedure correct?

RULING: This would be considered a correctable error but the correction must take place prior to the start of a subsequent match in dual meet competition. After the completion of the dual meet the referee cannot go back and change the match score in the 138-pound weight class. In this situation the referee was in error.

SITUATION #17: In the 126-pound match at the beginning of the second period the wrong individual was given the choice. The individual chose the up position and promptly pinned his opponent in the first fifteen seconds of the second period. Is this a correctable error or would the fall count?

RULING: An error in choice at the beginning of the second period is correctable only at the beginning of the third period. If the wrong individual is given their choice at the beginning of the second period you simply reverse that situation at the beginning of the third period. In this situation the fall would count and the match would be concluded.

SITUATION #18: During the 185-pound match Wrestler A, who was losing by a score of 8 to 16, reversed his opponent putting him on his back with a legal head and arm. He met the criteria for a 3-point near fall but before a fall could be completed, the headlock became illegal and the referee stopped the match. At this time the coach of Wrestler A becomes extremely upset and the referee penalizes him for unsportsmanlike conduct. Shortly after the match has been resumed the coach of Wrestler A again becomes extremely upset and is again penalized for unsportsmanlike conduct. At this point in time what would the score of the match be and what effect has the coach had on team score?

RULING: Wrestler A, who had eight points prior to the reversal, would be credited with two points for the reversal and three points for a near fall giving him a total of 13 points. His opponent would have 16 plus one point for the illegal hold when the match was first stopped. Team A would have one team point deducted because of the action of the coach on the first unsportsmanlike conduct call. The second time he commits an unsportsmanlike act the penalty is removal from the premises only and does not result in a team point deduction.

COMMENTS: The only way the team would be penalized the second time would be if in fact, the action of the coach on the second occurrence was deemed as flagrant misconduct, and in that case, there would be a deduction of one team point along with the removal.

SITUATION #19: A wrestler weighs in for the 132-pound weight class but he has a scratch weight of only 125 pounds. What weight class is this individual eligible to compete in during a dual meet?

RULING: An individual that weighs 125 pounds is eligible to compete in the 126-pound weight class or one weight class up, the 132-pound weight class. Just because you weigh in with the 132 pounds does not mean that you are a 132-pound contestant. Your weight class is determined by your actual stripped weight.

SITUATION #20: During the weigh-in Team A weighs in two wrestlers at the 98-pound weight class with the idea of moving either wrestler up to the 105-pound weight class. Wrestler number 1 weighs 89 pounds and Wrestler number 2 weighs 95 pounds.

RULING: Team A can only move Wrestler number 2 up to the 105-pound weight class. Wrestler number 1 weighs 89 pounds, which is below the minimum weight for a 105-pound contestant. Any individual wishing to wrestle in the 105-pound weight class must weigh a minimum of 90 pounds.

SITUATION #21: In a tournament match using an assistant referee the assistant referee observes an illegal hold used by the offensive wrestler in placing his opponent on his back. The assistant referee observes the time on the clock when this situation took place but it is approximately 10 more seconds before the referee stops the match. What is the correct ruling for this situation and do we have "bad time"?

RULING: As soon as the match is stopped the referee and assistant referee will meet briefly at the edge of the mat near the officials table. If the referee is in agreement with the assistant referee the offensive wrestler would be penalized for an illegal hold and no back points would be awarded. The clock would also be adjusted as this would be considered "bad time." If the referee does not agree with the assistant referee then there would be no penalty and the offensive wrestler would receive whatever back points he had earned.

SITUATION #22: Do the minimum and maximum weights described in Rule 4, Section 4, Article 2 vary as the growth allowance described in Article 4 is applied?

RULING: The minimum and maximum weights described in Article 2 have been established as standard weights and the growth allowance is not to be applied to these minimum and maximum weights.

SITUATION #23: Wrestler A assumes the new optional offensive starting position. At the sound of the whistle Wrestler A releases Wrestler B and backs away three steps and then immediately comes forward and grabs Wrestler B in a control situation. Would this be considered as an escape followed by a takedown?

RULING: An escape can only be awarded when Wrestler B faces Wrestler A after Wrestler A backs up. We must allow time for either Wrestler B to turn around and face his opponent or for Wrestler A to come around in front of Wrestler B. In this situation there would be no escape and obviously no takedown.

SITUATION #24: Wrestler A has Wrestler B in a pinning situation at the edge of the mat in the following situations: (a) Wrestler B has only his head and shoulders in-bounds with his scapula and the rest of his body out-of-bounds; (b) Wrestler B has his left shoulder and scapula in-bounds and his right shoulder and scapula out-of-bounds; (c) Wrestler B has his scapula in-bounds with his shoulders and head out-of-bounds. In which of the following situations is it possible for Wrestler A to score a fall or near fall points?

RULING: The rules state that a fall or near fall can only be scored if both shoulders or both scapula of the defensive wrestler are in-bounds. Therefore in the above situations, a fall or near fall could be scored in (a) and (c) and in (b) no points or fall could be awarded.

SITUATION #25: Wrestler A is injured when Wrestler B applies a figure 4 body scissor and is unable to continue the match. Does Wrestler A win the match because of the technical violation against Wrestler B?

RULING: If Wrestler A is unable to continue the match he must default the match to Wrestler B. Technical violations are not treated the same as illegal holds. If an individual is injured through the use of an illegal hold an individual is unable to continue the match following two minutes recover time then he would be declared the winner; if however, an individual is injured through the use of a figure 4 body scissor, which is a technical violation, he cannot be awarded the match if he is unable to continue wrestling.

ANNOUNCING. . . .

1st Annual Mid America Classic

Since the announcement that the state basketball tournament champions from Kentucky and Indiana would meet in a one day doubleheader, it's been called "*The Natural*". The two neighboring states whose love for basketball at the high school level is well documented, will have their champions oppose each other in games to be held at Lexington's Rupp Arena on April 5, 1986. The girls champions will meet at approximately 1:15 p.m. with the boys champs colliding immediately afterwards.

Kentucky and Indiana are two of the few states whose high school basketball competition is not classified. That is to say, that the enrollment of a school has no effect upon who they compete against. Both states have a long standing tradition of competitive excellence in high school basketball, both have produced a great many college and professional players, and both have built their state tournaments to be truly the greatest shows on earth.

The two have now joined forces to help benefit all high school students. Proceeds from the games will help high school athletic participants in both states as all funds will go towards the catastrophic and liability insurance program, a policy which is designed to help offset medical expenses of a participant who suffers a severe injury while playing in, or traveling to or from, a high school athletic contest. This plan, which has a \$3,500 deductible clause, is in excess of other insurance, but has provisions to provide for unlimited lifetime medical benefits per injury.

The cost of this plan has been steadily rising. The expense costs each state nearly \$100,000.00 to insure all participants in all sports sanctioned by the state high school athletic associations. This policy is a benefit to all participants, one which the K.H.S.A.A. and the I.H.S.A.A. are dedicated to maintaining.

Tickets for the doubleheader are priced at \$7.00 for lower arena reserved seats, and \$5.00 for upper arena reserved seats and are available either by mail, or at the offices of either the Kentucky High School Athletic Association, 560 E. Cooper Drive, P.O. Box 22280, Lexington, KY 40522; or the Indiana High School Athletic Association, 9150 N. Meridian Street, Indianapolis, IN 46240.

K.H.S.A.A.
TRACK AND FIELD
COMMITTEE MEETING

The K.H.S.A.A. Track and Field Committee met at the Association office in Lexington on January 21, 1986. The meeting was called to order by Brigid L. DeVries, Assistant Commissioner at 1:30 p.m.

Members present were: John Gettler, Bob Miller, Jean Wright, Bro. Borgia, Bill Patton, Charles Rutler, Reba Woodall, Susan Fetter, Larry Wingfield, Robert Stacey, Marty Mayer, Tony Rowe and Will Pagan.

Mr. Charles Ruter gave a short report concerning the Mason-Dixon Games, stating that there were about 2,000 athletes from 90 schools scheduled to participate. There was also discussion on a possible change of date, location and format of the games. It was suggested that the Committee for the Mason-Dixon Games look into the possibility of having a similar type of games for high schools only.

The first agenda item was the new alignment recently approved by the Board of Control which would be in effect for at least two years. Ms. DeVries explained that the purpose of the re-alignment was to better balance the regions. She also stated that the KHSAA office and the All-Sports Committee had compiled the new re-alignment from input from the participating track schools.

The next item for discussion included Region and Sectional Meets and sites. Some minor changes were made on the information sent to the schools. It was announced that the KHSAA would not absorb any deficits for regional and sectional meets. The dates for the meets

are as follows:

Regional Meets: May 16 & 17, 1986

Sectional Meets: May 24, 1986

State Meet: May 31, 1986

It was emphasized that all track meets be scheduled so as not to interfere with regular school time.

The Committee screened the State Track Meet Information Sheet and discussed some revisions in the field events time schedule. Marty Mayer submitted a proposal for a different state meet format for the Committee to review.

Ms. DeVries announced that the Board of Control approved in their last meeting a restructure of the Track Committee. It was suggested that the core of the Committee be made up of one representative per two basketball regions to get equal representation throughout the state. These members would serve for a four-year term. The K.H.S.A.A. would also select an additional four to six at-large members. This procedure will be in effect for the 1986-87 school year.

The Track Clinic dates and sites are as follows:

February 20, 1986 — St. Xavier High School - Louisville

March 24, 1986 — Tates Creek High School - Lexington

April 1, 1986 — Daviess County High School - Owensboro

All clinics are scheduled for 7:00 p.m.

There was a brief discussion regarding the 1985-86 National Federation Track Rules changes. It was decided that for the Regional, Sectional and State Meets, competitors in the throwing events and the long and triple jumps will be allowed 3 trials in the preliminaries followed by 3 additional trials in the finals. In other meets, if the participating coaches agree, all competitors are allowed four trials. Rules 6-2-1 & 7-5-8

It was suggested that the All-Sports Committee survey the schools with regards to the addition of the 4 x 800 meter relay. This item will be brought up at the March meeting of the Board of Control.

There being no further business, the meeting was adjourned.

STATE GOLF
COMMITTEE MEETING

February 4, 1986

The State Golf Committee met on February 4, 1986, at the Kentucky High School Athletic Association office. Bill V. Wise, Executive Assistant called the meeting to order at 10:00 A.M. Members attending the meeting were: Jackie Reed, Lou Brown, Bill Frost and Ernie Denham. Brigid L. DeVries, Assistant Commissioner also attended the meeting.

The first item of business was Regional Tournament. There were some minor changes made in the Regional Tournament Information Sheets. There was a short discussion for possible change in format of regional tournaments to allow more travel time for teams having to travel too far to complete rounds in one day.

NEWS RELEASE

FOOTBALL RULE CHANGES ANNOUNCED FOR '86 SEASON

KANSAS CITY, MO. (January 15, 1986) — No major rules changes were made by the National Federation Football Rules Committee in its January 8-9 meeting in Reno, Nevada, as the committee determined that the condition of high school football rules has never been better.

The committee, composed of one representative from 48 of the state member associations and representatives of the National Federation Interscholastic Coaches Association (NFICA) and National Federation Interscholastic Officials Association (NFIOA), approved nine minor changes for the 1986 high school football season and identified four areas that need special attention in the coming season.

"This was the fewest changes in the football rules in the 20 years I have been associated with the committee," said Dick Schindler, Assistant director of the National Federation and liaison to the Football Rules Committee. "This reflects on the good condition of the game. The committee considered many proposals but did not make any changes that are going to affect the game significantly."

"Most of the changes made this year were clarifications of the rules for benefit of officials and coaches. The committee determined that no radical changes were needed, and none were made."

One of the clarifications made by the committee involves Rule 2-10-2c and emphasizes that defensive players cannot clip an opponent within the free-blocking zone. The free-blocking zone is a rectangular zone extending laterally four yards on either side of the spot of the snap and three yards behind each scrimmage line.

The committee also revised the definition of batting to include a ball in player possession. Henceforth, a team will be penalized 15 yards if one of its players bats (intentionally slapping a ball with the arm or hand) forward a ball in possession of one of its own team's players.

Beginning next season, each player's helmet must have a visible exterior warning label regarding the risk of injury. Although most schools complied previously, the label now will be required. The label is part of the National Operating Committee on Standards for Athletic Equipment (NOCSAE) standard and indicates that players have been instructed and understand the risks involved in the game of football.

In other rules changes, the committee noted that a team must begin the game with 11 players but can continue with fewer if no substitutes are available to replace injured or disqualified players. In revising Rule 1-2-3b, game administrators are now allowed to place a four-inch wide broken restraining line around the entire field two or more yards from the sidelines and end lines for control of individuals outside the team boxes.

Other revisions made by the Football Rules Committee:

- * A new thigh guard padding specification takes effect in 1990.

- * Nonplayers cannot use insulting or vulgar language or gestures.

- * Two articles were added to Rule 9-6 (Illegal Participation) and mainly consisted of providing coverage for acts not clearly identified previously.

Points of emphasis for 1986 adopted by the committee were ball adjustment by the snapper, team-box restrictions, teammates aiding the runner and illegal helmet contact.

Points of emphasis are determined by the committee each year in an effort to improve compliance and enforcement in those areas.

"The committee felt that rules in these four areas are not being interpreted properly or not enforced uniformly in all situations," Schindler said. "The illegal helmet contact has been an annual point of concern and cannot be emphasized enough."

Approximately 15,000 National Federation member high schools offer football, involving about one million participants. Following are the complete rules changes for 1986:

SUMMARY OF CHANGE

A team must begin the game with 11 players but may continue with fewer than 11.

Allows game administration to place a four-inch wide broken restraining line around the entire field two or more yards from the sidelines and end lines.

The helmet of each player shall have a visible exterior warning label regarding the risk of injury.

New thigh guard padding specifications goes into effect in 1990.

Clarifies that defensive players may not clip within the free-blocking zone.

Batting definition revised to include a ball in player possession batted forward by a player of that team. Penalty is 15 yards.

It is illegal participation if a player is lying on the ground to deceive the opponents at or immediately before the snap or free kick.

It is illegal participation to have 12 or more players participating at the snap or free kick.

It is unsportsmanlike conduct for a nonplayer to use insulting or vulgar language or gestures.

Publications/Communications Director

POINTS OF EMPHASIS

1. Ball adjustment by the snapper.
2. Team box restrictions.
3. Teammates aiding the runner.
4. Illegal helmet contact.

EDITORIAL CHANGES ADOPTED

THE FOLLOWING IS THE SIGNIFICANT ACTION TAKEN BY THE EDITORIAL COMMITTEE: Much rewriting and format changes have been authorized.

1. In 1-3-4 identified that the yardage chain shall join 2 rods that are exactly 10-yards a part. In 5-3-3 changed "outside" to inside to reflect this change. In the diagram changed to drawing of the rods and chain to show the change.
2. Deleted 2nd sentence in 1-4-3 as it is covered in 7-2-lb.
3. In 1-5-3h changed first two words to "removable cleats" as this section pertains only to removable cleats. In 1-5-3h Note reworded the last sentence to "has no cutting edge".
4. Authorized editor to write a casebook play to explain that an illegal blocking technique by a offensive lineman attempting a legal clip within the free-blocking zone is penalized as illegal use of hands and is not clipping.
5. The last sentence in 2-20-2 was deleted and added to 6-2-7 since the expansion is prohibited only as it appears to touching at a kick in the end zone.
6. Added "e" in 2-30-5 to clarify that succeeding spot on kickoffs is the 40-yard line for nonplayer and unsportsmanlike fouls.
7. In 3-3-3 an addition was made to clarify that nonplayers and unsportsmanlike fouls are not considered in the coverage for extending a period with an untimed down.
8. In 7-2-6 the words "Team A" were added before "lineman" to clarify a legal snap involves the Team A Lineman.
9. Added the words "in or behind the neutral zone" to the forward pass summary chart item 1d. This clarifies that to be an illegal pass the touching by the ineligible must occur in or behind the neutral zone.
10. In 9-6-2 added "influence the play" to clarify that a replaced player or substitute could be called for illegal participation by influencing the play.
11. Added "or free kick" to 10-4-4a as a foul which occurs simultaneously when a free kick is penalized from the previous spot.
12. Added a sentence to Fundamental #31 to show that an ineligible could go downfield after the pass is in flight.

.....HELMET WARNING LABELS.....

The 1986 National Federation Baseball/Softball Rules and Football Rules require that each helmet has an exterior warning label, regarding the risk of injury.

The manufacturers and reconditioners have consistently indicated that they would furnish free labels to schools upon request. Most football helmets should already have the warning labels but it is possible a significant number of batting helmets do not.

I would suggest you inform your schools of the requirement and ask them to contact their local dealers and suppliers, or the company that manufactured the product, if they need a supply of labels. You may wish to contact the manufacturers and get a supply sent directly to your association for distribution to your member schools upon request.

The National Federation is presently working to obtain a supply of labels, so we can send them to State Associations that can't find them anywhere else. If we are able to get these labels we anticipate they will reach our office around the first of March.

Continued from Page 2

Following some minor changes made in the State Tournament information sheets there was a discussion of possible format changes in the State Tournament format. Some of the possible changes in the coming years that were discussed: (1) making sufficient changes in the girls' tournament that would make it on a par with the boys' tournament and (2) changing the format of the boys' and girls' tournament that would allow the boys to play their tournament and then have the girls' play the following two days.

Some of the concerns brought up during the miscellaneous business were: (1) the need to change golf from a spring sport to a fall sport (2) objection to not having a required rules clinic for coaches and officials (3) concern for the scheduling of only two days for regional and state tournaments in case of inclement weather and

long travel times (4) discussion of the possibility of requesting a waiver of the six hour academic school day from the State Department of Education so that play could begin earlier in the day during regional play. Bill Frost brought up the fact that in the past there has been some dissatisfaction during the Girls' State Tournament in Elizabethtown because there were not enough carts available to facilitate the media and officials because the course was renting them to spectators. It was decided that the course would be requested to hold 7 carts for the members of the press covering the tournament and for tournament officials to use. The course will be compensated for the use of these carts.

There being no further business, the meeting adjourned.

PROPOSAL 48 - NEW NCAA REGULATION PASSES

Effective immediately, incoming students to an NCAA member institution who wish to immediately participate in intercollegiate athletics at the Division I level must have maintained a 2.0 grade point average in a core curriculum including at least three years English, two years math, two years social science, and two years of physical or natural science; as well as having attained a 700 combined score on the SAT verbal and math sections or a 15 composite score on the ACT; and be a high school graduate.

When the full body of the NCAA Convention passed the rule at its January meeting, it passed the by-law, as amended to phase in the requirements over a two year period. The amendment stated that eligibility may be attained for incoming athletes after August 1, 1986 and prior to August 1, 1987 by one of five possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.2 and above		660		13
2.100-2.199		680		14
2.000-2.099		700		15
1.900-1.999		720		16
1.800-1.899		740		17

For students entering on or after August 1, 1987 and prior to August 1, 1988, the scale allows three possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.1 and above		680		14
2.000-2.999		700		15
1.900-1.999		720		16

The By-Law, which follows By-Law 5-1-(j), on pages 92 & 93 of the NCAA Handbook, also allowed for an exception which states, "An exception may be granted by the NCAA Eligibility Committee for a student who left high school after completion of his junior year or during his senior year to enter a member institution under an early admissions program open to students solely on the basis of outstanding academic performance and promise, and provided that for the last four semesters completed in high school, the student maintained an accumulative grade point average of 3.5 (based on a maximum of 4.0) and ranked in the top 20 percent of the students class, and that the student met all of the requirements of a qualifier except for graduation from high school."

Should you have any questions, or desire an interpretation, contact the Athletic Department of the NCAA member closest to you. In Kentucky-Bellarmine, Centre, Eastern Kentucky, Kentucky (University of), Kentucky State, Kentucky Wesleyan, Louisville, Morehead State, Murray State, Northern Kentucky, and Western Kentucky are member institutions.

NOTICE TO BASEBALL/SOFTBALL OFFICIALS

One big change for this year's playing rules is the requirement that in addition to the batter, all runners, on deck batters, and all players in the coaches box must wear a NOCSAE approved helmet, and the helmet must have the appropriate warning label affixed to the outside in a visible location. No coach should allow helmets to be used that are not NOCSAE approved. This is not optional, this is mandatory. The warning labels may be requested from sporting goods stores in your area, or from the manufacturer from who you purchased your helmets.

N.H.S.A.C.A. TO HOLD SUMMER MEETING FOR 22nd TIME

The National High School Athletic Coaches Association will hold its 22nd annual summer meeting on June 21-27, 1986 at the Sheraton Twim Towers Hotel in Orlando, Florida. Events include seminars in Athletics, Drug Programs, and Sports Medicine for the first four days of the meeting, with the National Athletic Clinic set for June 25-27. Special events include the Booster Clubs Awards Luncheon on June 26, the N.H.S.A.C.A. National Awards Banquet on June 27, the All America Prep Cross-Country Championships on June 23-24, and the All America Prep Golf National Championships on June 24-26. For further information, contact N.H.S.A.C.A., 3423 East Silver Springs Boulevard, Suite 9, Ocala, FL, 32670; or phone (904)622-3660.

REGIONAL PARTICIPANTS TAKE TEAM PICTURES TO REGIONAL MEETING

One of the problems that arises each year with the production of the game program for any K.H.S.A.A. State event, but particularly, the Sweet 16 Tournament is the submission of team pictures. This year, all district winners and runners up are to take their game picture, roster of the team, and a left to right identification of the players in the team picture, to the regional tournament draw meeting. The manager will then forward the pictures to the Association. If the regional tournament is also producing a program, please take two copies of all information to the meeting, one for the regional use, and the other for the use of the K.H.S.A.A. If every school will cooperate, this process should produce much more efficient results.

SCHOOLS REMINDED TO CALL-IN DISTRICT, REGION SCORES

The Kentucky High School Athletic Association depends very much on the media to keep us informed on the scores in district and regional tournaments. Your school can benefit greatly by calling in your scores to one of these media outlets -- the Courier Journal, (800)292-3570, or call collect at (502)582-4361 if the 800 number is busy; the Lexington Herald Leader (606)231-3225 (call collect); Associated Press, (800)292-3560; or United Press International (800)572-7680. These calls take only a very few seconds, but afford your school excellent free publicity. District and regional managers are asked to call in all scores to one of these numbers.

IMPORTANT NOTICE TO ALL KHSAA OFFICIALS

Effective with this year, 1986, officials in baseball, basketball, football, soccer, softball, track, volleyball, and wrestling will be required to re-register between May 1, 1986 and June 30, 1986. New officials will still be permitted to register until the current deadlines. Registration forms will be mailed during April to all currently registered officials. If your address is not correct or you have had trouble receiving mailings, magazines, etc. from this office, you should contact Ms. Pruitt immediately to have her double check your address. Officials not re-registering during the May-June period will be assessed a \$25.00 late charge in addition to the normal fees required. There will be no waivers from this policy or fee.

If you do not receive your re-registration form prior to June 1, you should contact this office immediately. Non-receipt of information will not be an acceptable reason for waiver of the late fee.

The new registration schedule is due in part to a new reciprocal agreement between the states adjacent to Kentucky in an effort to allow the ratings, years service, and other items, to transfer from one state to another.

The procedure to register in multiple states is as follows -- Register with the High School Athletic Association in your state of residence. Pay the normal fee required for registrants in your home state. You then must pay a \$10.00 multiple state registration fee. This fee entitles you to officiate contests in all states participating in the multiple state agreement. You will be required to pay no other additional fees for registration, other than those that may be assessed by a local officials association as dues. Ratings, years of service, and all other pertinent information will be forwarded to all participating states upon receipt of the \$10.00 fee. If you have any questions, please contact K.H.S.A.A. Executive Assistant Billy Wise.

Below is pictured the card that will be issued. The actual card will be a multi-colored card. The states honoring the agreement are Indiana, Kentucky, Michigan, West Virginia and Ohio.

KAPOS NEWS STATE TOURNAMENT INFORMATION

Participating cheerleader and sponsor registration: all cheerleading squads and/or sponsors are asked to stop by the KAPOs table to:

1. Register your squad.
2. Pick up important information and materials for you and your school.

Along with a KAPOs board member, there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you and your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides could not locate the desired person in time for the interview.

Hospitality Room: May we remind all sponsors and cheerleaders that KAPOs hosts a Hospitality Room for participating cheerleaders. We cordially invite you to have refreshments, socialize with friends, exchange ideas, and perhaps get help with your problems.

"Sweet 16" Cheerleading Squads: **Attention Principals!** If your team will be participating in the State Tournament, included in the packet sent to you by the KHSAA will be a letter pertaining to your cheerleading squad. Be sure to look for this and relay all information to your cheerleader sponsor. We request that your cheerleaders be chaperoned by a well qualified, school approved adult. Verification of this, along with your sponsor's name, must be contained in the letter of confirmation which you will receive. This letter must be in the hands of a KAPOs officer prior to the time that your cheerleaders take the floor.

Important! Please be sure that your school is a paid member of KAPOs or pays the fee before their first game in order for your squad to compete for the cheerleading awards in the State Tournament. The winners of these awards will be determined by use of the KAPOs Judging Sheet, a copy of which appears in the KAPOs Handbook.

AWARDING OF TROPHIES

KAPOS is pleased to honor outstanding cheerleading squads with the recognition they so well deserve. All cheerleader awards will be presented between games on Friday night of the State Tournament. The awards are as follows:

The winning cheerleader squad in the Boys' Sweet Sixteen will receive the Ted Sanford Trophy; in the Girls' Sweet Sixteen the Tom Mills Award. The runner-up cheerleading squad will receive a trophy, with the third and fourth place squads being awarded plaques. In addition, the special K-Pep Award will be presented. All tournament cheerleading squads and their sponsors are asked to be located close to the playing floor so they can easily come on the floor should they be called for an award.

GOVERNOR COLLINS DECLARES GOOD SPORTSMANSHIP MONTH

While every month should be Good Sportsman-ship Month, KAPOs has always tried to put special emphasis on being a good sport at tournament time. Being a good sport is part of being a good citizen. We don't believe that good citizens need to be reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games and that each individual can contribute to the success of the tournament if he will abide by the KAPOs Sportsmanship Creed proclaimed by Governor Collins. The Governor's proclamation is on display at the KAPOs table.

STATE-AT-LARGE CHAMPIONS

Recognition is annually given to cheerleading squads other than those sixteen fortunate enough to participate with their teams in the State Tournament. The winner will receive the Jane Meyer trophy, while the runner-up will receive the President's Trophy. Plaques will be given to the third and fourth place squads.

Beginning at the district level, all squads that are KAPOs members are eligible to be judged for the honor of representing their district in the KAPOs Region-At-Large cheerleading competition. The winner and runner-up of each district will progress to the region. In turn the girls' varsity winner and the boys' winner and runner-up from each region is allowed to compete for the title of State-At-Large Cheerleading Champions.

Judging for the Girls' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 29, in the Warren Central High School Gymnasium, 559 Morgantown Road, Bowling Green. Judging for the Boys' State-At-Large winners will take place at 8:30 A.M., on Saturday, March 22, at Memorial Coliseum, Lexington. The public is invited to these outstanding events. The admission charge of \$2.00 will go toward the expenses of KAPOs scholarship award, details of which are supplied below.

At the conclusion of the judging, trophies will be awarded to the top squads, in addition to several special awards.

NOTE TO ALL ADMINISTRATORS

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively.

Again, we need judges and personnel to help at the tournament. This involves at least 12 to 15 people. It is also backbreaking, tiresome work. However, we have many dedicated persons who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOs board is seeking your understanding and cooperation should you be asked to release a teacher from his or her duties to help carry on the work that KAPOs is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

STELLA S. GILB SCHOLARSHIP

KAPOs is happy to annually award the Stella S. Gilb Scholarship to outstanding cheerleaders from Kentucky. In 1985, KAPOs awarded four \$1,000 scholarships to well-deserving cheerleaders. One of your cheerleaders may be a potential scholarship winner, so get your applications in early. Applications must be turned in no later than April 30. Contact a KAPOs board member or officer for application forms, or pick them up at the State Tournament KAPOs Table.

Be A Good Sport

Back Your School

PORTRAITS

by James J. Metcalf

Cheerleaders seem to have such fun
As they jump up and down
To draw the roars that often help
The team achieve renown.
And surely they enjoy it but
It is not childish play
For they must practice their routines
For hours, day by day.
Their task requires patience and
A lot of energy
To get the stands to yell or sing
In perfect harmony.
They go all out to boost morale
That may decide the game
But ask no recognition, and
Acquire little fame.
And so it should be all through life
To bring a brighter dawn
Good cheer that somehow may
Help someone to carry on.

Page 51-5-1.1-1k—In play delete "or is intentionally touched by." Delete entire ruling and replace with "A thrown or batted fair ball which hits any photographer or other media personnel or their equipment will be treated as a rebounding live ball if it remains in playing territory."

Page 52-5-1.1-1p—Change rule reference "5.1.1k" to "5.1.1k."

Page 53-5-2.2-2a—Delete entire play.

Page 54-6-1.1-1c—Between end of ruling and rule reference add "illegal pitch. All runners advance one base and ball called on batter."

Page 54-6-1.2-2b—Change play number to "6.1.12b."

Page 59-7-4-4a—In ruling delete "the half-inning ends or before the time of the next pitch" and replace with "being tagged out or thrown out."

Page 60-6-1-1.1b—In second line of ruling change "should" to "could."

Page 65-8-3.2a—Replace first sentence of ruling with the following: "The umpire shall signal an immediate dead ball when the infraction by F5 occurs, award home to R1 and allow R2 to remain at third."

Page 65-8-3.2b—Delete entire play.

Page 71-8-4.2m—In ruling change "(b)" to "(c)" and "(c)" to "(b)."

SITUATION #1: B1 appears at bat wearing a helmet that does not bear an exterior warning label, and is detected by the umpire.

RULING: The umpire will require the batter to secure a legal helmet. 1-1-5

SITUATION #2: B1 appears at bat wearing a helmet that bears an exterior warning label, but the helmet does not have the NOCSAE stamp. Since the coach verified to the umpire-in-chief during the pre-game coaches/umpires conference that his players were dressed in compliance with the rules, this shall include batting helmets.

RULING: The helmet is legal only if the coach has verification that the helmet was manufactured after July 22, 1982, and that it meets NOCSAE standards. 1-1-5

SITUATION #3: The coach of the defensive team asks the umpire to inspect the batting helmets worn by runners occupying first and second base.

RULING: Umpires are not required to inspect helmets. However, if an umpire detects a helmet without an exterior warning label, that player shall obtain a legal helmet. 1-1-5

SITUATION #4: As B1 steps into the batter's box, the umpire notices that B1's helmet does not bear an exterior warning label.

RULING: The umpire shall order the player to obtain a legal helmet, and then the umpire shall warn the player's coach that the next player to violate the rule shall be ejected. 1-1-5

SITUATION #5: Prior to the game, or during the game, the coach notices that the warning label on one of his team's batting helmets has come off and is not to be found.

RULING: The coach may affix the proper warning label to the helmet's exterior, which would then be in compliance with the rule. 1-1-5

SITUATION #6: The coach goes to a sporting goods store to obtain exterior warning labels for his team's helmets. However, the sporting goods dealer does not have any exterior warning labels available, or does not know what he should do to obtain any.

RULING: If exterior warning labels are not available through local dealers and suppliers, the coach should contact the manufacturer. If he is still unable to obtain a supply of labels, he should contact his state association and let them know of the problem. In an emergency situation, in order for helmets to meet the rule requirements, so that they can be used in a game, a coach may wish to have exterior labels prepared by using the suggested NOCSAE warning statement: **DO NOT USE THIS HELMET IF THE SHELL IS CRACKED OR DEFORMED OR IF INTERIOR PADDING IS DEGRADED. SEVERE HEAD OR NECK INJURY INCLUDING PARALYSIS OR DEATH, MAY OCCUR TO YOU DESPITE USING THIS HELMET. NO HELMET CAN PREVENT**

ALL HEAD INJURIES OR ANY NECK INJURIES A PLAYER MIGHT RECEIVE WHILE PARTICIPATING IN BASEBALL OR SOFTBALL. 1-1-5, NOCSAE Manual

SITUATION #7: The umpire observes F2 wearing a loose-fitting bracelet. Upon closer examination, the umpire discovers that the bracelet describes F2's diabetic condition.

RULING: The umpire will instruct F2 to securely tape the bracelet to the wrist in such a way that it is visible, but so that it does not pose a potential danger to other players. Medical alert bracelets and necklaces are not considered jewelry. 1-1-6 Note

SITUATION #8: While taking her warmup pitches, the umpire notices F1 wearing a medical alert bracelet on her pitching hand. Is F1 allowed to continue wearing the medical alert bracelet on the pitching hand?

RULING: If a medical alert bracelet is to be worn by the pitcher, it shall be worn on the nonpitching hand. 1-1-6 Note

SITUATION #9: Prior to the game, the coach of the visiting team informs the umpire-in-chief that he does not wish to play the game on bases with tapered edges.

RULING: If the bases are two-five inches thick and meet other National Federation rule specifications, the bases are legal, therefore, the game shall be played. 1-3-1

SITUATION #10: With no outs, and R1 on third and R2 on second, B4 hits down the left field line. R2 maliciously runs over F5 as R1 touches home plate.

RULING: The ball is dead immediately. If R2 initiated malicious contact with F5 before R1 touched home plate, then R2 is out and ejected, and R1 would have to return to third base. If R2 initiated malicious contact after R1 had touched home plate, R1's run would count. 2-5-3, 3-3-1-1

SITUATION #11: With one out, and R1 at first base stealing on the pitch, B2 hits a high fly ball to center field. R1 maliciously runs over F4 just before F5 makes the catch.

RULING: R1 is declared out and ejected for malicious contact. B2's out would stand. 2-5-3

SITUATION #12: With the bases loaded, B4 singles. R1 scores, then maliciously runs over F2.

RULING: The ball is dead immediately. R1's run would count and he would be ejected for unsportsmanlike behavior. 2-5-3, 3-1-1-1

SITUATION #13: The double first base, adopted by the state association, is being used in a game. B1 hits a ball to F6. Does B1 run to the orange base or white base?

RULING: On an initial play at first base, the batter runs to the orange base while the fielder uses the white base. 1-3-1

SITUATION #14: B1 hits a line shot over the orange base of a double first base. Is the ball fair or foul?

RULING: The ball is foul. The white base is used to determine fair and foul balls. 1-3-1

COMMENT: A fast pitch pitching technique known as the "drag" is illegal in high school softball, because it offers the pitcher an unfair advantage, which is not the intent of the rules. It is physically impossible to keep the pivot foot in contact with the pitcher's plate when delivering a pitch, and a pitcher should not be penalized. However, the stride foot should be on the ground before the pivot foot is dragged away from the plate. 6-1-4

SITUATION #15: In the third inning, S1 tells the umpire that she is going in for F6. The umpire notices that S1 is wearing an artificial arm. Is S1 permitted to play?

RULING: If the prosthesis is padded and there are no exposed metal or any other hard materials it is legal. The umpire shall decide whether or not a prosthesis is legal. 1-1-10

SITUATION #16: Both balls get put into play in the top of the first inning. Does the pitcher of the visiting team get her choice of balls when she takes the field?

RULING: No. She would have her choice only if both balls did not get put into play. 4-1-4

SITUATION #17: By the end of the second inning, both balls have been used. In the top of the third inning, after two warmup pitches, F1 asks the plate umpire for the other ball.

RULING: F1 may request the other ball before taking her warmup pitches by giving the ball in her possession to the plate umpire. In this case, the request for the other ball would be denied. 4-1-4

SITUATION #18: If a ball is hit out of play, is the pitcher allowed to wait until it is returned?

RULING: No, the umpire will provide F1 with another ball. 4-1-4

SITUATION #19: With R1 on second and R2 on first, B3 hits a ground ball to F6 who is maliciously run over by R1. Does R2 return to first base as a result of the penalty for malicious contact?

RULING: No. Normally, R2 would be returned to first base, the base occupied at the time of the pitch. However, in this case, B3 occupies first base. Therefore, R2 is advanced one base. 6-4-2-m, 3-3-1-1e

KHSAA Schools Urged to Involve Students, Faculty

Special Kodak Liberty Ride Festival Scheduled May 18

Students and adults at KHSAA Schools will have an opportunity this May to participate in a special event that will benefit a program to help students cope with alcohol and drugs.

The Kodak Liberty Ride Festival, to be held in 100 cities on May 18, is a national bicycle ride that will support America's Family Album, a project designed to benefit the renovation of the Statue of Liberty and Ellis Island. In Kentucky, event sites are Lexington and Louisville.

Some of the monies received via the event will fund Target, a program to help students cope with alcohol and drugs that is administered by the National Federation of State High School Associations. The National Federation will use a portion of funds received for Target through the ride to help the Kentucky drug and alcohol education information program.

The Ride Festival will benefit America's Family Album, which supports Kodak's pledge for restoration of the Statue of Liberty and Ellis Island. Participation in the Ride Festival will help the \$230 million goal for renovation of two of America's most important landmarks. The event will afford many students (and others) the valuable opportunity of helping our nation—while having fun.

Coordinating activities for the ride is Bicycle USA, a national cycling association. Scheduled events include bicycle tours, entertainment programs, picnics, and outdoor activities.

The festival will conclude with the "America Rocks" concert to be televised live via satellite from the Louisiana Superdome in New Orleans to festival sites across America.

Those who enter the ride will send in a \$20.00 coupon (supplied through KHSAA) to the Eastman Kodak Company (if pre-registering; sign-ups on the day of the event will be \$22, the price \$25 if one enters in New Orleans). **It is imperative that participants from KHSAA Schools use National Federation coupons (which have the NF logo and are supplied through KHSAA to benefit National Federation and state association projects.** Other coupons will not benefit the National Federation Target program. Each entrant will receive:

LIBERTY-RIDE MAY 18, 1986

- A commemorative T-shirt;
- Free refreshments;
- Admission to the local viewing of a live satellite-transmitted rock concert;
- Admission to "America's Family Album," an electronic picture collection at Liberty Island.

A related project is America's Family Album. This electronically-stored collection of photos, to be located on Liberty Island, is a family album for all Americans. To enter, you need to send a photo and \$10 fee (entrants in the ride are given entry in the Album as part of their fee). The nationwide collection will be at Ellis Island for decades, and visitors will be able to call up their own pictures or those of relatives.

The video disks on which pictures will be stored will allow for decades of high-quality viewing and fast access to photos. Though contributions will

receive a special identification number, photos may be called up by family name, country of origin, and other such cross-indexes. This will allow visitors to view the "family tree." Participants may send in photos of themselves or ancestors, but the \$10 fee should be provided for each photo sent. Photos cannot be returned. The storage system will accommodate virtually any number of pictures.

Thousands of photos have been received, including those of President Ronald Reagan's family and Vice-President George Bush's family. Photos can include individual school portraits; athletic team, cheerleader, and club pictures; classroom photos; and graduation snapshots.

The exhibit for viewing pictures will open on July 4, in concurrence with the unveiling of the refurbished Statue of Liberty.

TENNIS COMMITTEE MINUTES

The Tennis Committee met on Tuesday, February 25, 1986 at the K.H.S.A.A. office in Lexington. Assistant Commissioner Brigid L. DeVries called the meeting to order at 1:30 p.m. Committee members present included Jerry Johns, Joe Kroh, Jeff Frisch, Becky Watson, Wilson Sears and Tom West.

The first item on the Agenda was a discussion of regional tournament sites. Changes in regional sites to date included the Northern Kentucky Region being hosted by Lloyd High School. Other regional sites are being secured at the present time.

The Committee reviewed the Regional Information Sheet and suggested the following changes:

1. That a provision be made for a three-way tie in team scoring.
2. That Regional Managers are sure that the Certificates of Eligibility are in before participants are allowed to play.

A deadline when regional entries are due was set for May 12, 1986. Regional Managers are advised to schedule no tournament play on school time.

The next item on the agenda was a discussion of the seeding committees. Potential committee members were selected and will be notified by mail. The seeding committees will meet in Lexington the Tuesday before the State Tennis Tournament.

The State Tennis Tournament information was reviewed and some minor corrections were made on the information sheet. The same time schedule will be followed for the 1985-86 tournament as last year. The dates of the State Tournament are June 5-7, 1986 at the University of Kentucky.

The Penn heavy duty ball will be purchased for Regional and State Tournament Play. It was recommended that chair officials be secured for the finals in both singles and doubles. U.S.T.A. Rule Books will be supplied for each of the Regional Managers.

There being no further business, the meeting was adjourned.

**TEAM PICTURES NEEDED**

Pictures of participating teams are needed for the State events programs and the "Athlete" magazine.

Plan Ahead - have a formal varsity squad photo taken in all sports at the beginning of the regular season.

1986 Kentucky State Wrestling Association

Welcome to the 1986 Kentucky State Wrestling Association (KSWA) season. KSWA is affiliated with AAU/USA and sanctions youth wrestling for boys ages 5 and over. There are a total of 81 age/weight divisions in which boys may compete. Both Freestyle and Greco, the two Olympic styles of wrestling, will be taught. Freestyle, which is the most similar to high school wrestling, will be featured at all tournaments. The KSWA season will run from March 1, 1986 through June 14, 1986. A total of 11 tournaments will be held across the state, including a state championship tournament in Louisville, where state champions will be crowned in all 81 age/weight divisions. Medals will be awarded to 1st, 2nd and 3rd in each division at all tournaments. Individual memberships are \$8 which entitle a wrestler to compete in all KSWA tournaments. For more information contact your local high school wrestling coach or Linda Garrison at 606/269-0818.

PROPOSAL 48 - NEW NCAA REGULATION PASSES

Effective immediately, incoming students to an NCAA member institution who wish to immediately participate in intercollegiate athletics at the Division I level must have maintained a 2.0 grade point average in a core curriculum including at least three years English, two years math, two years social science, and two years of physical or natural science; as well as having attained a 700 combined score on the SAT verbal and math sections or a 15 composite score on the ACT; and be a high school graduate.

When the full body of the NCAA Convention passed the rule at its January meeting, it passed the by-law, as amended to phase in the requirements over a two year period. The amendment stated that eligibility may be attained for incoming athletes after August 1, 1986 and prior to August 1, 1987 by one of five possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.2 and above		660		13
2.100-2.199		680		14
2.000-2.099		700		15
1.900-1.999		720		16
1.800-1.899		740		17

For students entering on or after August 1, 1987 and prior to August 1, 1988, the scale allows three possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.1 and above		680		14
2.000-2.999		700		15
1.900-1.999		720		16

The By-Law, which follows By-Law 5-1-(j), on pages 92 & 93 of the NCAA Handbook, also allowed for an exception which states, "An exception may be granted by the NCAA Eligibility Committee for a student who left high school after completion of his junior year or during his senior year to enter a member institution under an early admissions program open to students solely on the basis of outstanding academic performance and promise, and provided that for the last four semesters completed in high school, the student maintained an accumulative grade point average of 3.5 (based on a maximum of 4.0) and ranked in the top 20 percent of the students class, and that the student met all of the requirements of a qualifier except for graduation from high school."

Should you have any questions, or desire an interpretation, contact the Athletic Department of the NCAA member closest to you. In Kentucky-Bellarmino, Centre, Eastern Kentucky, Kentucky (University of), Kentucky State, Kentucky Wesleyan, Louisville, Morehead State, Murray State, Northern Kentucky, and Western Kentucky are member institutions.

NOTICE TO BASEBALL/SOFTBALL OFFICIALS

One big change for this year's playing rules is the requirement that in addition to the batter, all runners, on deck batters, and all players in the coaches box must wear a NOCSAE approved helmet, and the helmet must have the appropriate warning label affixed to the outside in a visible location. No coach should allow helmets to be used that are not NOCSAE approved. This is not optional, this is mandatory. The warning labels may be requested from sporting goods stores in your area, or from the manufacturer from who you purchased your helmets.

K.H.S.A.A and U.K. FOOTBALL INJURY STUDY COMPLETED

The Kentucky High School Athletic Association in conjunction with the University of Kentucky Athletic Training Department has completed it's football injury study. The results of these findings will be printed in our April Athlete. The data will show the comparison between game and practice injuries that result in an athlete missing a game or more than three days of practice. We express our thanks to all the schools and coaches whose participation made the study possible.

IMPORTANT NOTICE TO ALL KHSAA OFFICIALS

Effective with this year, 1986, officials in baseball, basketball, football, soccer, softball, track, volleyball, and wrestling will be required to re-register between May 1, 1986 and June 30, 1986. New officials will still be permitted to register until the current deadlines. Registration forms will be mailed during April to all currently registered officials. If your address is not correct or you have had trouble receiving mailings, magazines, etc. from this office, you should contact Ms. Pruitt immediately to have her double check your address. Officials not re-registering during the May-June period will be assessed a \$25.00 late charge in addition to the normal fees required. There will be no waivers from this policy or fee.

If you do not receive your re-registration form prior to June 1, you should contact this office immediately. Non-receipt of information will not be an acceptable reason for waiver of the late fee.

The new registration schedule is due in part to a new reciprocal agreement between the states adjacent to Kentucky in an effort to allow the ratings, years service, and other items, to transfer from one state to another.

The procedure to register in multiple states is as follows -- Register with the High School Athletic Association in your state of residence. Pay the normal fee required for registrants in your home state. You then must pay a \$10.00 multiple state registration fee. This fee entitles you to officiate contests in all states participating in the multiple state agreement. You will be required to pay no other additional fees for registration, other than those that may be assessed by a local officials association as dues. Ratings, years of service, and all other pertinent information will be forwarded to all participating states upon receipt of the \$10.00 fee. If you have any questions, please contact K.H.S.A.A. Executive Assistant Billy Wise.

Below is pictured the card that will be issued. The actual card will be a multi-colored card. The states honoring the agreement are Indiana, Kentucky, Michigan, West Virginia and Ohio.

A MOMENT OF ANGER PUTS CAREER IN JEOPARDY

(Editor's Note: The following editorial is reprinted from the Texas Interscholastic League, The Leaguer. It is based on incidents which have actually occurred. The sequence of events have been altered to protect any particular school or school personnel. The disposition of penalties by the State (Texas) Executive Committee are penalties which have been assessed in recent years).

There was tension in the room. It filled the air. It hung invisible, yet clearly present on the shoulders of a troubled coach. It drew blank stares from taut faces of students and parents. Attentive reporters and television camera crews waited the outcome. While a panel of committee members alternated questions of inquiry, the coach became increasingly more unsettled.

This was a meeting of the executive committee. The purpose? To determine whether a school employee had been guilty of misconduct. No one wanted to be there. Only the most twisted mind could have enjoyed the proceedings. The charges were clear. At the end of a football game, the young coach had stormed across the field to the game referee. As the referee attempted to exit the playing field, the coach placed his hands on the official. The coach testified that he "placed" his hands on the official. The official attested that he was "hit" by a sharp blow with the butt of the hand.

As a crowd of players and fans gathered around and as other officials attempted to talk the coach away from the referee, something happened. No two persons can agree on all details. But the result of what happened changed a number of lives that evening. Either the coach struck the referee or the referee shoved the coach. It makes no difference whose story is right. What is tragic is what happened after.

As officials attempted to separate the

coach, several players got involved. One player struck an official with his helmet. Another player delivered a blow with his fist to the back of the umpire. The umpire went down to his knees as two fans arrived. By this time, a skirmish had begun with the players and fans from both schools exchanging angry curses and blows. A cheerleader received a three-inch gash on her forehead. A parent took a blow to the head from a stadium seat. An assistant coach had his shirt ripped off. When school officials finally cleared the field, it was discovered that an 11-year-old boy had sustained a multiple fracture to his tibia.

"Coach, did you strike the official?" The answer came slowly, haltingly, almost apologetically. "All I wanted to do was get an explanation. I never intended for things to get out of hand. I have never before been involved in anything like this in ten years of coaching."

"Are you aware of your responsibility to accept decisions of officials without protest? Did your principal or superintendent go over conduct rules with you prior to the season? Why were there no security guards present? Did you realize that your players would follow your example — good or bad?"

All these questions were posed. Either the coach or school superintendent attempted to answer as best they could.

What happened to the coach? The players? The school? The football team?

The coach was suspended from coaching for the remainder of that season and the next. He was informed of his right to appeal. He chose not to.

The two players involved in hitting the officials were suspended from any future participation in U.I.L. contests. One player was a senior, the other a junior.

The school was suspended from football for the remainder of that season and placed under probationary conditions for two

additional years.

The parent hit by the stadium seat received an out-of-court settlement from a model citizen who had lost his temper in the melee. The officials never came back to that school and the umpire retired from officiating. After a 22-year career, he decided it wasn't worth it.

This story should not have happened. It was not caused by a troublemaker. It was caused by one of the outstanding teachers in the community. Under stress and considerable pressure to win, he lost his composure. Thousands of times he had met frustration, and thousands of times he faced it stoically. The one time he lost control, he set off a series of events that changed his life. His career is now in jeopardy. It is a sad story, but nevertheless a preventable tragedy.

The problems of maintaining control at athletic events remains a top priority for all school officials. If extracurricular activities are to provide an educational experience, strict security and the best sportsmanship must be the rule rather than the exception. With increased violence in college and professional sports, the task of keeping order in high school activities becomes a never-ending duty. The challenge to provide a safe environment must be met.

As thousands of coaches prepare their teams for games, the public is forever reminded of benefits provided by coaches. This illustration of momentary poor judgment cannot erase the positive contributions made by coaches. It does, however, illustrate how a single incident can erase, or, at best, bluish an otherwise successful career. The responsibility of the team is on the coach. The responsibility of the coach is on the school administration, but more immediately and final — on the coach's own maturity and judgment.

Re: Position on Returning to Rule 1, Article 5 (Baseball Metal Cleats)

The State of California has requested through the National Federation of High School Athletic Associations that the metal cleats be permitted for their baseball programs. Each state has received their information concerning their request and they are seeking to have the rule on the metal cleats reestablished.

However, the Kentucky High School Athletic Association has gone on record supporting the present rule and would not favor any change that would allow the metal cleat to be used. Please be advised of this when your area schools are sent a questionnaire concerning the metal cleat.

THE KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION OPPOSES THE USE OF THE METAL CLEAT!

SITUATION #1: B1 appears at bat wearing a helmet that does not bear an exterior warning label, and is detected by the umpire.
RULING: The umpire will require the batter to secure a legal helmet 1-1-5

SITUATION #2: B1 appears at bat wearing a helmet that bears an exterior warning label, but the helmet does not have the NOCSAE stamp. Since the coach verified to the umpire-in-chief during the pre-game coaches/umpires conference that his players were dressed in compliance with the rules, this shall include batting helmets.

RULING: The helmet is legal only if the coach has verification that the helmet was manufactured after July 22, 1982, and that it meets NOCSAE standards 1-1-5

SITUATION #3: The coach of the defensive team asks the umpire to inspect the batting helmets worn by runners occupying first and second base.

RULING: Umpires are not required to inspect helmets. However, if an umpire detects a helmet without an exterior warning label, that player shall obtain a legal helmet 1-1-5

SITUATION #4: As B1 steps into the batter's box, the umpire notices that B1's helmet does not bear an exterior warning label.
RULING: The umpire shall order the player to obtain a legal helmet, and then the umpire shall warn the player's coach that the next player to violate the rule shall be ejected 1-1-5

SITUATION #5: Prior to the game, or during the game, the coach notices that the warning label on one of his team's batting helmets has come off and is not to be found.

RULING: The coach may affix the proper warning label to the helmet's exterior, which would then be in compliance with the rule 1-1-5

SITUATION #6: The coach goes to a sporting goods store to obtain exterior warning labels for his team's helmets. However, the sporting goods dealer does not have any exterior warning labels available, or does not know what he should do to obtain any.

RULING: If exterior warning labels are not available through local dealers and suppliers, the coach should contact the manufacturer. If he is still unable to obtain a supply of labels, he should contact his state association and let them know of the problem. In an emergency situation, in order for helmets to meet the rule requirements, so that they can be used in a game, a coach may wish to have exterior labels prepared by using the suggested NOCSAE warning statement

DO NOT USE THIS HELMET IF THE SHELL IS CRACKED OR DEFORMED OR IF INTERIOR PADDING IS DETERIORATED.

SEVERE HEAD OR NECK INJURY, INCLUDING PARALYSIS OR DEATH, MAY OCCUR TO YOU DESPITE USING THIS HELMET. NO HELMET CAN PREVENT ALL HEAD INJURIES OR ANY NECK INJURIES. A PLAYER MUST RECEIVE WHILE PARTICIPATING IN BASEBALL OR SOFTBALL. 1-1-5, NOCSAE Manual

SITUATION #7: The umpire notices that a player in the coach's box is not wearing a protective helmet.

RULING: The umpire will require the player to obtain a legal helmet. If the umpire issues a warning to the coach that the next player to violate the rule shall be ejected, then upon the next occurrence, the violator would be ejected 1-1-5

SITUATION #8: R1 is on third and R2 is on second. As B3 attempts to hit, D2 touches the tip of the bat or steps upon the plate to catch the pitch.

RULING: B3 is awarded first base. R1 and R2 remain on third and second base respectively, since neither was stealing or forced to advance. 8-3-1-c

SITUATION #9: The umpire observes F2 wearing a loose-fitting bracelet. Upon closer examination the umpire discovers the bracelet describes F2's diabetic condition.

RULING: The umpire will instruct F2 to securely tape the bracelet to the wrist in such a way that it is visible, but so that it does not pose a potential danger to other players. Medical alert bracelets and necklaces are not considered jewelry 1-1-6 Note

SITUATION #10: As B1 enters the batter's box the umpire notices that B1's ring finger has an excessive amount of tape around it. A closer look reveals the outline of a class ring.

RULING: Illegal. All jewelry is prohibited. Since the coach was to have verified to the umpire-in-chief during the pre-game umpires/coaches conference that all his players are dressed in compliance with the rules, he shall be warned that the next player to violate the rule shall be ejected 1-1-6 Note

SITUATION #11: In the sixth inning, S1 replaces R2 at second base. While S1 runs to second base to get in position, his neck chain bounces up and down around his neck. The umpire tells S1 that neck chains are illegal and that it has to be removed. S1 says that it is a medical alert necklace and that he has to wear it. The umpire then asks S1 if it is taped to the body. S1 says that it is. Having his doubts, the umpire asks S1 to show him, at which time S1 raises his jersey, which reveals that the medical alert necklace has not been taped to the body.

RULING: The umpire shall require S1 to tape the necklace to the body, so that it remains visible. 1-1-6 Note

SITUATION #12: While taking his warmup pitches, the umpire notices F1 wearing a medical alert bracelet on his pitching hand. Is F1 allowed to continue wearing the medical alert bracelet on the pitching hand?

RULING: If a medical alert bracelet is to be worn by the pitcher, it shall be worn on the nonpitching hand. 1-1-6 Note

SITUATION #13: Prior to the game, the coach of the visiting team informs the umpire-in-chief that he does not wish to play the game on bases with tapered edges.

RULING: If the bases are two-five inches thick and meet other National Federation rule specifications, the bases are legal, therefore, the game shall be played. 1-3-1

SITUATION #14: With no outs, and R1 on third and R2 on second, B4 hits down the left field line. R2 maliciously runs over F5 as R1 touches home plate.

RULING: The ball is dead immediately. If R2 initiated malicious contact with F5 before R1 touched home plate, then R2 is out and ejected, and B1 would have to return to third base. If R2 initiated malicious contact after R1 had touched home plate, R1's run would count 2-5-3, 3-3-1-1

SITUATION #15: R1 is on second base, B2 is obstructed and thrown out at first. R1 attempts to advance to third and is tagged out.

RULING: R1 is returned to second and B2 is awarded first base. 8-3-1-c

SITUATION #16: With the bases loaded, B4 singles. R1 scores, then maliciously runs over F2.

RULING: The ball is dead immediately. R1's run would count and he would be ejected for unsportsmanlike behavior. 2-5-3, 3-1-1-1

SITUATION #17: In a close play at second base the umpire calls R1 out. The first base coach rushes up to the umpire, wildly waving his hands above his head and insisting that the umpire was in error.

RULING: The umpire need not warn a coach or player before ejecting him. Blatant, unbecoming behavior is cause for immediate ejection, otherwise the umpire may first issue a warning. 3-3-1-k

SITUATION #18: R1 is on third base, F1 starts his pitching motion, B2 requests "Time," which the umpire does not grant. The batter steps out of the box and the pitcher stops in the middle of his delivery.

RULING: The umpire shall call "Time," and if in his judgment, neither player's actions were deliberate, he shall order play to start anew 6-2-4-d

SITUATION #19: With R1 on third, R2, who was on second, tries to steal third as B3 is obstructed.

RULING: B3 is awarded first base and R2 is returned to second base, since he had no right to steal an occupied base. 8-3-1-c

SITUATION #20: As F1 starts his windup, B1 jumps out of the batter's box for no apparent reason. F1 does not deliver a pitch.

RULING: The umpire shall call "Time," and if in his opinion, the batter deliberately tried to cause the pitcher to balk, he shall eject him. 6-2-4-d, 3-3-1-b

SITUATION #21: With a count of three and two on B1, with two outs, B1 steps out of the batter's box without being granted "Time" and F1 throws a low pitch that bounces in the dirt and goes to the backstop. Does the ball remain alive?

RULING: As soon as the pitch is delivered, the umpire shall call it a strike, in which case the batter is declared out immediately for the third out 6-2-4-d

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the Greenwood Executive Inn, Bowling Green, Kentucky on Thursday, March 27, 1986. The meeting was called to order at 8:30 a.m. by President Pat Crawford with all the Board members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout and Sports Information Director Julian Tackett present. Mr. Lloyd Redman was present representing the State Department of Education. Mr. Redman gave the invocation.

Charles Wilson moved, seconded by Grant Talbott, that the minutes of the January 18, 1986, meeting of the Board be approved. The motion carried unanimously.

Frank Welch moved, seconded by Chester Turner, that all bills of the Association for the period beginning January 1 and ending February 28, 1986, be approved. The motion carried unanimously.

Commissioner Mills announced the results of the recent election for new Board of Control members. Representing Section 3, Charles Miller was unopposed. Mr. Miller serves as Principal of Pleasure Ridge Park High School. In Section 4, Principal Sam Chandler, Shelby County High School received a total of 25 votes while his opponent Rick Schepman, of Carroll High School received 8 votes.

Following a discussion of the proposals to be submitted to the Delegate Assembly, Frank Welch moved, seconded by Charlie Wilson, that the following proposals be submitted to the Delegate Assembly for consideration on April 18, 1986:

PROPOSAL I

Principal Ken Cox of Tates Creek High School proposes that the following changes be made in By-Law 27, Limitation of Seasons:

- Organized** practice in pads shall not begin before August 1.
- The first game shall not take place prior to eleven (11) weekends prior to sub-district play-offs (effective with the 1986 football season).

Primary Reasons for Change Are:

- Assist those schools whose athletics are struggling in terms of financial obligations - commitments.
- Weather is more conducive to an earlier start, thereby enabling more fan support which means more revenue.
- Many schools have already obligated or are in the process of attempting to secure contracts for the weekend of August 22-23.

PROPOSAL II

Superintendent Jack Burkich, Letcher County Schools in conjunction with the Kentucky Valley Education Cooperative, proposes that the following section be added to By-Law 27, Limitation of Seasons under basketball:

Girls: That girls basketball be designated a fall sport with season practice beginning on the third Monday in July, the season opening on the first Monday in September, and the season ending on November 30. The district tournament shall be played during the first week in December, the regionals the second week, and the state tournament played

during the third week in December.

The rationale for the above proposal includes the following:

- Increase fan support for girls' basketball.
- More efficient and effective scheduling of school facilities and buses.
- Fewer problems in scheduling referees.
- Better press coverage for girls' basketball.
- Possibility of using the same coaches for girls' and boys' basketball.
- Better opportunity to develop feeder programs for girls' and boys' basketball.

PROPOSAL III

Principal David S. Points, Montgomery County High School proposes that By-Law 27, Limitation of Seasons (Section (2) under Soccer) be amended as follows: "The first soccer game shall not take place prior to the Monday preceding Labor Day and extend the next nine weekends with the regional tournament to follow the next weekend and the State Soccer Tournament to take place the following week."

The rationale for the above proposal includes the following:

- Limits school night travel to once weekly, whereas presently we are traveling two school nights and one weekend night on certain occasions.
- Will allow injured players and academically ineligible players increased time to heal an injury or bring up a poor grade.
- Will increase gate receipts as our attendance will increase with added weekend matches vs. a decrease in gate receipts with school night matches.
- Will increase practice time by at least one day per week.
- The state soccer tournament will be complete before football playoffs begin.

PROPOSAL IV

Note: The 1985 Delegate Assembly voted to change By-Law 21, Number of Basketball Games to provide that both football and non-football playing schools be limited to 24 regular season games beginning with the 1986-87 school year.

Principal Oliver Hawkins, Oneida Baptist Institute proposes that By-Law 21 as approved by the 1985 Delegate Assembly be changed to read as follows: "A school maintaining a football team shall not play more than twenty-four (24) basketball games during the season, and a school which does not maintain a football team shall not play more than thirty (30) games."

PROPOSAL V

The K.H.S.A.A. Board of Control proposes that the following be deleted from By-law 20, Section 1, Contests Within State: "advertising, concessions or any other source." Should a game or tournament be played in a gymnasium or other location where a catering company or similar organization holds a contract for concessions and/or advertising, this provision as it relates to concessions and/or advertising does not apply.

Rationale: This change will permit schools to solicit finan-

PROPOSAL VI

The K.H.S.A.A. Board of Control proposes that a. & b. of By-Law 5, Section 5 be deleted and that By-Law 3, Scholarship become Section (a) of By-Law 5. This By-Law would then read as follows:

SECTION 5. MINIMUM ACADEMIC REQUIREMENT

- (a) A contestant must have, for the current semester up to and including Monday of the week in which the contest occurs, a passing average in each of at least four full-credit high school studies or their equivalent in units of credit accepted for graduation. Grade school students participating in athletics shall be passing in at least four-fifths of their subjects. No special recitations or tests are to be given for the purpose of making a student eligible. Student managers and any other student having an official connection with the athletic program shall come under this scholarship rule.
- (b) Grade school students must receive passing grades in at least four-fifths of their studies to be eligible and meet the enrollment requirements as specified in Sections (a) and (b).
- (c) To be eligible to begin athletic competition in grades 9-12, a student must be at his/her proper grade level. To be at the proper grade level, a student must have earned four (4) full units of credit accepted toward graduation prior to the beginning of his/her second year (grade 10) to be eligible during the second year; nine (9) units prior to the beginning of his/her third year (grade 11) to be eligible during the third year; and fourteen (14) units prior to the beginning of his/her fourth year (grade 12) to be eligible during the fourth year.

Rationale: Since students are now required to be at their proper grade level, it is no longer necessary or feasible that their eligibility be determined on a semester basis.

PROPOSAL VII

The Board of Control proposes that the following be

added to Article IV Administration and Legislation, Section 2b. "Terms of the minority members on the Board shall be staggered so that the representatives of Regions 1-8 shall be elected in an even numbered year with the representative of Regions 9-16 being elected in an odd numbered year. Each term shall be for a period of four years.

Rationale: This would eliminate a 40% turn over in membership on the Board of Control in a given year as presently is the case.

Mr. Wise gave a brief report on the progress of the Girls' State Basketball Tournament. He stated that he would provide a more detailed report on both the boys' and girls' tournament during the April meeting of the Board. A financial audit of both tournaments will appear in the August issue of the "Athlete".

Principal Don Turner, Danville High School appeared before the Board to discuss the Academic requirements for students under Section 5 of By-Law 5. Following the discussion, President Crawford thanked Mr. Turner for his comments and recommendations.

Ray Story moved, seconded by Frank Welch, that the Board go into executive session for the purpose of discussing employment contracts, salaries and other matters pertaining to personnel. The motion passed unanimously and all staff members left the room.

President Crawford declared the executive session over at approximately 11:30 a.m. and invited the members of the staff to return. At this point, Chester Turner moved, seconded by David Webb that the recommendations of the Executive Committee be approved as submitted. All members voted in favor of the motion.

A copy of the employment contract on each member of the staff is on file in the K.H.S.A.A. Office files.

Mr. Mills presented the letter received from representatives of Boone County High School, proposing a change in the present alignment in the basketball districts in Northern Kentucky. Following lengthy discussion, David Webb moved, seconded by Chester Turner, that the request be referred to the Basketball Committee with the recommendation that they follow the guidelines as established for requested change in basketball district alignments. The motion passed unanimously.

A request was made by Brigid DeVries to conduct a survey of the Track schools to determine whether or not to add the 3200 meter relay to the program of Track events. The Track and Field Committee was unanimous in their recommendation to conduct the survey. The Board of Control approved the request, and the survey will be conducted this spring. If approved, the relay would not be added until the 1986-87 track season.

A recommendation on an increase in Volleyball official's fees will be made during the April Board Meeting.

Louis Stout requested the Board to consider an increase in the game fee for baseball umpires. He recommended that beginning with the 1986 season, baseball officials be paid \$22.50 for a single game, \$37.50 for double headers and a travel allowance of .15 per mile for all mileage over 75 miles. Chester Turner moved, seconded by Tom Buchanan, that the recommendation be approved as submitted. The motion passed unanimously.

Mr. Mills presented the letter received from George Stout, requesting that he be permitted to conduct try-outs for those students interested in participating in the Kentucky-Indiana All-Star game. Ken Tippet moved, seconded by Charlie Wilson, that the request be approved. All members voted aye.

The next regular meeting of the Board is scheduled to be held at the K.H.S.A.A. Office Building, 560 East Cooper Drive, Lexington on Thursday, April 17, 1986, at 2:00 p.m.

There being no further business, Ray Story moved, seconded by David Webb, that the meeting be adjourned. The motion carried unanimously.

BASKETBALL RULES CHANGES ANNOUNCED

Believing that the "bench decorum rule" has had a positive effect in high school basketball, the National Federation Basketball Rules Committee has made two additions but no modifications to rules 10-4 and 10-5 for the 1986-87 season.

Beginning with the 1986-87 season, coaches may rise from the bench to acknowledge a replaced player. This could occur toward the end of a game when the coach rises to shake the hand of a starter who has been withdrawn. In addition, a coach will now be able to confer with personnel at the scorer's table regarding a timing error, scoring error, or alternating possession error. If an error is not prevented or corrected, however, the team will be charged with a time out.

"The committee believes that the positive things that have occurred from the bench rule outweigh the negative factors," said Dick Schindler, of the National Federation. "The committee believed that the focus returned to the play of the game rather than what was happening along the sideline. The committee evaluated all the criticism from coaches who felt they were too restricted and had to change their style of coaching, but believed the benefits like improved crowd and bench behavior outweighed these complaints."

Schindler also noted that of the state association offices that contacted the National Federation regarding the "bench decorum" rule, a large majority were in favor of keeping the rule unchanged. According to K.H.S.A.A. Executive Assistant Billy Wise, a voting member of the eleven person committee, several proposals for different levels of modification to the rule were presented. "None of those, including the request from Kentucky, has been approved at this time", Wise noted.

In other action, the committee increased the penalty for an intentional personal foul to include re-possession of the ball. Beginning with 1986-87, the penalty for an intentional foul will be two free throws and the ball out of bounds nearest the foul. The rule defining change of status was deleted. Previously a time out could not be called after 80 percent of the time limit had expired (four seconds for throw in, eight seconds for backcourt, etc.). This change will allow the team to call timeout any time before a violation occurs.

In addition, the committee deleted the requirement for a designated player to execute the throw in. As has been common practice, the team can determine who should make the throw in.

The committee also made a number of minor editorial changes, which will be detailed and emphasized when the new rule books are issued this fall. Points of emphasis for the coming season include delays for conferences prior to free throws, off-the-ball coverage by officials, and the pre-game dunk.

CONGRATULATIONS TO ROY BOWLING, LAUREL COUNTY

The National High School Athletic Coaches Association has announced that Roy Bowling, Head Girls' Basketball Coach at Laurel County High School has been selected as 1986 Coach of the Year for Region 3. Roy is now one of three nominees for national coach of the year. Evaluative criteria include tenure, championship years, win-loss percentage, service to the profession, the community and to high school athletics. Coach Bowling will be honored at the 21st annual NHSACA Convention in June.

KENTUCKY ATHLETIC DIRECTORS ASSOCIATION NOTES

The 17th annual National Athletic Directors Conference will be held at the Opryland Hotel in Nashville, on December 14-17, 1986. At the 1985 Convention, Manual A.D. Bob Jacobs was officially placed on the NIAAA Board of Directors, a term he will hold for the next three years.

IMPORTANT NOTICE TO ALL KHSAA OFFICIALS

Effective with school year, 1986-87, officials in baseball, basketball, football, soccer, softball, track, volleyball, and wrestling will be required to re-register between May 1, 1986 and June 30, 1986. New officials will still be permitted to register until the current deadlines. Registration forms are being mailed during April to all currently registered officials, and many officials should already have received a copy. If your address is not correct or you have had trouble receiving mailings, magazines, etc. from this office, you should contact Mrs. Pruitt immediately to have her double check your address. Officials not re-registering during the May-June period will be assessed a \$25.00 late charge in addition to the normal fees required. There will be no waivers from this policy or fee.

If you do not receive your re-registration form prior to June 1, you should contact this office immediately. Non-receipt of information will not be an acceptable reason for waiver of the late fee.

The new registration schedule is due in part to a new reciprocal agreement between the states adjacent to Kentucky in an effort to allow the ratings, years service, and other items, to transfer from one state to another.

PROPOSAL 48 - NEW NCAA REGULATION PASSES

Effective immediately, incoming students to an NCAA member institution who wish to immediately participate in intercollegiate athletics at the Division I level must have maintained a 2.0 grade point average in a core curriculum including at least three years English, two years math, two years social science, and two years of physical or natural science; as well as having attained a 700 combined score on the SAT verbal and math sections or a 15 composite score on the ACT; and be a high school graduate.

When the full body of the NCAA Convention passed the rule at its January meeting, it passed the by-law, as amended to phase in the requirements over a two year period. The amendment stated that eligibility may be attained for incoming athletes after August 1, 1986 and prior to August 1, 1987 by one of five possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.2 and above		660		13
2.100-2.199	680		14	
2.000-2.099	700		15	
1.900-1.999	720		16	
1.800-1.899	740		17	

For students entering on or after August 1, 1987 and prior to August 1, 1988, the scale allows three possible combinations --

G.P.A.	and	SAT Verbal & Math	or	ACT Composite
2.1 and above		680		14
2.000-2.999	700		15	
1.900-1.999	720		16	

The By-Law, which follows By-Law 5-1-(j), on pages 92 & 93 of the NCAA Handbook, also allowed for an exception which states, "An exception may be granted by the NCAA Eligibility Committee for a student who left high school after completion of his junior year or during his senior year to enter a member institution under an early admissions program open to students solely on the basis of outstanding academic performance and promise, and provided that for the last four semesters completed in high school, the student maintained an accumulative grade point average of 3.5 (based on a maximum of 4.0) and ranked in the top 20 percent of the students class, and that the student met all of the requirements of a qualifier except for graduation from high school."

Should you have any questions, or desire an interpretation, contact the Athletic Department of the NCAA member closest to you. In Kentucky-Bellarmine, Centre, Eastern Kentucky, Kentucky (University of), Kentucky State, Kentucky Wesleyan, Louisville, Morehead State, Murray State, Northern Kentucky, and Western Kentucky are member institutions.

NEWS RELEASE

THE DUTCHMAN FLIES AGAIN

During the forties, fifties and sixties, a regular monthly article entitled "The Flying Dutchman" appeared in "The Athlete". The winners of the Corn Cob Pipes of Honor, the Abou Ben Adhem Citations and the Game Guy awards were announced in this column, written by Charlie Vettner, who was known as "The Flying Dutchman".

These coveted awards were the creations of "The Dutchman" during the glory years of Ted Sanford and Joe Billy Mansfield. When Charlie wrote his last column in 1969, he passed his Game Guy Program on to the K.H.S.A.A., but his Corn Cob Pipes and the Abou Ben Adhem citation went into retirement with him.

After nearly two decades of inactivity, "The Dutchman" has been persuaded by five Kentuckians to fly again -- Bremer Ehrler, George Hauck, Sam Jones, Skipper Martin, and Jim Smith who formed a "Committee of Five" to breathe new life into the revived Dutchman.

The old Cob Pipes and Abou Ben Adhem citations are now replaced by a handsome puck paper-weight, a colorful lapel pen and a certificate. Just as in bygone years, the Flying Dutchman awards will be made monthly to Kentuckians and others who render unselfish service to a person, community or organization.

The first award will be made in March. The home port of the revived Dutchman is the place for all Kentuckians to mail their recommendations for the new awards:

CHEMICAL HEALTH

First Lady will be honorary chairman National Advisory Committee

Nancy Reagan to help Schools hit 'Target'

First Lady Nancy Reagan has accepted the National Federation's invitation to serve as honorary chairman of the National Advisory Committee for the Target program.

Mrs. Reagan will join the National Federation and its member state associations to help students cope with alcohol and drugs. She has been involved in many programs to increase the public's awareness of the drug and alcohol problem that exists in the United States.

"The use of drugs by young people is one of our country's greatest problems," said Mrs. Reagan. "Drugs are ruining the minds and bodies of our children, and if we don't do something now to change the situation, we are in danger of losing an entire generation."

The National Federation is in its second year of emphasizing drug and alcohol prevention and education to the 20,000 high school students in the United States. The Federation recently

nationwide recognition and support of the Target program." The National Advisory Committee is still in its formative stage at this time.

The Target program has two long-term goals. First, it seeks widespread understanding among students that healthy living is beneficial and that abuse of alcohol and drugs has serious consequences, both now and in the future. Second, Target is creating a skilled group of student leaders whose behavior will influence their peers to lead healthy, socially responsible lives.

The National Federation's Target program promotes and provides training programs that educate and promote the prevention of drug and alcohol abuse among school-aged youth. Target also provides a national organization of high school students committed to promoting healthy behavior among their peers.

According to a recent survey, 83 percent of all junior and senior high school students use alcohol, and 13 percent of those students regularly attend classes under the influence of alcohol. One in three families in the United States is directly affected by alcohol abuse. And, among men and women ages 12 to 24, alcoholism is increasing at a rate of four percent each year. That is at least twice the rate of the increase in abuse among the general population.

"This chemical epidemic among students presents a target for all Americans concerned about the future of our nation," Durbin said. "Hitting the target — and stemming the epidemic — requires widespread education. Even more, hitting the target requires effective prevention programs — programs that help students resist the peer pressure that engenders chemical abuse. If we hit our target, we can take chemical abuse 'out of style' in our society."

Charles Stebbins, chemical health administrator at the National Federation, continues to work with the state associations to help them implement statewide programs. He began the 1986 year with a "how-to" workshop in Kansas City, which was attended by 21 individuals from state offices.

On April 24-25, Stebbins was in West Virginia to help that state launch its chemical health program (see related story on West Virginia program).

"We want to recognize West Virginia for its commitment to dealing with the problem of alcohol and drug abuse," Stebbins said. "We are pleased that West Virginia has taken an interest in developing a prevention and education program. It joins an ever-increasing number of states that are leading out in the effort of educating the nation's youth about the dangers of alcohol and drug abuse."

"I also am excited that Nancy Reagan has agreed to be chairman of our National Advisory Committee. She is committed to solving the problems of drug and alcohol abuse, and so are we at the National Federation through the Target program."

adopted Target as the official name of its program, with the "target" being the youth of America.

"We are truly excited to have Nancy Reagan join us in this worthy cause," said Brice Durbin, executive director of the National Federation. "Visibility of her support will enhance acceptance of our programs at not only the national level but the state level as well."

Durbin said that Mrs. Reagan will be "instrumental as we continue to seek

Newly Elected Board Members

Sam W. Chandler

Charles W. Miller

Charles W. Miller, Principal of Pleasure Ridge Park High School in Louisville and Sam W. Chandler, Principal of Shelby County High School in Shelbyville have been elected to serve four year terms on the K.H.S.A.A. Board of Control. Miller will replace outgoing Board member Ray Story, Principal of North Hardin High School who is completing his second term on the Board, and will represent the Section III, which encompasses basketball regions 5 & 6. Chandler replaces former Ballard High School Principal, Pat Crawford, who is serving as President of the Board of Control for 1985-86, as well as representing Section IV, basketball regions 7 & 8.

Miller has served as Principal of Pleasure Ridge Park since 1978, and was elected to the Board previously in the fall of 1981 to fill the unexpired term of Walter Pickett who had retired. A native and graduate of Tompkinsville High School, Miller received an A.A. degree from Lindsey Wilson College, and received his B.A., M.A., and Rank I Certification from Western Kentucky University, and began his career in education as a teacher and football coach at Pleasure Ridge Park in 1963. In 1969, he took the position of Assistant Principal at Doss High School in Louisville, a position he held until accepting his current assignment at Pleasure Ridge Park.

Miller has been active in the Louisville area and statewide as he has served on the Board of Directors of the Southwest Advisory Committee of Jefferson County since 1980, has served as a member of the Advisory Committee of the Committee on Cultural Diversity for the Kentucky Center for the Arts, and is a member of the Board of Directors of the Kentucky Association of Secondary School Principals since 1983. He and his wife Carmen have two daughters, Caroline, a 20 year old senior-to-be at the Western Kentucky University, and Stephanie, a 12 year old student at Stuart Middle School in Louisville, and a son, Charles, a 16 year old junior at Pleasure Ridge Park.

Sam Chandler joins the Board after 21 years in the education profession including the last ten as principal at Shelby County High School. A native of Shelbyville, Chandler graduated from Shelbyville High School, and received his B.A., M.A., and Rank I Certification from Eastern Kentucky University. His teaching career began at Fairdale High School in 1965 as a Teacher in Business Education, a position he maintained until moving to a similar one at Eastern High School in 1968. In 1970, Chandler moved to Seneca High School as a Business

Education Teacher, before becoming Instructional Coordinator in 1974. Chandler also taught in the summer an adult education program of the Jefferson County Public Schools from 1969 until 1974, and served as a part-time instructor at the University of Louisville from 1973-1976.

His administrative career began in 1975 when he was named Assistant Principal at Shelby County High School, and the following year he was named to his current position as principal at Shelby County.

Also active in his community and throughout the Commonwealth, Chandler has served on the National Association of Secondary School Principals, the Kentucky Association of School Administrators, and the Ohio Valley Association of School Administrators, has been named Shelbyville Citizen of the Year, has been on the Board of Directors of the Commonwealth Academic League since 1984, and is Vice Chairman of the Deacons of the First Baptist Church of Shelbyville.

Chandler and his wife Charlotte, have two children, a daughter Stacy, a 16 year old junior at Shelby County, and a son Matt, a 15 year old freshman at Shelby County.

MINUTES OF THE BOARD MEETING

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Office Building in Lexington, Kentucky, on Thursday, April 17, 1986. The meeting was called to order at 2:00 p.m. by President Pat Crawford. All Board Members, Commissioner Tom Mills, Executive Assistant Billy V. Wise, Assistant Commissioners Brigid L. DeVries and Louis Stout were present. Mr. Lloyd Redman was present representing the State Department of Education. Mr. Crawford called upon Mr. Redman to give the invocation.

President Crawford called on Leslie Miller to present her appeal to the Board on behalf of her son, Terry Nannie, a student at Reidland High School. Terry had been declared ineligible to participate in interscholastic athletics due to the fact that he had participated in football at Heath High School before transferring to Reidland High School. Following Ms. Miller's presentation and questions to her and Terry by members of the Board, Ken Tippett made a motion, seconded by Tony Olinger, that Terry Nannie remain ineligible for the Spring sports season, but may re-apply for eligibility for the Fall sports season if he so desires. The motion carried unanimously.

The second appeal case was presented by Attorney Ed O'Daniel on behalf of Anthony Dale Daugherty, a Senior at Marion County High School. Also present were his parents, Phyllis and James Daugherty. Anthony had been ruled ineligible under the provisions of By-Law 5, Section 5b. Following Mr. O'Daniel's presentation, a statement by Mrs. Daugherty, and a lengthy discussion, Ken Tippett made a motion, seconded by Tom Buchanan, that the Board uphold the ruling of the Commissioner in this case. The motion carried by a vote of eight in favor and one abstention.

Minutes of the Annual Meeting

The 70th Annual Meeting of the Kentucky High School Athletic Association was held at the office of the K.H.S.A.A., Lexington, on Friday morning, April 18, 1986. The invocation was given by Father Harry Jansen.

President Pat Crawford called the meeting to order at 11:00 a.m. Fifty-nine elected delegates or alternates answered the roll call.

Commissioner Tom Mills then presented a report on the activities of the Association during the 1985-86 school year. Tim Barrows moved, seconded by Lefe Walter, that the report be accepted. The motion carried unanimously. (The Commissioner's report is printed elsewhere in this issue of the "Athlete")

Commissioner Mills introduced newly elected members on the Board of Control to the Delegate Assembly as follows: Principal Charlie Miller, Pleasure Ridge Park High School, representing Section 3 and Sam Chandler, Principal of Shelby County High School, representing Section 4.

Commissioner Mills stated that presentation of proposals was the next order of business.

Proposal I

Principal Ken Cox of Bates Creek High School proposes that the following changes be made in By-Law 27, Limitation of Seasons.

- a. **Organized** practice in pads shall not begin before August 1.
- b. The first game shall not take place prior to eleven (11) weekends prior to sub-district play-offs (effective with the 1986 football season)

Primary Reasons for Change Are:

1. Assist those schools whose athletics are struggling in terms of financial obligations - commitments.
2. Weather is more conducive to an earlier start, thereby enabling more fan support which means more revenue.
3. Many schools have already obligated or are in the process of attempting to secure contracts for the weekend of August 22-23.

Don Turner moved, seconded by Marvin Moore that Proposal I be adopted. Bob Haggard moved that item a. under Proposal I be amended to read that organized practice in pads shall not begin until 30 days prior to the opening game of the season. The motion died for lack of a second.

The motion to adopt Proposal I failed by a vote of 18-36.

Proposal II

Superintendent Jack Burkich, Letcher County Schools in conjunction with the Kentucky Valley Education Cooperative, proposes that the following section be added to By-Law 27, Limitation of Seasons under basketball:

Girls: That girls basketball be designated a fall sport with season practice beginning on the third Monday in July, the season opening on the first Monday in September, and the season ending on November 30. The district tournament shall be played during the first week in December, the regionals the second week, and the state tournament played during the third week in December.

The rationale for the above proposal includes the following:

1. Increase fan support for girls' basketball.
2. More efficient and effective scheduling of school facilities and buses.
3. Fewer problems in scheduling referees.
4. Better press coverage for girls' basketball.

5. Possibility of using the same coaches for girls' and boys' basketball.
6. Better opportunity to develop feeder programs for girls' and boys' basketball.

Bob Rogers moved, seconded by Father Harry Jansing that Proposal II be tabled. The motion to table passed by a vote of 44-9.

Proposal III

Principal David S. Points, Montgomery County High School proposes that By-Law 27, Limitation of Seasons (Section (2) under Soccer) be amended as follows: "The first soccer game shall not take place prior to the Monday preceding Labor Day and extend the next nine weekends with the regional tournament to follow the next weekend and the State Soccer Tournament to take place the following week."

The rationale for the above proposal includes the following:

1. Limits school night travel to once weekly, whereas presently we are traveling two school nights and one weekend night on certain occasions
2. Will allow injured players and academically ineligible players increased time to heal an injury or bring up a poor grade.
3. Will increase gate receipts as our attendance will increase with added weekend matches vs. a decrease in gate receipts with school night matches.
4. Will increase practice time by at least one day per week
5. The state soccer tournament will be complete before football playoffs begin

Jim Watkins moved, seconded by Sam Chandler that Proposal III be tabled. The motion to table passed by a vote of 40-12.

Proposal IV

Note: The 1985 Delegate Assembly voted to change By-Law 21, Number of Basketball Games to provide that both football and non-football playing schools be limited to 24 regular season games beginning with the 1986-87 school year.

Principal Oliver Hawkins, Oneida Baptist Institute proposes that By-Law 21 as approved by the 1985 Delegate Assembly be changed to read as follows: "A school maintaining a football team shall not play more than twenty-four (24) basketball games during the season, and a school which does not maintain a football team shall not play more than thirty (30) games."

James M. Davis moved, seconded by Jim Price that Proposal IV be adopted. The motion to adopt failed by a vote of 12-46.

Proposal V

The K.H.S.A.A. Board of Control proposes that the following be deleted from By-Law 20, Section I, Contests Within State: "advertising, concessions or any other source". Should a game or tournament be played in a gymnasium or other location where a catering company or similar organization holds a contract for concessions and/or advertising, this provision as it relates to concessions and/or advertising does not apply.

Rationale: This change will permit schools to solicit financial assistance from corporate sponsors.

Lefe Walter moved, seconded by Jim Swart that Proposal V be adopted. The motion to adopt passed by a vote of 58-0.

(Annual Meeting Continued from Page 3)

(Board Meeting Continued from Page 2)

Proposal VI

The K.H.S.A.A. Board of Control proposes that a. & b. of By-Law 5, Section 5 be deleted and that By-Law 3, Scholarship become Section (a) of By-Law 5. This By-Law would then read as follows:

Section 5: Minimum Academic Requirement

- (a) A contestant must have, for the current semester up to and including Monday of the week in which the contest occurs, a passing average in each of at least four full-credit high school studies or their equivalent in units of credit accepted for graduation. Grade school students participating in athletics shall be passing in at least four-fifths of their subjects. No special recitations or tests are to be given for the purpose of making a student eligible. Student managers and any other student having an official connection with the athletic program shall come under this scholarship rule.
- (b) Grade school students must receive passing grades in at least four-fifths of their studies to be eligible and meet the enrollment requirements as specified in Sections (a) and (b) of Section 1.
- (c) To be eligible to begin athletic competition in grades 9-12, a student must be at his/her proper grade level. To be at the proper grade level, a student must have earned four (4) full units of credit accepted toward graduation prior to the beginning of his/her second year (grade 10) to be eligible during the second year; nine (9) units prior to the beginning of his/her third year (grade 11) to be eligible during the third year; and fourteen (14) units prior to the beginning of his/her fourth year (grade 12) to be eligible during the fourth year.

Rationale: Since students are now required to be at their proper grade level, it is no longer necessary or feasible that their eligibility be determined on a semester basis.

Don Turner moved, seconded by Larry Kelsch that Proposal VI be adopted. The motion to adopt passed by a vote of 56-2.

Proposal VII

The Board of Control proposes that the following be added to Article IV Administration and Legislation, Section 2b. "Terms of the minority members on the Board shall be staggered so that the representatives of Regions 1-8 shall be elected in an even numbered year with the representative of Regions 9-16 being elected in an odd numbered year. Each term shall be for a period of four years.

Rationale: This would eliminate a 40% turn over in membership on the Board of Control in a given year as presently is the case.

Jim Watkins moved, seconded by Bob Rogers, that Proposal VII be adopted. The motion to adopt passed by a vote of 59-0.

Principal Jerry Ainley, Calloway County High School, moved, seconded by Virgil Yates that the reinstatement of spring football practice be brought before the Delegates for consideration. The motion failed by a vote of 22-34.

Eldon Davidson moved, seconded by Tim Barrows, that the 70th meeting of the Delegate Assembly be adjourned. The motion passed unanimously.

- (5) That the price for tickets to the 1987 Boys State Tournament be set at \$5.00 for upper arena tickets and \$7.00 for lower arena tickets.

The motion carried unanimously.

Chester Turner made a motion that the Board accept the following Football Committee's recommendations:

- (1) That South Hopkins High School's request to be placed in Class AA, Region I, District 2, be denied;
- (2) That Caverna High School's request that Trigg County High School be moved from Class A, Region I, District 2 to District 1 in that Region and that they be replaced with Campbellsville High School be denied;
- (3) That Metcalfe County High School's request to be moved from Class A, Region I, District 2 to Class AA, Region II, District 1 be approved.
- (4) That George Rogers Clark High School's request to place two Fayette County schools in Region IV, District 1 be tabled until all parties involved could be contacted.

Ray Story seconded the motion. The motion carried by a vote of 8 in favor and 1 opposed.

David Webb made a motion, seconded by Charlie Wilson that Outgoing President Pat Crawford and Outgoing Vice President Chester Turner be named Delegate and Alternate respectively to the forthcoming Annual Meeting of the National Federation to be held in Las Vegas, Nevada beginning June 29, 1985.

Commissioner Mills requested the Board's approval to pay Doug Ruedlinger, Inc. for the insurance premiums due for the 1986-87 school year. Ray Story moved to approve Mr. Mills request and Grant Talbott seconded the motion, which carried unanimously.

The next meeting of the Board of Control is scheduled to be held at Lake Barkley on Friday, July 25th.

Assistant Commissioner DeVries recommended the following raise in volleyball officials' fees effective for the 1986-87 school year:

- \$18.00/regular match;
- \$22.00/regional tournament match;
- \$26.00/state tournament match.

Tony Olinger made a motion to accept the above recommendation, and Chester Turner seconded the motion. The motion passed unanimously.

There being no further business, the meeting was adjourned.

Game Gal Award

Donna Medley

The Game Gal Trophy is awarded to a high school athlete in the State of Kentucky who has overcome a physical handicap and participated in high school athletics. Donna was the unanimous choice of the K.H.S.A.A. Game Gal Award Committee for the 1986 trophy.

Donna is a junior at Southern High School in Louisville, where she plays volleyball and softball and carries a 3.9 grade point average. She is also active in other school clubs and organizations. Donna has overcome a major handicap. She was born with only one arm. Her left arm did not develop below the elbow. This has not hindered Donna in her participation in athletics. She is very deserving of this recognition.

1985-86 ANNUAL REPORT (Presented to Delegate Assembly)

Two hundred ninety-four schools joined the Association for the 1985-86 school year. Ten of these schools enroll girls only and eight have only boys. In 1984-85 there were 298 schools, in 1983-84 there were 298.

There were 196 schools involved in Football. Classes A, AA, AAA and AAAA championship games were played at the Fairgrounds, Louisville. Attendance was approximately 13,748 and gross receipts were \$49,282.50. Expenses involved in conducting the state football playoffs were \$32,538.75.

In Cross Country 177 boys' teams entered twenty-four regional meets. One hundred fifty girls' teams entered all three classes in twenty-three regionals. The expenses incurred in sponsoring this sport were \$9,974.56 and the receipts were \$3,053. Classes A, AA and AAA were held in Lexington at the Kentucky Horse Park.

There were fifty-four schools competing in Wrestling, in eight districts and four regions with the winner and runner-up in each weight class advancing to the finals. The championship tournament was held at Atherton High School. Expenditures incurred were \$6,730.26. The receipts were \$5,580.00.

In Swimming sixty-six girls' teams and sixty-eight boys' teams competed for the championships. The meets were held at Crescent Hill Pool in Louisville on February 21-22, 1986. The receipts were \$3,108.50 and the expenses were \$7,129.14.

The approximate gross receipts from the boys' and girls' district Basketball tournaments were \$545,466.16 while the regional tournaments took in \$465,363.00 for a total of \$1,010,829.16. Attendance at the Boys' State Tournament was approximately 123,045 as compared to 122,749 for last year. The gross receipts this year for the tournament are estimated at \$609,863.85 with expenditures of approximately \$219,996.38.

Attendance at the Girls' State Basketball Tournament was 26,957. The gross receipts were \$104,140.70 with expenditures of approximately \$81,479.34. A complete report will appear in the audit.

There were eighty schools competing in Soccer. The State Tournament was held in Louisville from October 28-November 7, 1985. The receipts were \$8,761.22 and expenses incurred were \$5,104.18.

The number of schools competing in Volleyball was sixty-two. The K.H.S.A.A. sanctioned tournament was held at the University of Kentucky on November 1-2, 1985. Expenses incurred were \$3,838.09 with receipts of \$2,598.30.

In the other sports that are to follow, 266 Baseball teams will compete in sixty-three districts and sixteen regions; 185 Softball teams will compete in nine regions; 241 girls' and 245 boys' Track teams will compete in twelve regions each; 153 girls' and 202 boys' Golf teams will play in 19 regions; 196 girls' and 198 boys' Tennis teams will play in twelve regions. State championship meets will be held in Baseball at Elizabethtown; Softball in Louisville; Track at the University of Kentucky; girls' Golf at Elizabethtown Country Club, Elizabethtown; boys' Golf at Doe Valley Golf Course, Brandenburg; Tennis at the University of Kentucky.

A total of 2720 officials registered with the Officials' Division of the Association as of April 8, 1986, and the number of approved and certified officials in each sport are as follows:

	Registered	Approved	Certified	Total
Baseball	252	146	108	506
Basketball	707	344	487	1538
Football	179	194	390	763
Soccer	94	67	23	184
Softball	200	54	0	254
Track & Field	7	3	0	10
Volleyball	48	12	3	63
Wrestling	19	10	7	36

The Assigning Secretaries conducted twelve clinics in Football and sixteen in Basketball for officials and coaches. Assistant Commissioner Brigid L. DeVries conducted three track clinics and three volleyball clinics for officials and coaches.

The Board of Control, the Assistant Commissioners and I are grateful for the cooperation the superintendents, principals, athletic directors and coaches have given us in running the program for the Association.

J.B. MANSFIELD AWARD

Lisa Doyle, Marion Co.

The J.B. Mansfield Award for 1986 was won by Lisa Doyle of Mason County. Miss Doyle was a participant in many school activities and clubs, was active in the community, maintained a tremendous academic achievement record, and helped pace the Mason County Lady Royals to consecutive trips to the Girls' Sweet Sixteen Tournament.

The J.B. Mansfield Award is given annually by the Louisville Courier-Journal and Times in memory of Mr. Joe Billy Mansfield, long-time Kentucky High School Athletic Association employee who served as an Assistant Commissioner from 1949 to 1972, and as Commissioner from 1972 until his ill health forced him to leave the Association in December of 1975. A committee of school personnel from throughout the state selects the winner from the participant in the Girls' State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

MOST VALUABLE PLAYER AWARD

Nancy Crutcher, Oldham Co.

Junior Nancy Crutcher of Oldham County was named the Most Valuable Player of the Girls Sweet Sixteen Tournament for 1986. Crutcher's strong inside play and soft medium range shooting touch was instrumental in leading Dave Weedman's Oldham County Lady Colonels' to the championship in the state tournament. For the four game tournament, Crutcher tallied 64 points and pulled down 18 rebounds.

Winners of the award have been --

Girls' Tournament

- 1981 - Lori Hines, Pulaski County
- 1982 - Maria Poschinger, Mercy Academy
- 1983 - Clemette Haskins, Warren Central
- 1984 - Carol Parker, Marshall County
- 1985 - Annette Jones, Atherton
- 1986 - Nancy Crutcher, Oldham County

Boys' Tournament

- 1981 - Troy McKinley, Simon Kenton
- 1982 - Todd May, Virgie
- 1983 - Steve Miller, Henry Clay
- 1984 - Fred Tisdale, Logan County
- 1985 - Wendell Quarles, Hopkinsville
- 1986 - Reggie Hanson, Pulaski County

K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD

Scholarship Winners have been --

Boys' Tournament

- 1985 - George Harrison "Chip" Nixon, Metcalfe County
- 1986 - Jeff Baldwin, Paintsville
- 1986 - John Calvert, Hopkinsville
- 1986 - Justin Hancock, Paducah Tilghman

Girls' Tournament

- 1985 - Tammy Golden, Whitley County
- 1986 - Jana Newman, Wayne County

Jana Newman, Wayne Co.

IMPORTANT NOTICE TO K.H.S.A.A. PRINCIPALS

Within the next few weeks, the K.H.S.A.A. will be mailing supplies to the member schools. PLEASE IMMEDIATELY DISPOSE OF ALL OLD TRANSFER FORMS, GAME CONTRACTS, ELIGIBILITY BOOKLETS, and PARTICIPATION LISTS which you will not use during the remainder of this school year. These forms and publications have changed considerably in the past few years, and it is important and will expedite the processing of any inquiry if you will use the current form. Please advise the K.H.S.A.A. if you run out of any form, and we will be happy to provide you with additional copies.

PADDING REQUIREMENTS CHANGED FOR BASKETBALL BACKBOARDS

Padding on rectangular backboards must meet new specifications as a result of action at the National Federation Rules Committee Meeting. Both the bottom front and the bottom back edge of a rectangular board must be padded up a distance of $\frac{3}{4}$ of an inch with a minimum of 1 inch thickness. The bottom and side padding must continue to meet the current 2 inch thickness requirement. Schools should examine the padding on their backboards to be sure the proper thickness is being used. Inexpensive padding kits are to be made available in the next few weeks through sporting goods dealers to assist in conforming to this rule. One other note, the newly approved shorter backboard is optional, NOT required as some salesmen seem to be telling member schools.

ADDITIONAL PADDING REQUIRED FOR POLE VAULT LANDING PADS

Track schools which sponsor the pole vault will be interested to note that beginning in 1987, all pole vault landing pads will require front pads, extending from the main landing pad and surrounding the pole vault planting box. Rule 7-4-5 of the Track and Field Rules states that the front pad must: 1) Be a minimum of four feet deep, extending from the main landing pad towards the front edge of the planting box; 2) Have a maximum cut-out for the planting box of 36 inches, measured across the bottom of the cut-out; 3) Have the back of the cut-out placed no farther than 14 inches from the vertical plane of the top of the stopboard (end of planting box); 4) Be attached to the main landing pad or encased in a common cover with the main landing pad. Diagrams of the change are available from the Association office, and will probably be printed in next year's track rules manuals.

RULE INTERPRETATION - FOOTBALL PRACTICE WITHOUT PADS

Practice without pads, as referred to in the Limitation of Seasons - Football, is defined as: Players who wear shoes, socks, shirts, and shorts. No player may wear any pads required by Rule 1, Section 5, Article 1 except shoes. Any team violating this provision will 1) be placed on indefinite probation, 2) may not scrimmage for two seasons, and 3) may be prohibited from taking part in the play-off system.

****NOTE****** If your school has a date listed, and the date has now been
filled, please advise the K.H.S.A.A. office.

IMPORTANT NOTICE TO ALL KHSAA OFFICIALS

Effective immediately officials re-registering with the K.H.S.A.A. will be required to re-register between May 1, 1986 and June 30, 1986. First time officials will still be permitted to register until the old deadlines. Registration forms were mailed during April to all currently registered officials. Many officials have already re-registered, and should receive confirmation and begin receiving materials on or about July 1. Officials not re-registering during the May-June period will be assessed a \$25.00 late charge in addition to the normal fees required. There will be no waivers from this policy or fee. If you did not receive the information, please contact the K.H.S.A.A. immediately. However, Non-receipt of information will not be an acceptable reason for waiver of the late fee.

ACCOLADES TO KENTUCKY COACHES FROM N.H.S.A.C.A., CONVERSE

Several representatives of K.H.S.A.A. member schools have been selected as nominees for National Coach of the Year in their particular sport by the National High School Athletic Coaches Association. They are -- Football Coach Garnis Martin, Bardstown; Cross Country Coach Gordon Bocock, Pulaski County; Girls Basketball Coach Roy Bowling, Laurel County; Boys Track Coach Lyman Brown, Paducah Tilghman; Girls Track Coach Reba Woodall, Bryan Station; and Baseball Coach Don Richardson, Madison Central. In addition, Kentucky Country Day Gymnastics Coach Debbie Howell was nominated. The awards program is sponsored by Converse and the N.H.S.A.C.A.

BLUE STATEMENT UPDATES, 1986-87 DUES BILLS MAILED

On May 6, bills and annual statement updates were mailed to each member school along with information about the State Department required Sports Medicine Symposiums to be conducted this summer. The bills are due to be paid between July 1 and September 1, in accordance with Article VII of the K.H.S.A.A. Constitution. The update listing takes the place of the old blue statement form. Rather than annually submitting the same information about your school, we ask that you update the information which we have on file, and immediately send the update back to the office. It should mean less headaches for all involved.

The Sports Medicine Symposiums, required by the State Department of Education, will be held at the following locations --

June 13-14, 1986 - University of Louisville

June 20-21, 1986 - Trover Clinic, Madisonville

June 27-28, 1986 - Hyatt Regency, Lexington

July 25-26, 1986 - Northern Kentucky University

For further information, contact Dr. Quin Bailey in Danville, (606) 236-2627, or Billy Wise at the K.H.S.A.A. office.

UNITED STATES VOLLEYBALL ASSOCIATION TO HOLD CONFERENCES

The United States Volleyball Association will hold five U.S.A. Youth and U.S. Junior Olympic Volleyball Leadership Training Conferences at sites throughout the country. Scheduled on the agenda are such items as teaching introductory skills, organizing a practice, sports law and regulations, sports psychology and much more. For further information, contact L.T.C., U.S.V.B.A., ATTN: Julie King, P.O. Box 308, Pueblo Springs, CO. 80901.

ACCOLADES TO KENTUCKY ATHLETES FROM N.H.S.A.C.A.

Sacred Heart Girls basketball player Susan Yates has been named Academic All American, having maintained a 4.00 grade point average, and served on the Student Council in addition to averaging 22 points, 7 rebounds, 6 steals, and 4 assists per game. She has signed to attend college at Centre College in Danville. In addition to this academic recognition, Miss Yates was named 1986 Converse High School Player of the Year by Converse and the N.H.S.A.C.A.

Kentucky's other academic All American is University of Louisville signee Felton Spencer. The Eastern High School senior maintained a 3.5 grade point average in addition to helping lead his team to consecutive state tournament berths.

On the athletic side, Apollo High's Rex Chapman was named to the Converse Top Ten All American squad, while Spencer was named to the Top Seventy Five. Honorable mention recognition went to Pulaski County's Reggie Hanson, Fort Thomas Highlands' Scott Draud, and Scott County's Frank Persley. Sacred Heart's and Owensboro Catholics' Kris Miller were named to the Girls' Top Seventy Five. Honorable Mention accolades went to Madisonville's Tonya Wells, Meade County's Dina Disney, and Atherton's Michelle Clark.

TED SANFORD AWARD**Terry North, Hazard**

For 1985, the selection committee chose Terry North of Hazard High School as the recipient of the Ted Sanford Award. Terry excelled in the classroom and among his peers in various activities in addition to helping lead the Bulldogs to the semi-finals of the 1986 Sweet Sixteen Tournament.

The Ted Sanford Award is given annually by the Louisville Courier-Journal and Times in memory of Mr. Ted Sanford, the first Commissioner of the Kentucky High School Athletic Association who served as Secretary-Treasurer of the K.H.S.A.A. for ten years before becoming Commissioner, a position he held from 1947 until his retirement in 1972. A committee of school personnel from throughout the state selects the winner from the participant in the Boys State Tournament who excels in four areas: basketball ability, sportsmanship, academic accomplishments, and citizenship.

MOST VALUABLE PLAYER AWARD**Reggie Hanson, Pulaski Co.**

Inaugurated in 1981, the Lexington Herald-Leader annually presents the Most Valuable Player Awards to the participant in the tournament who is voted most valuable by a panel of media representatives and the participating coaches in the tournaments. Unofficial Most Valuable Player recognition had been given by various sources prior to 1981.

The Most Valuable Player for the 1986 Boys' Sweet Sixteen Tournament was Pulaski County's Reggie Hanson. Hanson's scoring, rebounding and inside defensive intimidation helped Dave Fraley's club to the State Championship. Hanson totaled 92 points while pulling down 39 rebounds in his four games. Hanson signed a letter of intent during the fall basketball recruiting period to attend the University of Kentucky, and has been named as a member of the Kentucky Indiana All Star Team. Hanson's picture was requested but was not submitted prior to the press date.

K.H.S.A.A. SWEET SIXTEEN ACADEMIC SCHOLARSHIP AWARD**Jeff Baldwin, Paintsville****John Calvert, Hopkinsville****Justin Hancock, Paducah Tilghman**

Instituted in 1985, the Kentucky High School Athletic Association Sweet Sixteen Academic Scholarship Awards are designed to honor one or more participant(s) in the Boys' and Girls' State Tournaments who have excelled in the classroom and on the basketball floor. The awards are in the form of financial assistance to be used at the Kentucky college or university of the recipient's choice to help offset educational expenses. Various sources have funded the scholarships including the K.H.S.A.A., the Superintendent of Public Instruction, and the City of Lexington. For 1986, Mayor Scotty Baesler and the City of Lexington provided \$6,000 to be used for the awards in conjunction with the Sweet Sixteen Academic Showcase.

For the 1986 Tournaments, four winners were selected. Jeff Baldwin of Paintsville, John Calvert of Hopkinsville, and Justin Hancock of Paducah Tilghman all excelled in the classroom as well as helping lead their teams to berths in the Boys Sweet Sixteen Tournament. Jana Newman of Wayne County was named the winner of the scholarship awarded at the 1986 Girls State Tournament, and her academic and athletic prowess served as an example to many of her Cardinal teammates. Photograph of Calvert was requested, but was not submitted by press time.

NEWS RELEASE

HOT WEATHER HINTS

Frederick O. Mueller, Ph.D.
University of North Carolina at Chapel Hill

Early fall football, cross country, soccer and field hockey practice are conducted in very hot and humid weather in many parts of the United States. Due to the equipment and uniform needed in football most of the heat problems have been associated with football. Since 1955 there have been 78 heat stroke deaths related to football. There has been a reduction during the past ten years and in 1985 there were no football deaths related to heat stroke.

During very hot and humid weather the athlete is subject to:

* **Heat Cramps** - Painful cramps and spasms of active muscles - most common of the calf muscle - caused by intense, prolonged exercise in the heat and depletions of water and salt due to sweating.

* **Heat Fatigue** - Feeling of weakness and tiredness caused by depletions of water and salt due to sweating and exercise in the heat.

* **Heat Exhaustion** - Caused by inadequate replacement of either body fluid or salt due to prolonged sweating. Heat exhaustion from water depletion is related to inadequate fluid intake over several days. Symptoms are incoordination, restlessness, dehydration and prickling or burning sensation. Heat exhaustion from salt depletion occurs in the unacclimatized athlete working in severe heat. Symptoms include weakness, headache, vomiting, nausea, loss of appetite, dizziness and possible diarrhea or fainting.

* **Heat Stroke** - An acute medical emergency caused by overheating from a breakdown of the thermoregulatory mechanism. Associated with high rectal temperature, lack of sweating, disorientation, seizures and possible unconsciousness or coma. It may also occur suddenly without being preceded by any of the other clinical signs. The individual is usually unconscious with a hot, dry skin and a rising rectal temperature.

It is felt that the above heat stress problems can be controlled provided certain precautions are taken. The following practices and precautions are recommended:

1. Each athlete should have a physical examination with a medical history when first entering a program and an annual health history update. History of previous heat illness and type of training activities before organized practice begins should be included. State high school association recommendations should be followed.
2. It is clear that top physical performance can only be achieved by an athlete who is in top physical condition. Lack of physical fitness impairs the performance of an athlete who participates in high temperatures. Coaches should know the **Physical Condition** of their athletes and set practice schedules accordingly.
3. Along with physical conditioning the factor of acclimatization to heat is important. Acclimatization is the process of becoming adjusted to heat and since most heat stress problems occur during the first few days of training it is essential for **Gradual Acclimation To Hot Weather Activities**. It is necessary for an athlete to exercise in the heat and to replace water and salt if he/she is to become acclimatized to hot weather. Partial acclimatization can take place in 7-10 days. Final stages of acclimatization to heat are marked by increased sweating and reduced salt concentration in the sweat. Younger athletes take longer periods of time for acclimatization.
4. The old idea that water should be withheld from athletes during workouts has **No Scientific Foundation**. The most important safeguard to the health of the athlete is the replacement of water. Water must be on the field and readily available to the athlete at all times. It is recommended that a minimum 10-minute water break be scheduled for every half hour of heavy exercise in the heat. Athletes should rest in a shaded area during the break. **Water Should Be Available In Unlimited Quantities**. Check and be sure athletes are drinking the water. Iced water is preferable. During work in the heat water must be replaced every hour.
5. Salt should be replaced daily. Extra salting of the athlete's food will accomplish this purpose. Salt tablets and glucose - electrolyte solutions are not recommended. **Attention Must Be Directed To Replacing Water**.
6. Know both the **Temperature and Humidity**. The greater the humidity the more difficult it is for the body to cool itself. Use of a sling psychrometer is recommended to measure the relative humidity. The following precautions are recommended when using wet-bulb temperature:
 - 66 F - Safe but be sure to observe athletes most susceptible to heat.
 - 67 - 72 F - Caution - Unlimited water on field and iced water is preferable.
 - 73 - 77 F - Alter practice routine for lighter activity
7. Cooling by evaporation is proportional to the area of skin exposed. In extremely hot and humid weather reduce the amount of clothing covering the body as much as possible. **Never Use Rubberized Clothing**.
8. Athletes should weigh each day before and after practice and **Weight Charts Checked**. Generally a 3-percent weight loss through sweating is safe and over a 3-percent weight loss is in the danger zone. Over a 3-percent weight loss the athlete should not be allowed to practice in hot and humid conditions. Observe them closely under all conditions.
9. Watch athletes carefully for signs of trouble, particularly athletes who lose much weight, overweight athletes, and the eager athlete who constantly competes at his capacity. Some trouble signs are nausea, incoherence, fatigue, weakness, vomiting, cramps, weak rapid pulse, visual disturbances and unsteadiness.
10. Teams that encounter hot weather during the season, through travel or following an unseasonably cool period, should be physically fit but will not be environmentally fit. Coaches in this situation should follow the above recommendations and substitute more frequently during games.
11. Know what to do in case of such an emergency. Be familiar with immediate first aid practice and pre-arranged procedures for obtaining medical care, including ambulance service.

(Hot Weather Hints Continued from Page 8)

*** Heat Stroke: This Is A Medical Emergency - Delay Could Be Fatal.** Remove clothing and immediately cool body (spray with cool water - keep body moist). Keep body fanned. Get to a hospital as soon as possible.

*** Heat Exhaustion: Obtain Medical Care At Once.** Remove athlete to cool environment, replace fluids and keep cool during transfer to hospital.

Summary: The main problems associated with exercising in hot weather are inadequate water replacement and acclimatization. Water should be available at all times and athletes allowed to drink as much as they like. Heat stress trauma can be prevented and is the responsibility of every coach and trainer.

SUGGESTION FOR REDUCING HEAD AND NECK INJURIES TO FOOTBALL PLAYERS

Frederick O. Mueller, Ph.D.

University of North Carolina at Chapel Hill

1. A complete pre-participation physical exam which includes an evaluation of those athletes with a previous history of concussion or neck injury.
2. A complete physical conditioning program that includes exercises to strengthen the neck musculature so that participants will be able to hold their heads firmly erect when making contact. These exercises should be performed all year.
3. Coaches should drill the athletes in the proper execution of the fundamentals of football skills, particularly blocking and tackling. The proper execution of these drills should be taught, practiced and enforced in both practice and games.
4. Coaches and officials should discourage the players from using their heads as battering rams when blocking and tackling. The rules prohibiting spearing should be enforced in practice and in games. The players should be taught to respect the helmet as a protective device and that the helmet should not be used as a weapon.
5. All coaches, physicians, and trainers should take special care to see that the players' equipment is properly fitted, particularly the helmet.
6. When a player has experienced or shown signs of head trauma (loss of consciousness, visual disturbances, headache, inability to walk correctly, obvious disorientation, memory loss) he should receive immediate medical attention and should not be allowed to return to practice or game without permission from the proper medical authorities. Previous head injury has been a factor in fatal head injuries.
7. Total staff should be organized in that each person will know what to do in case of a head or neck injury in game or practice. Have a plan ready and have your staff prepared to implement that plan.

Signs and Symptoms of Head Injury

Loss of consciousness	Increased drowsiness
Visual disturbances	Vomiting
Headache	Inequality of pupils
Inability to walk correctly	Memory loss
	Obvious disorientation

1986 MEETING FOOTBALL ASSIGNING SECRETARIES

The annual meeting of the Football Assigning

Secretaries of the Kentucky High School Athletic Association was held at the office of the K.H.S.A.A. at 10:00 a.m., Monday, May 5, 1986. The meeting was called to order by Billy V. Wise, Executive Assistant. Attending the meeting were: Joe Russell, Western Kentucky; Harold Mischel, Big Eight; Jack Goodman, Mid Kentucky; Don Metzger, Kentuckiana; Stan Steidel, Northern Kentucky; Barry Gorham (representing Shirley Watts), Central Kentucky; Ray Canady, 13th Region; Don Stacy, 14th Region; Layne Tackett, 15th Region; DeLane Simpson, representative of Western Kentucky Conference and Julian Tackett, Sports Information Director, K.H.S.A.A.

The meeting opened with a discussion concerning assignment of officials to regular season games and pre-season bowl games. The secretaries reported that no serious problems existed in their area. One of the fervent hopes of the K.H.S.A.A. would be improved training of officials, both old and young, as well as the recruitment of new officials. The area of training has been almost sacrificed in the last years due to the emphasis and time involved in the rating system. Bill Wise explained the method of reciprocity and the reason it was established. It is hoped that this system will encourage officials from surrounding states to participate in the officiating program in Kentucky.

Each assigning secretary gave his/her opinion about officials working play-off games in their own conference. It was agreed that the present method of going out-of-conference was the best method and will continue thru the 1986 football season.

The ranking procedure for officials was discussed. Each secretary was asked about the method of evaluating the officials in their area. Each reported that they either observed all officials, or in the case where the area was too large or there were too many officials, they had help in seeing each of the officials during the season. It was requested that each assigning secretary or the person doing the evaluation keep all notes and evaluation sheets on file for future reference. During this discussion several types of evaluation sheets were presented to the group for consideration to make the official's evaluation more uniform. A new evaluation sheet was decided on which would take the place of the evaluation card and sheet that have been used in the past. The final evaluation sheet that is mailed to this office will remain as is, except that the points have been changed to read: Assigning Secretary's Rating, possible points-45; Coach's Rating, possible points-30; KHSAA Clinic Attendance (not a make-up clinic), possible points-10; National Federation Part II Examination, possible points-15 (depending on individual's grade). The total possible points will be the same, but distributed differently.

Joe Russell, Jack Goodman and Don Metzger were asked to continue serving on a committee to study the implementation of a new method for assigning state play-off final games. This committee is to report back at the next meeting and make their recommendations to all of the Assigning Secretaries. It was agreed that the assignments of state play-off officials in 1987 be assigned the same as they were in 1986. It was requested that each assigning secretary give this committee the number of certified and approved officials in their area.

Bill Wise reemphasized the importance of having a current list of each Local Policy Board members filed in the KHSAA office each year. It was also suggested that each local association consider incorporating.

Following a lengthy discussion pertaining to the need to document evaluation of officials, the attached form was adopted unanimously to aid in evaluation. It was agreed that these forms should be kept on file by the Assigning Secretary and shared with the official.

After a period of questions and comments, Jack Goodman made a motion that the meeting adjourn. Joe Russell seconded the motion.
